Superstitions Max Cryer,2016-05-01 Some people casually say touch wood when they speak of something they hope will happen Others won t allow peacock feathers into the house And almost anyone who finds a four leafed clover will treasure it and keep it Why Some superstitions are so ancient and have been practised for so long that they have come to be regarded as just harmless and widely observed customs without people realising they are basically superstitions For instance many people wouldn t bother tossing spilled salt over their left shoulder or avoid walking under a ladder But they happily continue to wear a wedding ring and blow out candles on a birthday cake They don t know why it s just a custom But both are actually superstitions In a book full of surprises and revelations Max Cryer explains the origins of many of the things we commonly say and observe and why we continue to include them in our lives kissing under the mistletoe the unlucky number thirteen the significance of the bridal bouquet saying bless you after sneezing the hanging of a horseshoe the Scottish play the danger in opals the Leap Year proposal so many aspects of our lives are coloured by superstition Now you can discover the reasons for them in a book that is both witty and informative Superstitions will provide many Eureka moments and settle many family disputes **Popular Beliefs and Superstitions from North Carolina** Wayland D. Psychic Attacks Carlos Ruiz Poleo,2013-06-19 Back Cover excerpt Thousands of books have been written about happiness and how to achieve it but these do not consider outer influences from other humans in our life Of course all of us would like to be happy and without problems But many of us have had bad experiences or some sort of problems in our daily life without them having a logical cause or a possible explanation Some things did not go as expected despite all of our efforts We are sometimes victims of unforeseen accidents We sometimes are also unable to reach our foreseen immediate goals which previously were considered very simple even though we were fighting hard to achieve them We do not know why these events occur but most people attribute it to a possible bad luck at the time or something which was meant to be A second group either by superstition or rightly sustained attribute them to a third partys influence that is considered as an evil eyed person or bird of ill omen A third smaller group attributes causes to premeditated attacks from witches or sorcerers and to have been the target of curses or spells Negative intentions that could be either normal or enhanced are what we call psychic attacks My idea is to give orientation on something undeniable that exists although is blindly rejected by many Superstitions and myths are analyzed into a logical rational and partly scientific framework There are strong cultural differences between

people from the western hemisphere and those from the orient and even between people that speak a common language but are separated by geographical or political boundaries But when common human reactions and events are observed in several different environments this makes us think that certain truth should be something underlying as the origin and outcomes of those events

The Evil Eye in the Bible and in Rabbinic Literature Rivka Ulmer, 1994 Jewish belief in the power of the evil eye aroused and energized by emotions such as jealousy and mean spiritedness has been a common concern in Jewish life from earliest times The everpresent fear of its malevolent power is expressed by the common Yiddish expression *kein ahoro* which means literally without an evil eye *Kein ahoro* is intended to ward off any potential evil eye when one speaks of one's favorable prospects Sephardic Jews have been concerned with it as well and like the Ashkenazim their Jewish ritual life has incorporated ways of protecting against it Dr Ulmer's book examines this idea in its many permutations in Rabbinic literature In particular she examines its origin in people's negative emotions and its effects on its victims in many phases of life in causing death and sickness for example or its role in sexual transgression etc The Angel of Death is depicted as having many eyes and early Jewish mystical literature depicts angels in general as covered with eyes On the other hand the good eye has many positive meanings and these are discussed as well Dr Ulmer's study provides the reader with a complete view of the numerous symbolic meanings which this most important sense organ has been given in Jewish culture Book Jacket
