The Environmental Policy Paradox Zachary A. Smith, Peter Jacques, 2022-11-29 Now in its eighth edition *The Environmental Policy Paradox* continues the book's tradition of offering an accessible introduction to the social economic legal and political matters pertaining to environmental policy while also developing the student's own unique views. The text explains why some environmental ideas shape policy while others do not and illustrates that even when the best short and long term solutions to environmental problems are identified the task of implementing these solutions is often left undone or is completed too late. New to the eighth edition New topics including environmental social movements and the anti environmental countermovements environmental justice corporate influence in regulatory affairs Analyzes the growing policy divide between the two parties and the efforts of both Republicans and Democratic presidents to undo the policies of their predecessor Updated discussions of environmental justice issues Includes a range of visual aids in figures and tables to demonstrate trends in the topics covered A new co author Peter Jacques recognized for his teaching and scholarship in global environmental politics and sustainability A must buy for courses in Environmental Policy Environmental Studies and Public Policy and as a supplement for courses in American Government and Public Administration *Risks, Violence, Security and Peace in Latin America* Úrsula Oswald Spring, Serena Eréndira Serrano Oswald, 2018-03-27 This book analyses the war against drugs violence in streets schools and families and mining conflicts in Latin America It examines the nonviolent negotiations human rights peacebuilding and education explores security in cyberspace and proposes to overcome xenophobia white supremacy sexism and homophobia where social inequality increases injustice and violence During the past 40 years of the Latin American Council for Peace Research CLAIP regional conditions have worsened Environmental justice was crucial in the recent peace process in Colombia but also in other countries where indigenous people are losing their livelihood and identity Since the end of the cold war capitalism aggravated the life conditions of poor people The neoliberal dismantling of the State reduced their rights and wellbeing in favour of enterprises Youth are not only the most exposed to violence but represent also the future for a different management of human relations and nature **The Routledge**

Companion to Radio and Podcast Studies Mia Lindgren, Jason Loviglio, 2022-06-15 This comprehensive companion is a much needed reference source for the expanding field of radio audio and podcast study taking readers through a diverse range of essays examining the core questions and key debates surrounding radio practices technologies industries policies resources histories and relationships with audiences Drawing together original essays from well established and emerging scholars to conceptualize this multidisciplinary field this book's global perspective acknowledges radio's enduring affinity
