Watry,2014-12-10 A groundbreaking new study of Anglo American relations during the Cold War Diplomacy at the Brink argues for a reevaluation of Dwight D Eisenhower s foreign policy toward allies and enemies alike Contrary to his reputation as a level headed moderate the Eisenhower who emerges in David M Watry s exhaustively researched book is a conservative ideologue a leader whose aggressively anti

Communist and anticolonialist foreign policies represented a major shift away from the containment policy of the Truman presidency. Watry contends that Eisenhower worked closely with John Foster Dulles to engage in aggressive brinksmanship that diametrically opposed Winston Churchill's diplomacy of peaceful coexistence. At a time when British economic interests favored cooperation with China, Eisenhower planned nuclear war against it when Anthony Eden considered Gamal Abdel Nasser a Soviet agent and invaded Egypt. Eisenhower supported Arab nationalism and used economic and political blackmail to force Britain to withdraw. Such stances fractured the special relationship between America and Great Britain and played a vital role in the dissolution of the British Empire. Watry's thorough examination of the important clash of U.S./U.K. foreign policy demonstrates that America's new anti-colonial policies and the unilateral use of American power against perceived Communist threats put Eisenhower and Dulles on a collision course with Churchill and Eden that rocked the world.

The War on History Jarrett Stepman, 2019-10-01

The War on Our History Confederate memorials toppled Columbus statues attacked with red paint. They started with slave owning Confederate generals but they're not stopping there. The vandals are only pretending to care about the character of particular American heroes. In reality they hate what those heroes represent: the truths asserted in the Declaration of Independence and embodied in the Constitution. And they are bent on taking America down and replacing our free society with a socialist utopia. All that stands in their way is Americans' reverence for our history of freedom. Which is why that history simply has to go. Now Jarrett Stepman, editor at The Daily Signal and host of Right Side of History, exposes the true aims of the war on our history. The war on America. World history is full of conquests and suffering indigenous peoples. Why target Christopher Columbus? What they really want to tear down is America. The war on Thanksgiving. World history is full of colonists. Why target the Pilgrims? What they really want to tear down is American freedom and prosperity. The war on the Founding. World history is full of slavery. Why target Thomas Jefferson? What they really want to tear down are the rights endowed by our Creator. The war on the common man. World history is full of victorious generals and populist politicians. Why target Andrew Jackson? What they really want to tear down is democracy. The war on the South. World history is full of civil strife. Why target Confederate heroes like Robert E. Lee? What they really want to tear down is respect for America's past and the reconciliation that renewed our Union. The war on patriotism. World history is full of national pride. Why target Teddy Roosevelt? What they really want to tear down is the idea of American greatness. The war on the American century. World history is full of bloody wars. What they really want to tear down is America's defeat of totalitarianism. If America is to survive this assault we must rally to the defense of our illustrious history. The War on History is the battle plan.
