*Exploring Psychology in Modules with DSM5 Updates* David G. Myers, 2014-02-12 This module's based version of Myers Exploring Psychology breaks down the book's 15 chapters into 43 short modules. Myers was inspired to create this text by the memory research in chunking showing that shorter reading assignments are more effectively absorbed than longer ones as well as by numerous students and instructors who expressed a strong preference for textbooks with more shorter chapters. Each self-standing module can be read in a single sitting and instructors can assign any combination of modules in any order they want. DSM 5 Updates Available for Fall 2014 classes: this update version features new content from David Myers in response to the release of the DSM 5. This new content is integrated into the text without changing pagination or the structure of the chapters. A special DSM 5 Supplement by the David Myers is available for Fall 2013 and Spring and Summer 2014 courses.

**Understanding Psychology for Medicine and Nursing** Mohamed Ahmed Abd El-Hay, 2019-12-06 The book presents a comprehensive updated approach to current psychological knowledge to facilitate a rapid review of the major subjects in psychology in medicine and to stimulate further detailed study. The book is divided into five Parts. Part One provides an elaborate background of the various sub-disciplines of psychology, the various theories and schools of thoughts encompassing them. Part Two discusses the links between the physical and psychological state of being human. Part Three elucidates the basic psychological processes that shape human cognizance. Part Four talks about the different factors which influence the human psyche. Part Five discusses the various aspects of clinical psychology and their implications for the physical well-being of people. Understanding Psychology for Medicine and Nursing distinguishes itself in providing a concise clear understanding of most of the basic topics of psychology that are essential to all students of general psychology but particularly to medical and nursing students and to postgraduate trainees in psychiatry.
