Humanistic Wellbeing Joar Vittersø, 2025-02-12 This open access book seeks to change the way we think about happiness and the good life It starts ambitiously by exploring how the biological question What is life can be integrated with the philosophical question What is good It ends with a radical idea for how scientific reasoning can include a value based theory of the good life Anchored in basic knowledge about human nature the new humanistic theory of wellbeing suggests that a life is good to the extent that it allows us to perform our humanness well The theory further defines a well performed humanness as the fulfilment of three universal human needs the need for stability the need for change and the need to and for care To reach this standpoint the author critically examines major concepts in the wellbeing literature such as values happiness life satisfaction affect hedonia eudaimonia and the good life Based on these reviews the author argues that a science of wellbeing cannot be strictly descriptive and value free A life should not be considered good only because it feels good or is thought of as good for the person living it A good life must also be committed to a universal morality Therefore the humanistic theory of wellbeing suggests that it is good to like one's life but even better to like it for the right reasons

Not by Faith Alone Roger J.R. Levesque, 2002-12-11 Teens are often seen as challenging social mores They are frequently perceived to engage in activities considered by adults to be immoral including sexual behavior delinquent activities and low level forms of violence Yet the vast majority report surprisingly high levels of religiosity Ninety five percent of American teens aged 13 17 believe in God or a universal spirit and 76% believe that God observes their actions and rewards or punishes them Nearly half engage in religious practices such as praying alone or attending church or synagogue services Adolescents religious beliefs are clearly important to them Yet the law does not know how to approach adolescents religious rights and needs In *Not by Faith Alone* Roger J R Levesque argues that teens search for meaning does not always serve adolescents or society well Religious

doctrines and institutions are not all good with violence linked to religious beliefs for example particularly racial ethnic and sexual orientation harassment becoming an increasing concern Not by Faith Alone is the first attempt to integrate research on the place of religion in adolescent development and to discuss the relevance of that research for policies and laws which regulate religion in their lives Levesque asks how religion broadly defined influences the development of teens inner moral compasses and how we can ensure that religion and the apparent need for religious activity lead to positive outcomes for individual adolescents and for society *Psychology and Culture* Lisa Vaughn,2010-04-05 With increasing globalization countries face social linguistic religious and other cultural changes that can lead to misunderstandings in a variety of settings These changes can have broader implications across the world leading to changing dynamics in identity gender relationships family and community This book addresses the subsequent need for a basic understanding of the cultural dimensions of psychology and their application to everyday settings The book discusses the basis of culture and presents related theories and concepts including a description of how cognition and behavior are influenced by different sociocultural contexts The text explores a broad definition of culture and provides practical models to improve intercultural relations communication and cultural competency Each chapter contains an introduction a concise overview of the topic a practical application of the topic using current global examples and a brief summary This up to date overview of psychology and culture is ideal reading for undergraduate and graduate students and academics interested in culturally related topics and issues **New Arenas for Community Social Work Practice with Urban Youth** Melvin Delgado,2000 This book demonstrates the potential of after school activities ranging from sports to the visual and performing arts and the humanities to transform young lives Case studies of exemplary organizations and innovative communities within urban centers throughout the U S round out the work **The Developing Person Through the Life Span** Kathleen Stassen Berger,2011-02-18 The seventh edition comes with significant revision of cognitive development throughout childhood revised and updated chapters on adolescence and more attention to emerging and early adulthood It is a thorough revision with new research on everything from genetics to the timing of puberty including brain development life span disorders and cultural diversity It also includes new learning features promoting critical thinking revision and application product description *Adolescence* ,2000 **Pastoral Ministry as a Developmental Process** Patricia Anne Kenney,2002
