Exploring Polar Frontiers William James Mills, 2003-12-11 Covers the entire history of Arctic and Antarctic exploration from the voyage of Pytheas ca 325 B C to the present in one convenient comprehensive reference resource Exploring Polar Frontiers A Historical Encyclopedia is the only reference work that provides a comprehensive history of polar exploration from the ancient period through the present day The author is a noted polar scholar and offers dramatic accounts of all major explorers and their expeditions together with separate exploration histories for specific islands regions and uncharted waters He presents a wealth of fascinating information under a variety of subject entries including methods of transport myths achievements and record breaking activities By approaching polar exploration biographically geographically and topically Mills reveals a number of intriguing connections between the various explorers their patrons and times and the process of discovery in all areas of the polar regions Furthermore he provides the reader with a clear understanding of the intellectual climate as well as the dominant social economic and political forces surrounding each expedition Readers will learn why the journeys were undertaken not just where when and how

Exploring Civil Society Marlies Glasius, David Lewis, Hakan Seckinelgin, 2004-08-02 This volume explores how the idea of civil society has been translated in different cultural contexts and examines its impact on politics worldwide Comparing and contrasting civil society in Latin America and Eastern Europe Western Europe and the United States Africa and South Asia and the Middle East the contributors show that there are multiple interpretations of the concept that depend more on the particular political configuration in different parts of the world than on cultural predilections They also demonstrate that the power of civil society depends less on abstract definitions and more on the extent to which it is grounded in the context of actual experiences from around the world This

book includes some of the biggest names in the area such as Mary Kaldor Ronnie Lipschutz and Helmut Anheier

Photography and Exploration James R. Ryan, 2013-07-15 When Ferdinand Magellan set out to circumnavigate the globe in 1519 he wasn't able to bring a digital camera or a smartphone with him Yet as the eagerly awaited images from the Mars rover prove modern exploration is inconceivable without photography Since its invention in 1839 photography has been integral to exploration used by explorers sponsors and publishers alike and the early twentieth century advances in technology and photography's newfound cultural currency as a truthful witness to the world made the camera an indispensable tool In *Photography and Exploration* James R Ryan uses a variety of examples from polar journeys to space missions to show how exploration photographs have been created circulated and consumed as objects of both scientific research and art Examining a wide range of photographs and expeditions Ryan considers how nations have often employed images as a means to scientific advancement or territorial conquest He argues that because exploration has long been bound up with the construction of national and imperial identity expeditionary photographs have often been used to promote claims to power especially by the West These images also challenge the way audiences perceive the world and their place within it Featuring one hundred images *Photography and Exploration* shines new light on how photography has shaped the image of explorers expeditions and the worlds they discovered

New Spaces of Exploration Simon Naylor, James R. Ryan, 2009-12-18 For many the dawn of the twentieth century ushered in an era where the world map had few if any blank spaces left to discover The age of exploration was supposedly dead *New Spaces of Exploration* challenges this assumption Focusing specifically on exploration in the twentieth century the authors demonstrate how new technologies and changing geopolitical configurations have ensured that exploration has remained a key feature of our rapidly globalizing world Ranging widely in their geographical focus from the Europe and Asia to Australia and from the polar regions to outer space they demonstrate the increasing diversity of modern exploration and reveal the continuing political military industrial and cultural motivations at play The result is a major contribution to our understanding of the significance of exploration in the twentieth century Contributors include E Baigent C Collis K Dodds F Driver M Godwin J Hill F Korsmo F MacDonald S Naylor J Ryan N Thomas and K Yusoff

Historical Dictionary of the Discovery and Exploration of the Pacific Islands Max Quanchi, John

Robson,2005-10-18 The South Seas as this region used to be called conjured up images of adventure belles and savages romance and fabulous fortunes but the long voyages of discovery and exploration of the vast Pacific Ocean were really an exercise in amazing logistics navigation hard grit shipwreck and pure luck The motivations were scientific and geographic but at the same time nationalistic and materialistic A series on global exploration and discovery would not be complete without this book by Quanchi and Robson It is ambitious and informative and includes the familiar names of Laperouse Bougainville Cook and Dampier as well as the intriguing stories of the Bounty Mutiny scurvy and the mysterious Northwest Passage Terra Australis Ignatia and Davis Land There are entries on first contacts ships navigational instruments mapping and botany The scene is carefully set in the introduction the chronology spans several centuries and the extensive bibliography offers a guide to further reading There are more than just dry facts in this book It has a whiff of salt air the clash of empires cross cultural beach encounters and personal adventure Explore Shamanism Alby Stone,2003

Disabling Barriers, Enabling Environments John Swain,Sally French,Colin Barnes,Carol Thomas,2004-03-09 The strengths of this text are many It has breadth and diversity in its content yet is presented in bite size chapters For those wishing to know more it offers signposts to the relevant literature The contributors have been carefully selected for their specific perspective yet these have been skilfully inter related by the editors It is now some 11 years since the first edition of this text was published In my view this second edition was worth the wait SCOLAG Journal This has been a ground breaking book and I whole heartedly welcome a new edition Professor Len Barton School of Education The University of Sheffield It is a really well structured book which has been very popular and widely used by students Its great qualities are accessibility and diversity of contributors Jenny Corbett Institute of Education University of London This book would be a valuable resource to students of disability studies and to health and social care staff and other professionals who work with disabled people Disability and Rehabilitation The Second Edition of this landmark text has been revised to provide an up to date accessible introductory text to the field of disability studies In addition to analysing the barriers that disabled people encounter in education housing leisure and employment the revised edition has new chapters on international issues diversity among disabled people sexuality bioethics Written by disabled people who are leading academics in the field the text comprises 45 short and engaging chapters to provide a broad ranging and accessible introduction to disability issues *Disabling Barriers Enabling Environments* is an invaluable resource for both students and practitioners alike It is an ideal text for undergraduates and postgraduates taking courses in disability studies as well as disability courses in social work education health studies sociology and social policy **Five Pedagogies, a Thousand Possibilities** Michalinos Zembylas,2007-01-01 *Five Pedagogies A Thousand Possibilities* aims at providing the groundwork for articulating sites of enriching pedagogies so that critical hope and the possibility of transformation may stay alive The emotional experiences of unknowing silence passion desire forgiveness and reconciliation play an important political role in constituting critical

resistance The implications of these ideas are discussed in the context of contemporary concerns about social justice conflict hope and despair These implications help us realize the potential of unknowing silence passion desire forgiveness and reconciliation as crucial pedagogical tasks and negotiate a hope that is truly critical As an alternative to pedagogies that negate the ethical and political implications of teachers and students emotional lives the present book demonstrates the need for pedagogies that enable the development of criticality without being overcome by despair The book will be of interest to academics researchers educators undergraduate and graduate students in the fields of social sciences and education and particularly in the subfields of philosophy of education curriculum theory teacher education and multicultural education

The Statesman's Year-book, 1926 The Atlantis Blueprint Colin Wilson, Rand Flem-Ath, 2008-12-10 A spellbinding blend of history and science scholarship and speculation this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis The Great Pyramid Stonehenge Machu Picchu For centuries these and other sacred sites have inspired wonder among those who ponder their origins Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization But these megaliths nonetheless continue to attract pilgrims scholars and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden Who could have built these elaborate monuments How did they do it And what were their incomprehensible efforts and sacrifices designed to accomplish Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia International bestselling author Colin Wilson and Canadian researcher Rand Flem-Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100 000 years one that sailed the oceans of the world building monuments to preserve and communicate its remarkable wisdom The Atlantis Blueprint is their term for a sophisticated network of connections between these sacred sites that they trace to Atlantis a sophisticated maritime society that charted the globe from its home base in Antarctica until it was obliterated by the devastating global changes it anticipated but could not escape Here is adventure to realms beyond our imaginings to shifting poles changing latitudes into the world of ancient mariners who recharted the globe to astonishing discoveries about our ancestors Here are the great mysteries the incredibly complex geography of the Temple of Luxor the startling sophistication of Egyptian science and math and tantalizing similarities among the Hebrew Greek and Mayan alphabets to the Chinese lunar zodiac The Atlantis Blueprint opens up a Pandora's box of ancient mysteries lost worlds and millennial riddles It is a story as controversial fascinating dangerous and inspiring as any ever told Travels, Explorations and Empires, 1770-1835, Part I Vol 3 Tim Fulford, Peter J Kitson, Tim Youngs, 2021-12-24 A collection of work that attempts to reflect the diversity of travel literature from the late 18th and early 19th centuries This literature often reveals something of the cultural and gender difference of the travellers as well as ideas on colonialism anthropology and slavery *The Child's*

Curriculum Colwyn Trevarthen, Jonathan Delafield-Butt, Aline-Wendy Dunlop, 2018 All children are born with emotional talent If left untended those talents can wane during the first five years of life The text focuses on children's readiness for learning It addresses the natural joy explicit in children's early conversations and engagement with music and their development through play with both adults and other children Viking Legacy Torgrim Titlestad, 2018-05-26 More than marauders and bloodthirsty conquerors the Vikings were builders of a civilization which influence may still be seen in the modern world The Viking Age is arguably one of the most fascinating epochs in history and in this book a new narrative is presented based on Viking history as it is told in the Norse Sagas Viking Legacy represents a new generation of books exploring the Viking Age By integrating the Saga literature with other sources a more complete picture emerges of this increasingly popular era and a civilization that would change the course of history Torgrim Titlestad professor dr philos is one of Norway's foremost experts and most prolific authors on the Viking Age and Saga history He is the recipient of the Saga Award 2016 and was appointed Knight of the Order of the Falcon 2017 by Iceland's President Gu nni Th J hannesson for his work with the Norse sagas especially Tormod Torfus Magnum Opus Historia Rerum Norvegicarum and the Icelandic saga treasure Flateyjarbók

Discovering the Riches of the Word, 2015-02-24 The contributions to *Discovering the Riches of the Word* Religious Reading in Late Medieval and Early Modern Europe offer an innovative approach to the study of religious reading from a long term and geographically broad perspective covering the period from the thirteenth to the seventeenth century and with a specific focus on the fifteenth and the sixteenth centuries Challenging traditional research paradigms the contributions argue that religious reading in this long fifteenth century should be described in terms of continuity They make clear that in spite of confessional divides numerous reading practices continued to exist among medieval and early modern readers as well as among Catholics and Protestants and that the two groups in certain cases even shared the same religious texts Contributors include Elise Boillet Sabrina Corbellini Suzan Folkerts l onore Fourni Wim Fran ois Margriet Hoogvliet Ian Johnson Hubert Meeus Matti Peikola Bart Ramakers Elisabeth Salter Lucy Wooding and Federico Zuliani **Exploration of Space, Technology, and Spatiality: Interdisciplinary Perspectives** Turner, Phil, Turner, Susan, Davenport, Elisabeth, 2008-09-30 For researchers and scholars working at the intersection of physical social and technological space this book provides critical research from leading experts in the space technology domain Provided by the publisher

Pathfinders: A Global History of Exploration Felipe Fernández-Armesto, 2007-10-17 This book is about encounters between cultures and the outreach of ambitions imaginations efforts and innovations that made them possible **Zanzibar** Chris McIntyre, Susan McIntyre, 2013 Both evocative and magical Zanzibar offers travellers the quintessential Indian Ocean experience palm fringed coastlines powder white sand and colourful aquatic life Passionate about detail Chris and Susan McIntyre have carried out extensive on the ground research in producing this updated edition There has been significant growth in the number of hotels lodges and guesthouses on all three main islands since the last edition and consequently the

accommodation listings have increased significantly notably in Zanzibar Town Stone Town Matemwe Michamvi Peninsula and Mafia island They visited all the accommodation listed With almost 300 properties featured many are newly built and the vast majority spanning all budget levels do not feature in any other guide on the market Each entry has a detailed description with a strong emphasis on guiding readers to the most ethical options Zanzibar goes into far greater depth than its competitors on the natural environment history culture and sights Few other guide books cover the islands of Pemba and Mafia in any detail and yet they are easily combined in a trip With a focus on the environment visitors are directed towards fair trade shopping opportunities and sustainable marine parks This new edition also includes a dedicated section on southern Tanzanian safaris making this guide excellent for readers looking for a bush and beach combination Advice is given on how to be sensitive to the local Muslim culture Bradt s guide is the most frequently and scrupulously updated guide available vital for a destination with tourism growing and changing so rapidly Disability Politics and Community Care Mark Priestley,1999 Priestley encourages health and welfare professionals and policy makers to start working much more closely with disabled people themselves He argues that this will break barriers between user and provider and result in the reality of integrated living
