Explosive Dreams Dreams And Reality Series Volume 4:

Explosive Dreams Haden James, 2015-02-13 A bomber is terrorizing county fairs and one of the SCTU will fall Bright midways rides with loud music and flashing lights barkers trying to get people to spend money on rigged games the normal sounds of county fairs everywhere until an explosion rips through the tinny music of the carnival rides Now the screams are not squeals of delight but the terrified shrieks of the dying The danger is no longer imaginary something to shrug off when the ride is over A killer is studying each fair looking for that special ride that will rain down the most horror The bombs he sets brings complete destruction They leave a dirty field covered in broken bodies and crumpled machinery The Serial Crimes Tracking Unit has their hands full searching for his next target and sifting through bodies Aislinn Cain is having trouble getting into the mindset of the bomber Her failure to relate makes the body count climb Then the unimaginable a member of the SCTU gets cut down How far will Aislinn go to get justice for her fallen friend and catch the killer

Cannibal Dreams Haden James, 2015-02-13 Some family trees need trimming When pairs of feet start turning up in Columbia Missouri it becomes apparent that a serial killer is prowling the streets However the feet are not giving away many secrets and without bodies it is impossible to identify the victims The investigation stalls and the killer is free to slaughter as many victims as he can find When Aislinn Cain and the SCTU shows up Aislinn realizes that this isn't a new serial killer He's terrorized her hometown before Her father worked the case the first time with only an exotic bite mark as a clue Now Aislinn will start the manhunt of her life as she becomes determined to catch the monster that eluded her father As she sinks further into the hunt she'll uncover a horrifying past that proves skeletons should stay locked in closets Battered Dreams

Haden James, 2015-06-01 San Marcos Texas A picture perfect American landscape Communities dominated by Friday Night Football modest homes and happy families Until the serenity of small town life is broken by one family's discovery of bodies in an abandoned well Local police try to keep the discovery quiet they seldom deal with murder and aren't prepared when one of the bodies turns out to be a local high school boy The multiple murders drive home the sinister reality that they are no longer innocent of the crimes that plague large cities Based on the skill involved the Serial Crimes Tracking Unit realizes that this is not the killer's first time As the SCTU digs deep to discover the killer they uncover more victims Anger and fear begin to cause panic in what was once a quiet community Aislinn Cain and the members of her team need to find the killer before the town implodes with terror and the citizens begin doling out their own brand of justice **Summoned Dreams**

Haden James, 2015-02-15 The most violent city in the United States doesn't normally garner much attention from the SCTU Victims are easy to find on the destitute streets and dark alleys They are even easier to prey upon as they desperately cling to hope Their bodies are easy to hide in the abandoned houses and buildings that litter Detroit In a city turning into a ghost town serial killers stalk the trapped residents with hellish delight One killer gains national attention even among the most vile and violent Detroit has to offer He isn't just killing his victims he's burning their bodies and the buildings they are in with

impunity He does not hunt in the shadows but takes his victims during the cold light of day He s methodical calculating and leaves no clues for the police to follow Leads are so few and the kills so brazen that Aislinn Cain and the SCTU pack their bags and head for the grim streets of Detroit It is in this desolate waste of a city that they will face their most depraved and deceptive serial killer yet *Dreams* C. Haught,2015-09-24 Science has now demonstrated without a doubt that we live in an unfinished universe Discoveries in geology biology cosmology and other fields of scientific inquiry

have shown that the cosmos has a narrative character and that the story is far from over The sense of a universe that is still coming into being provides a fertile new framework for thinking about the relationship of faith to science John F Haught argues that if we take seriously the fact that the universe is a drama still unfolding we can think new thoughts about God and indeed about all the perennial themes of theology Science's recent realization that the universe is dramatic however has yet to penetrate deeply into either spiritual or intellectual life Most Christian thought and spirituality still presuppose an essentially static universe while influential academic and intellectual culture remains stuck in a stagnant materialist naturalism and cosmic pessimism Resting on the Future asks about the meaning of an unfinished universe from the point of view of both Christian theology and contemporary intellectual life Each chapter covers a distinct aspect of what Haught takes to be an essential transition to a new age in Catholic life and thought Biology cosmology and other fields of science now provide the setting for a wholesome transformation of Catholic thought from a still predominantly pre scientific to a more hopeful and scientifically informed vision of God humanity and the natural world
