## **Exposed Desire And Disobedience In The Digital Age:**

**Exposed** Emily Hart, 2020-11-30 The death of Samantha Grey's mother and imprisonment of her father made her shut everyone out of her life. Including him. Ten years later the murder of her father brings them back together and now Detective Nate Evans has two mysteries on his hands: a murder to solve and a past of questions that still gnaw at the surface. To face a past he's tried hard to bury. One that includes her. As Nate and Samantha are forced to work together to bring justice for the dead, it is clear the case is not the only mystery being unearthed between them. They are led down dark township alleyways towards drug dealer territory and into the box of a decade-old cold case, but how long will they take to realize how deep the roots of this case go? Neither of them are prepared for the trials they face as they start digging through Samantha's twisted family history and exposing the cost of hidden truths. Will the collision of the past and present destroy what little faith they have in finding healing, or will it be the key to solving the decade-old mysteries between them and finding redemption in the chaos? Emily Hart is a young South African author. She's been involved in humanitarian work in the Middle East and half a dozen African countries, meeting people and seeing places that inspire her writing. Emily lives in Stellenbosch with her family and five chickens.

The Transparency Paradox Ida Koivisto, 2022-06-16 Transparency has become a new norm. States, international organizations, and even private businesses have sought to bolster their legitimacy by invoking transparency in their activities. This growth in popularity was made possible through two interconnected trends: the idea that transparency is inherently good and that the actual meaning of the term is becoming harder and harder to pin down. Thus far, this has remained undertheorized. *The Transparency Paradox* is an insightful account of the hidden logic of the ideal of transparency and its legal manifestations. It shows how transparency is a covertly conflicted ideal. The book argues that, counter to popular understanding, truth and legitimacy cannot but form a problematic trade-off in transparency practices.

*Blumhouse Productions* Todd K. Platts, Victoria McCollum, Mathias Clasen, 2022-05-15 *Blumhouse Productions* is the first book that systematically examines the corpus of Blumhouse's cinematic output. Individual chapters, written by emerging and established scholars, consider thematic trends across Blumhouse films, such as the use of found footage, haunted bodies, haunted houses, and toxic masculinity. Blumhouse's business strategies and funding model are considered, including the company's high-profile franchises: *Paranormal Activity*, *Insidious*, *The Purge*, *Happy Death Day*, and *Halloween*, alongside such key standalone films as *Get Out* and *Black Christmas*, and nonhorror films like *Black Klansman*. Taken together, the chapters provide a thorough primer for one of the most significant drivers behind the contemporary resurgence of horror cinema.

Dead Voice Jesús D. Rodríguez-Velasco, 2020-01-24 An exploration of the thirteenth-century law code known as *Siete Partidas*. Conceived and promulgated by Alfonso X, King of Castile and León, 1252-1282, and created by a workshop of lawyers, legal scholars, and others, the set of books known as the *Siete Partidas* is both a work of legal theory and a legislative document designed to offer practical guidelines for the rendering of legal decisions and the management of good governance. Yet for all its practical

reach which extended over centuries and as far as the Spanish New World it is an unusual text argues Jesús R Velasco one that introduces canon and ecclesiastical law in the vernacular for explicitly secular purposes that embraces intellectual disciplines and fictional techniques that normally lie outside legal science and that cultivates rather than shuns perplexity In *Dead Voice* Velasco analyzes the process of the *Siete Partidas*'s codification and the ways in which different cultural religious and legal traditions that existed on the Iberian Peninsula during the Middle Ages were combined in its innovative construction In particular he pays special attention to the concept of dead voice the art of writing the law in the vernacular of its clients as well as in the language of legal professionals He offers an integrated reading of the *Siete Partidas* exploring such matters as the production transmission and control of the material text the collaboration between sovereignty and jurisdiction to define the environment where law applies a rare legislation of friendship and the use of legislation to characterize the people as the soul of the kingdom endowed with the responsibility of judging the stability of the political space Presenting case studies beyond the *Siete Partidas* that demonstrate the incorporation of philosophical and fictional elements in the construction of law Velasco reveals the legal processes that configured novel definitions of a subject and a people

*Captivating Technology* Ruha Benjamin, 2019-06-07 The contributors to *Captivating Technology* examine how carceral technologies such as electronic ankle monitors and predictive policing algorithms are being deployed to classify and coerce specific populations and whether these innovations can be appropriated and reimagined for more liberatory ends

**Consuming the Body** Dawn Woolley,2022-09-08 Consuming the Body examines contemporary consumerism and the commodified construction of ideal gendered bodies paying particular attention to the new forms of interaction produced by social networking sites Describing the behaviours of an ideal neoliberal subject Woolley identifies modes of discipline forms of pleasure and opportunities for subversion in an examination of how individuals are addressed and the ways in which they are expected to respond Key modes of address that compel the consumer to consume are sadistic commands communicated in adverts TV programmes and magazine articles a fetishistic gaze that dissects the body into parts to be improved through commodification and a hystericized insistent presence that compels the consumer to present their body for critique and appreciation that is exemplified in the selfie Woolley interprets the visual characteristics of different types of selfies including fitspiration thinspiration fatspiration and bodypositivity to understand how they relate to current body ideals Healthism and culture

bound illnesses such as hysteria and eating disorders are examined to demonstrate the impact of commodified body ideals on consumers bodies An analysis of thinspiration images photographs of emaciated bodies shared on pro eating disorder blogs and websites suggests that the anorexic body represents the logical and fatal end point for the idealised body in consumer culture Fat acceptance selfies suggest there is a fourth mode of address empowering presence that has the potential to liberate consumers from the trap of visibleness produced by the other three modes of address In conclusion the book identifies some creative methods for producing selfies that evade commoditisation and discipline

### **Poetic Thinking**

**Today** Amir Eshel,2019-11-05 Thinking is much broader than what our science obsessed utilitarian culture often takes it to be More than mere problem solving or the methodical comprehension of our personal and natural circumstances thinking may take the form of a poem a painting a sculpture a museum exhibition or a documentary film Exploring a variety of works by contemporary artists and writers who exemplify poetic thinking this book draws our attention to one of the crucial affordances of this form of creative human insight and wisdom its capacity to help protect and cultivate human freedom All the contemporary works of art and literature that Poetic Thinking Today examines touch on our recent experiences with tyranny in culture and politics They express the uninhibited thoughts and ideas of their creators even as they foster poetic thinking in us In an era characterized by the global reemergence of authoritarian tendencies Amir Eshel writes with the future of the humanities in mind He urges the acknowledgment and cultivation of poetic thinking as a crucial component of our intellectual pursuits in general and of our educational systems more specifically

*Technologies of Speculation* Sun-ha Hong,2020-07-28 An inquiry into what we can know in an age of surveillance and algorithms Knitting together contemporary technologies of datafication to reveal a broader underlying shift in what counts as knowledge *Technologies of Speculation* reframes today s major moral and political controversies around algorithms and artificial intelligence How many times we toss and turn in our sleep our voluminous social media activity and location data our average resting heart rate and body temperature new technologies of state and self surveillance promise to re enlighten the black boxes of our bodies and minds But Sun ha Hong suggests that the burden to know and to digest this information at alarming rates is stripping away the liberal subject that knows for themselves and risks undermining the pursuit of a rational public What we choose to track and what kind of data is extracted from us shapes a society in which my own experience and sensation is increasingly overruled by data driven systems From the rapidly growing Quantified Self community to large scale dragnet data collection in the name of counter terrorism and drone warfare Hong argues that data s promise of objective truth results in new cultures of speculation In his analysis of the Snowden affair Hong demonstrates an entirely new way of thinking through what we could know and the political and philosophical stakes of the belief that data equates to knowledge When we simply cannot process all the data at our fingertips he argues we look past the inconvenient and the complicated to favor the comprehensible In the process racial stereotypes and other longstanding prejudices re enter our newest technologies by the back door Hong reveals
