Alienation and Identity in Romantic Love Gary Foster, 2024-08-06 The concept of romantic love influenced as it is by the theme within Romanticism of alienation and identification suggests an important connection between love and personal identity Love in this context recognizes both the sense in which one s beloved is a separate human being and is at the same time a constitutive aspect of one s identity Alienation and Identity in Romantic Love explores this connection in the context of discussions of both metaphysical views of personal identity and practical or ethical accounts To this end Gary Foster discusses the work of influential philosophers in both the analytic and continental traditions as well as the findings of sociologists He explores the love and personal identity relationship through moral and narrative perspectives and examines certain aspects of the modern love experience such as the phenomenon of online dating Ultimately Foster finds in Jean Paul Sartre s work a promising approach to understanding this connection through his emphasis on embodied identity

Learn to Love Thomas Jordan PhD, 2019-12-08 Learn to Love Guide to Healing Your Disappointing Love Life was written

by Dr Thomas Jordan a New York City psychologist who specializes in the treatment of people with love life problems After 30 years of clinical research and treatment Dr Jordan wrote a book that shows readers how to make the psychological changes that will dramatically improve their love lives The method Dr Jordan describes in his book worked for many of his patients and as he describes in his book helped him in his own love life as well Learn to Love guides readers through the process of becoming aware of what they've learned about love relationships how to unlearn what was unhealthy and clarifies what they'll need to learn or relearn and practice to get control of their love lives *Perfect Love, Imperfect Relationships* John Welwood, 2005-12-27 A nationally known couples therapist reveals the single root cause of all relationship problems and offers revolutionary advice on what to do about it While most of us have moments of loving freely and openly it is often hard to sustain this where it matters most in our intimate relationships If love is so great and powerful why are human relationships so challenging and difficult If love is the source of happiness and joy why is it so hard to open to it fully and let it govern our lives In this book John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us from experiencing love's full flowering in our lives Perfect Love Imperfect Relationships begins by showing how all our relational problems arise out of a universal wound of the heart that affects not only our personal relationships but the quality of life in our world as a whole This core wound shows up as a pervasive mood of unlove a deep sense that we are not intrinsically lovable just as we are It shuts down our capacity to trust so that even though we may hunger for love we have difficulty opening to it and letting it circulate freely through us This book takes the reader on a powerful journey of healing and transformation that involves learning to embrace these imperfections within ourselves and within our relationships as trail markers along the path to great love It sets forth a process for releasing deep seated grievances we hold against others for not loving us better and against ourselves for not being better loved And it shows how our longing to be loved can magnetize the great love that will free us from looking to others to find ourselves Written with penetrating realism and a fresh lyrical style that honors the subtlety and richness of our relationship to love itself this revolutionary book offers profound and practical guidance for healing our lives as well as our embattled world Thomas D. Sharts, 2007-06-01 *The New Psychology of Love* Robert J. Sternberg, Karin Sternberg, 2019 This is a much needed update on the latest theory and research on love supplied by leading scientific experts It is suitable for psychologists neuroscientists anthropologists sociologists and anyone with an interest in love and what has been learned from scientific studies of it

The Love Lies Debrena Jackson Gandy, 2014-09-15 Foreword by Actress Kim Coles The U S boasts the highest divorce rate of any country in the world and some of the highest relationship dissatisfaction rates Yet despite the endless amounts of advice and experts available to us we continue to experience increasing levels of frustration conflict emotional breakdown and failure in our relationships What are we missing What continues to elude us What is inherently wrong with our understanding of what makes love relationships work Debrena Jackson Gandy two time national best selling author and

founder of The Love Academy addresses these questions and the root causes of this massive breakdown in relationships in our country Most of the advice and models given to American women only address the symptoms of this epidemic usually applying simplified how to techniques that tend to lead to more confusion than resolution These are band aids and ineffective ones at that The Love Lies delves deeper to unearth ten toxic beliefs that have been instilled in women since pre school influencing us through a wide range of ages and trapping us all in a web of illusions These powerful Love Lies manipulate perceptions create delusions and perpetuate behaviors that unknowingly sabotage our relationships The Love Lies sets women free from chronic cycles of dissatisfaction and disappointment and offers a proven process to dismantle the lies heal the mind and heart and transform the American relationship paradigm forever *Letters and the Body, 1700-1830* Sarah Goldsmith, Sheryllynne Haggerty, Karen Harvey, 2023-07-04 This collection explores the multifaceted relationship between letters and bodies in the long eighteenth century featuring a broad selection of women s and men s letters written from and to Britain North America Europe India and the Caribbean from the labouring poor to the landed elite In eleven chapters scholars from various disciplines draw on different methodological approaches that include close readings of single letters social historical analyses of large corpora and a material culture approach to the object of the letter This research includes personal letters exchanged among family and friends formal correspondence and letters that were incorporated into published forewords and appendices journals and memoirs Part I explores the letter as a substitute for the absent body the imagined physical encounters and performances envisaged by letter writers and the means through which these imagined sensations were conveyed Part II examines the letter as a material object that served as a conduit for descriptions of the material body and as an instrument for embodied encounters Part III focuses on how correspondents purposefully used their bodies in letters as a means to create intimacy to generate social networks and build a body politic This interdisciplinary volume centred around letters will be of interest to scholars and students in a variety of fields including eighteenth century studies cultural history and literature *Think Like a Lady, Not Like a Man* Artorius Rex, 2016-07-15 RIDICULE relationships intimacy deception immorality commitment ugliness love exposed Women are ridiculed by men Men subject women to contemptuous and dismissive language and behavior Men treat women as if they were unworthy of any true acts of kindness honor or respect Men rob women of their godly spiritual significance on earth Men have been able to do these things because they have deceitfully made women feel esteemed for exploiting their body and they have used money to ensure women accept degradation with a smile Women have thus fallen in love with money and they covet the material things money can buy Now women partake in the unfruitful works of darkness instead of exposing them Eph 5 11 Women no longer adorn themselves in respectable apparel or dress modestly They fashion themselves in fancy hairstyles and adorn themselves in expensive jewelry and costly attire 1 Tim 2 9 Simply put women dress seductively The attention women receive from dressing seductively fascinates them However their bewitchment brings attention to themselves in the wrong way

Therefore men do not view them in the purest of ways or intent Appearance limits women to focusing on who they are from a worldview instead of who they are in Christ The error allows men to lead women down a path of prostitution whoredom wickedness and abuse Think Like a Lady Not Like a Man spiritually and secularly exposes what men have done to women in a world system that ignores God
