**The Left Behind Fantasy** William Powell Tuck,2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense

research and study Prophecy Past Present and Future examines the Bible's Book of Daniel and its predictions of some of  
history's major events Author Calev Ben Avraham explains how God uses the royalty as signposts in the prophetic time  
element known by only a few biblical scholars thus making it possible to pinpoint the exact time in prophecy for the end of  
days and the ending of Gentile rule over the earth In Prophecy Past Present and Future Avraham refers to the Babylonian  
dynasty of Nebuchadnezzar king of Babylon Cyrus king of the Persians Alexander the great emperor of Greece and the  
emergence of Christianity under the Roman emperor Constantine Through the Book of Daniel he shows how the prophecy

Street,2019-11-20 Our culture is under attack The battlefield is covered with the ruins of landmarks and monuments of the past dedicated to morality and natural law Throughout the centuries Christians have held high the banner of Jesus Christ for the world to see The culture has been protected and defended by the Christian soldiers in America since its founding However there is a darkness spreading throughout the land Leftist doctrines are gaining footholds and acquiring the fortresses of old The hallowed bastions of learning called American public schools once venerated by the world are now languishing crippled by the leftist ideologies they have now adopted in place of classical liberal education Christianity once the standard moral center of the community has now been replaced by pluralism relativism and postmodernism The epicenter of this transformation has been and still is the public schools On the Frontlines Exposing Satan s Tactics to Destroy a Generation is a clarion call from a Christian educator and administrator to the church It is time we as a body of believers stand up and be counted among those who refuse to allow the religion of the left to prevail

Lindsay,Peter Boghossian,2015-12-01 A call to action to address people s psychological and social motives for a belief in God rather than debate the existence of God With every

argument for theism long since discredited the result is that atheism has become little more than the noises reasonable people make in the presence of unjustified religious beliefs Thus engaging in interminable debate with religious believers about the existence of God has become exactly the wrong way for nonbelievers to try to deal with misguided and often dangerous belief in a higher power The key author James Lindsay argues is to stop that particular conversation He demonstrates that whenever people say they believe in God they are really telling us that they have certain psychological and social needs that they do not know how to meet Lindsay then provides more productive avenues of discussion and action Once nonbelievers understand this simple point and drop the very label of atheist will they be able to change the way we all think about talk about and act upon the troublesome notion called God
