Eyelash Extensions Manual:

Clashes Eyelash Extension Training Manual Chrystal Ladouceur, 2017-02-07 The *Clashes Eyelash Extension Training Manual* is the most comprehensive training tool available for eyelash extension artists on the market today. The easy-to-follow language combined with full-color original illustrations make learning anatomy and pathology of the eye and eyelashes, the semi-permanent eyelash extension application instructions, and all of the other lessons in this book simple to learn. The educational contents of this book go far beyond anything offered in any eyelash extension training program industry-wide. Semi-permanent eyelash extensions are quickly becoming one of the hottest aesthetic services around. The 14 chapters in this book cover everything you need to know if you are interested in becoming an eyelash extension artist and everything you should know if you're already an established artist, including that which was missed in your original training program. Also included is an appendix stuffed with a ready-to-copy intake form, a liability waiver, and point-by-point aftercare instructions for you to copy out and use in your practice. Every eyelash extension artist should own a copy of this manual. *The Lash Manual* Chrystal Ladouceur, 2017-07-30 The 2nd edition of this book covers everything and anything eyelash extension-related. This includes taking a clinical look at the anatomy, physiology, the potential pathologies, and conditions of the eyes and eyelashes. This book goes into detail about safety and first aid, ministry of health requirements, client consultations, station set-up, eyelash extension-specific products, lash mapping, and styles based on eye shape. In this book, I share step-by-step instructions on classic eyelash extension application, lash fill appointments, and proper eyelash extension removal. We then discuss volume eyelash extensions, explaining the difference between pre-made clusters, fans, and Russian Volume lash sets. Then this book covers step-by-step volume fan building instructions. This book takes you through tips and tricks and offers an entire chapter on troubleshooting things that may go wrong throughout the application process. And as if this isn't enough, the back of the book is stuffed full of document templates for you to copy and use in your practice. This is by far the most inclusive, comprehensive book on eyelash extensions available today. It's a must-have for all eyelash extension artists. **The Eyelash Extension Professional Training Manual** Christa McDearmon, 2014-05-12 This curriculum is designed to help you succeed in applying and promoting single-strand semi-permanent eyelash extensions. This manual will give you all the information you need while you begin your lash training journey and is designed to give you the most extensive and complete curriculum on the market. This curriculum focuses on natural lash health and best practices, not on promoting a brand. The information in this manual contains up-to-date information and materials as of the time of publishing; however, we are discovering fresh techniques and training all the time in this new and exciting field, and I encourage you to keep growing and discovering new information. This manual is not intended to replace a hands-on professional certification course. For beautiful eyes, look for the good in others; for beautiful lips, speak only words of kindness; and for poise, walk with the knowledge that you are never alone. Audrey Hepburn.
