trained technician to troubleshoot electronic equipment faster and more accurately hypotheses were developed about what
information should be presented An experimental manual was prepared for troubleshooting the Nike Ajax and its test
equipment it contained some information not found in conventional manuals and was organized according to when and how
information is to be used An experimental group using the experimental manual was able to troubleshoot faster and more
effectively than a control group using standard schematic and functional diagrams and personal notes A list of desirable
contents for troubleshooting manuals was drawn up and procedures for preparing troubleshooting manuals were written
