## **Colonialism In Question Theory Knowledge History:**

Colonialism in Question Frederick Cooper, 2005-06-06 In this closely integrated collection of essays on colonialism in world history Frederick Cooper raises crucial questions about concepts relevant to a wide range of issues in the social sciences and humanities including identity globalization and modernity Rather than portray the past two centuries as the inevitable movement from empire to nation state Cooper places nationalism within a much wider range of imperial and diasporic imaginations of rulers and ruled alike well into the twentieth century He addresses both the insights and the blind spots of colonial studies in an effort to get beyond the tendency in the field to focus on a generic colonialism located sometime between 1492 and the 1960s and somewhere in the West Broad ranging cogently argued and with a historical focus that moves from Africa to South Asia to Europe these essays most published here for the first time propose a fuller engagement in the give and take of history not least in the ways in which concepts usually attributed to Western universalism including citizenship and equality were defined and reconfigured by political mobilizations in colonial contexts

Colonialism in Question Frederick Cooper, 2005-06-06 Probably the most important historian of Africa currently writing in the English language His intellectual reach and ambition have even taken influence far beyond African studies as such and he has become one of the major voices contributing to debates over empire colonialism and their aftermaths This book is a call to reinvigorate the critical way in which history can be written Cooper takes on many of the standard beliefs passing as postcolonial theory and breathes fresh air onto them Michael Watts Director of the Institute of International Studies Berkeley This is a very much needed book on Africa on intellectual artisanship and on engagement in emancipatory projects Drawing on his enormous erudition in colonial history Cooper brings together an intellectual and a moral political argument against a series of linked developments that privilege taking a stance and in favor of studying processes of struggle through engaged scholarship Jane I Guyer author of Marginal Gains

**The Palgrave Handbook of African Colonial and Postcolonial History** Martin S. Shanguhya, Toyin Falola, 2018-01-28 This wide ranging volume presents the most complete appraisal of modern African history to date It assembles dozens of new and established scholars to tackle the questions and subjects that define the field ranging from the economy the two world wars nationalism decolonization and postcolonial politics to religion development sexuality and the African youth experience Contributors are drawn from numerous fields in African studies including art music literature education and anthropology The themes they cover illustrate the depth of modern African history and the diversity and originality of lenses available for examining it Older themes in the field have been treated to an engaging re assessment while new and emerging themes are situated as the book's core strength The result is a comprehensive vital picture of where the field of modern African history stands today

The Colonial Past in History Textbooks Karel Van Nieuwenhuys, Joaquim Pires Valentim, 2018-05-01 This book examines the evolving representations of the colonial past from the mid 19th century up to decolonization in the 1960s and 70s the so called era of Modern

Imperialism in post war history textbooks from across the world The aim of the book is to examine the evolving outlook of colonial representations in history education and the underpinning explanations for the specific outlook in different former colonizer and colonized countries to be found in collective memory popular historical culture social representations identity building processes and the state of historical knowledge within academia The approach of the book is novel and innovative in different ways First of all given the complexity of the research an original interdisciplinary approach has been implemented which brings together historians history educators and social psychologists to examine representations of colonialism in history education in different countries around the world while drawing on different theoretical frameworks Secondly given the interest in the interplay between collective memory popular historical culture social representations and the state of historical knowledge within academia a diachronic approach is implemented examining the evolving representations of the colonial past and connecting them to developments within society at large and academia This will allow for a deeper understanding of the processes under examination Thirdly studies from various corners of the world are included in the book More specifically the project includes research from three categories of countries former colonizer countries including England Spain Italy France Portugal and Belgium countries having been both colonized and colonizer Chile and former colonized countries including Zimbabwe Malta and Mozambique This selection allows pairing up the countries under review as former colonizing colonized ones for instance Portugal Mozambique United Kingdom Malta allowing for an in depth comparison between the countries involved Before reaching the research core three introductory chapters outline three general issues The book starts with addressing the different approaches and epistemological underpinnings history and social psychology as academic disciplines hold In a second chapter evolutions within international academic colonial historiography are analyzed with a special focus on the recent development of New Imperial History A third chapter analyses history textbooks as cultural tools and political means of transmitting historical knowledge and representations across generations The next ten chapters form the core of the book in which evolving representations of colonial history from mid 19th century until decolonization in the 1960s and 1970s are examined explained and reflected upon for the above mentioned countries This is done through a history textbook analysis in a diachronic perspective For some countries the analysis dates back to textbooks published after the Second World War for other countries the focus will be more limited in time The research presented is done by historians and history educators as well as by social psychologists In a concluding chapter an overall overview is presented in which similarities and differences throughout the case studies are identified interpreted and reflected upon

**Gender and Colonialism** Lorena Rizzo, 2012 Deals with colonialism in a Namibian periphery and considers both the German colonial period as well as South African rule in the country The main is to develop an understanding of the dynamics and vectors of change in the Kaoko s African societies gradually being placed under colonial rule With a focus on socio economic processes the thesis explores the continuous reconstitution of gender roles and relations

and anchors its argument on an integrated analysis of archival written and visual sources as well as on oral knowledge

African Thoughts on Colonial and Neo-Colonial Worlds Anaïs Angelo,Paulina Aroch-Fugellie,Lena Dallywater,Lutz Diegner,Myra Ann Houser,Janine Kläge,Sara Marzagora,Felix Müller,Arno Sonderegger,Ninja Steinbach-Hüther,Joanna Tegnerowicz,2015-10-16 This book shows the many facets of African engagements with the world It starts from the premise that current global asymmetries ascribing Africa to a marginalized position are the effects of colonial and imperial pasts still lingering on The decolonization process of the post war structure which privileges the West in both political and economic terms While new dependencies emerged several old bonds were maintained and continue to influence African affairs quite strikingly It is appropriate then to call these continued unequal relations between Africa and the West frankly neo colonial This designation applies all the more as the post colonial states of Africa inherited a complex legacy of foreign rule colonial frontiers colonial languages colonial infrastructure and authoritarian institutions as well as the social intricacies and imbalances so characteristic of the colonial situation The contributions to this volume look at various aspects of these complex processes from intellectual history perspectives The topics dealt with are manifold Contributions deliberately attack key themes ideas and discourses of an intellectual history of Africa state modernity development dependency art etc and introduce important engaged public intellectuals from Africa and the African diaspora What is Africa and how is she related to the rest of the world How can she overcome her internal problems and her external dependencies These are perennial questions critically tackled by Africans throughout the 20th century Dealing with various cases looked at from a variety of perspectives the contributions to this book offer original insights into the intellectual history of Africa

**Echoes of Empire** Kalypso Nicolaidis, Berny Sebe, Gabrielle Maas, 2014-12-23 How does our colonial past echo through today's global politics How have former empire builders sought vindication or atonement and formerly colonized states reversal or retribution This groundbreaking book presents a panoramic view of attitudes to empires past and present seen not only through the hard politics of international power structures but also through the nuances of memory historiography and national and minority cultural identities Bringing together leading historians political scientists and international relations scholars from across the globe *Echoes of Empire* emphasizes Europe's colonial legacy whilst also highlighting the importance of non European power centres Ottoman Russian Chinese Japanese in shaping world politics then and now *Echoes of Empire* bridges the divide between disciplines to trace the global routes travelled by objects ideas and people and forms a radically different notion of the term empire itself This will be an essential companion to courses on international relations and imperial history as well as a fascinating read for anyone interested in Western hegemony North South relations global power shifts and the *longue durée*

*Curating empire* Sarah Longair, John McAleer, 2017-02-01 *Curating empire* explores the diverse roles played by museums and their curators in moulding and representing the British imperial experience This collection demonstrates how individuals their curatorial practices and intellectual and political agendas influenced the development of a variety of museums across the globe Taken together these contributions suggest that museums are not just sites for accessing history but need to be considered as historical sites of significance in themselves Individual essays examine the work of curators in museums in Britain and the colonies the historical display and interpretation of empire in Britain and the establishment of museum networks in the British imperial context *Curating empire* sheds new light on the relationship between museums as repositories for objects and cultural institutions for conveying knowledge and the politics of culture and the formation of identities throughout the British Empire

*The Ends of European Colonial Empires* Miguel Bandeira Jerónimo, António Costa Pinto, 2016-02-16 This volume provides a multidimensional assessment of the diverse ends of the European colonial empires addressing different geographies taking into account diverse chronologies of decolonization and evaluating the specificities of each imperial configuration under appreciation Portuguese Belgian French British Dutch

*Citizens and Subjects of the Italian Colonies* Simona Berhe, Olindo De Napoli, 2021-12-31 This is the first book on Italian colonialism that specifically deals with the question of citizenship subjecthood Such a topic is crucial for understanding both Italian imperial rule and the complex dynamics of the different

colonial societies where several actors like notables political leaders minorities etc were involved The chapters gathered in the book constitute an unprecedented account of a heterogeneous geographical area The cases of Eritrea Libya Dodecanese Ethiopia and Albania confirm that citizenship and subjecthood in the colonial context were ductile political tools which were structured according to the orientations of the Metropole and the challenges that came from the colonial societies often swinging between submission cooptation to the colonial power and resistance On one hand the book offers an account of the different policies of citizenship implemented in the Italian colonies in particular the construction of gradated forms of citizenship the repression and expulsion of dissidents the systems of endearment of local people and cooptation of the elites and the racialization of legal status On the other it deals with the various answers coming from the local populations in terms of resistance negotiation and construction of social identity

*Yearbook of Transnational History* Thomas Adam, 2018-05-31 The Yearbook of Transnational History is dedicated to disseminating pioneering research in the field of transnational history This inaugural volume provides readers with articles on topics such as soccer travel music and social policy These articles highlight the movement of ideas people policies and practices across various cultures and societies and explore the relations and connections and spaces created by these movements These articles make clear that historical phenomena from travel to music cannot be contained and explained within just one national setting The volume offers further a number of theoretical and methodological articles that provide insights into the concept of transnational history and the approach of intercultural transfer studies Last but not least the volume also includes a number of review articles These review articles provide an examination of books central to teaching transnational history as well as a historiographical exploration of the impact of transnational history on the field of sports history

#### **The French Colonial Mind: Mental maps of empire and colonial encounters** Martin Thomas, 2011-01-01

What made France into an imperialist nation ruler of a global empire with millions of dependent subjects overseas Historians have sought answers to this question in the nation's political situation at home and abroad its socioeconomic circumstances and its international ambitions But all these motivating factors depended on other less tangible forces namely the prevailing attitudes of the day and their influence among those charged with acquiring or administering a colonial empire The French Colonial Mind explores these mindsets to illuminate the nature of French imperialism The first of two linked volumes Mental Maps of Empire and Colonial Encounters brings together fifteen leading scholars of French colonial history to investigate the origins and outcomes of imperialist ideas among France's most influential empire makers Considering French colonial experiences in Africa and Southeast Asia the authors identify the processes that made Frenchmen and women into ardent imperialists By focusing on attitudes presumptions and prejudices these essays connect the derivation of ideas about empire

colonized peoples and concepts of civilization with the forms and practices of French imperialism in the nineteenth and twentieth centuries The contributors to *The French Colonial Mind* place the formation and the derivation of colonialist thinking at the heart of this history of imperialism *The New Imperial Histories Reader* Stephen Howe, 2020-07-24 In recent years imperial history has experienced a newfound vigour dynamism and diversity There has been an explosion of new work in the field which has been driven into even greater prominence by contemporary world events However this resurgence has brought with it disputes between those who are labelled as exponents of a new imperial history and those who can by default be termed old imperial historians This collection not only gathers together some of the most important influential and controversial work which has come to be labelled new imperial history but also presents key examples of innovative recent writing across the broader fields of imperial and colonial studies This book is the perfect companion for any student interested in empires and global history ***Routledge Handbook of Southeast Asian History*** Norman G. Owen, 2014-04-23 The study of the history of Southeast Asia is still growing evolving deepening and changing as an academic field Over the past few decades historians have added nuance to traditional topics such as Islam and nationalism and created new ones such as gender globalization and the politics of memory The *Routledge Handbook of Southeast Asian History* looks at the major themes that have developed in the study of modern Southeast Asian history since the mid 18th century Contributions by experts in the field are clustered under three major headings Political History Economic History and Social and Cultural History and chapters challenge the boundaries between topics and regions Alongside the rise and fall of colonialism topics include conflict in Southeast Asia tropical ecology capitalism and its discontents the major religions of the region gender and ethnicity The Handbook provides a stimulating introduction to the most important themes within the subject area and is an invaluable reference work for any student and researcher on Southeast Asia and Asian and World history *Colonial Internationalism and the Governmentality of Empire, 1893-1982* Florian Wagner, 2022-02-24 Explores how the International Colonial Institute a pervasive colonial think tank established in 1893 reformed colonialism to make empires last ***Anti-Colonial Resistance in South Africa and Israel/Palestine*** Ran Greenstein, 2022-07-15 This book provides a comparative historical study of the rise and evolution of anti colonial movements in South Africa and Israel Palestine It focuses on the ways in which major political movements and activists conceptualised their positions vis a vis historical processes of colonial settlement and indigenous resistance over the last century Drawing on a range of primary sources the author engages with theoretical debates involving key actors operating in their own time and space Using a comparative framework the book illustrates common and divergent patterns of political and ideological contestations and focuses on the relevance of debates about race and class state and power ethnicity and nationalism Particular attention is given to South Africa and Israel Palestine s links to global campaigns to undermine foreign domination and internal oppression tensions between the quests for national liberation and equality of rights the role of dissidents from within the

ranks of settler communities and the various attempts to consolidate indigenous resistance internally while forging alliances with other social and political forces on the outside This book will be of interest to scholars in the fields of African History Middle East History and African Studies and to social justice and solidarity activists globally

**British Royal Visits and Black Loyalism in Twentieth-century Southern Africa** Hilary Sapiro, 2024-10-31 Exploring the entwined histories of British royal visits to Southern Africa in the twentieth century this book analyses the clashing voices of dissent and cheering crowds that accompanied royal tours providing insight into the shifting nature of Black loyalism Originating in the Indigenous empire loyalism of eighteenth century Canada Black loyalism encompassed loyalty to the British crown and a shared ideology of rights and entitlements which positioned the crown as a source of protection against white settler rapacity colonial violence and racial oppression However expressions of monarchical devotion were often double edged and addressed the fundamental contradiction of a crown that was both the source of rights and complicit in colonial conquest appropriation and misrule It was on royal occasions such as jubilees coronation celebrations and especially royal visits when the sovereign was literally amongst their more distant subjects that loyalist sentiment was rekindled reinvented and made directly relevant to the concerns of the day By analysing change and continuity in Black perspectives towards both the British and Indigenous African monarchy during these visits this book offers a fruitful way into examining an array of Black Southern African discourses on governance political values and cultural identities across the region It argues that the refashioning of British imperial monarchy in the twentieth century was profoundly shaped by African initiatives and re imaginings and provides valuable reading for those researching imperialism popular attitudes to the British monarchy in the twentieth century and the diverse politics and identities of southern Africa
