Praying in Color: Drawing a New Path to God Sybil MacBeth, 2019-12-16 Just as Julia Cameron in *The Artist's Way* showed the hardened Harvard businessman he had a creative artist lurking within, MacBeth makes it astonishingly clear that anyone with a box of colors and some paper can have a conversation with God. Publishers Weekly starred review: "Maybe you love color. Maybe you are a visual or kinesthetic learner, a distractible or impatient soul, or a word-weary pray-er. Perhaps you struggle with a short attention span, a restless body, or a tendency to live in your head. Maybe your prayers feel more like a list for Santa Claus than a love letter to God, or you're just bored with the same old prayers you've said since you were a toddler. Maybe you're not sure that anyone out there is listening, or you just feel deep in your bones a hunger to know God better. The prayer practice *Praying in Color* was born when Sybil's desperation to pray for family and friends intersected with her love of color and doodling. *Praying in Color* invites the whole body into prayer and gives you a new way to be with God. This revised expanded edition of the bestselling groundbreaking book presents double the wisdom and insight from Sybil MacBeth from fifteen years of experience praying, teaching, and leading workshops. Includes a foreword by Lauren F. Winner, author of *Girl Meets God*. Brings a sense of fun and delight into prayer time. Gathers our mind, body, emotions, thoughts, and spirit into the same space for a while. Is ideal for praying on your own or in small groups, church fellowships, hospital rooms, university classrooms, prison ministry, elementary schools, and so much more. Sections of the book include: Disgruntled Prayers, Praying Your To Do List, Praying for Our Enemies, Hodgepodge Prayers, Twelve Step Prayers, Praying with Scripture, Praying the Liturgical Year, Praying in Community, Sending and Sharing Prayers, and so much more. More than 150,000 people have discovered a delightful way to pray with the right side of the brain. *Praying in Color* has forever changed the way people pray and will change your life too. It would not be an overstatement to say that *Praying in Color* rescued my devotional life from nonexistence. I've given away more copies of this book than I can count." Lauren F. Winner.

Anxious Creativity: When Imagination Fails David Trend, 2019-09-03. Creativity is getting new attention in today's America, along the way revealing fault lines in U.S. culture. Surveys show people overwhelmingly seeing creativity as both a desirable trait and a work enhancement, yet most say they just aren't creative. Like beauty and wealth, creativity seems universally desired but insufficiently possessed. Businesses likewise see innovation as essential to productivity and growth but can't bring themselves to risk new ideas. Even as one's inner artist is hyped by a booming self-help industry, creative education dwindles in U.S. schools. *Anxious Creativity: When Imagination Fails* examines this conceptual mess while focusing on how America's current edginess dampens creativity in everyone. Written in an engaging and accessible style, *Anxious Creativity* draws on current ideas in the social sciences, economics, and the arts. Discussion centers on the knotty problem of reconciling the expressive potential in all people with the nation's tendency to reward only a few. Fortunately, there is some good news: as scientists, economists, and creative professionals have begun advocating new ways of sharing and collaboration. Building on these prospects, the book argues that America's innovation crisis demands a rethinking of individualism, competition, and the ways creativity is rewarded.

their perilous tendency as guides of public feeling But as point after point presented itself for demonstration I found myself compelled to amplify what was at first a letter to the Editor of a Review into something very like a treatise on art to which I was obliged to give the more consistency and completeness because it advocated opinions which to the ordinary connoisseur will sound heretical I now scarcely know whether I should announce it is an Essay on Landscape Painting and apologize for its frequent reference to the works of a particular master or announcing it as a critique on particular works apologize for its lengthy discussion of general principles But of whatever character the work may be considered the motives which led me to undertake it must not be mistaken No zeal for the reputation of any individual no personal feeling of any kind has the slightest weight or influence with me The reputation of the great artist to whose works I have chiefly referred is established on too legitimate grounds among all whose admiration is honorable to be in any way affected by the ignorant sarcasms of pretension and affectation
