Bibliografie The Return of the Absent Father Haim Weiss, Shira Stav, 2022-02-25 The Return of the Absent Father offers a new reading of a chain of seven stories from tractate Ketubot in the Babylonian Talmud in which sages abandon their homes wives and families and go

away to the study house for long periods Earlier interpretations have emphasized the tension between conjugal and scholarly desire as the key driving force in these stories Haim Weiss and Shira Stav here reveal an additional layer of meaning to the father figure's role within the family structure By shifting the spotlight from the couple to the drama of the father's relationship with his sons and daughters they present a more complex tension between mundane domesticity and the sphere of spiritual learning represented by the study house This coauthored book presents a dialogic encounter between Weiss a scholar of rabbinic literature and Stav a scholar of modern Hebrew literary studies Working together they have produced a book resonant in its melding of the scholarly norms of rabbinics with a literary interpretation based in feminist and psychoanalytic theory
