Full Version Dave Grossman On Combat:

Armor ,2008 *Professional Journal of the United States Army* ,1999 Review of Current Military Literature ,2011

Military Review ,2015 **Military Sociology** Wilbur J. Scott,Karin Modesto De Angelis,David R. Segal,2022-12-30 This

textbook introduces the reader to the field of military sociology through narrative reviews of selected key studies in the discipline The book provides a guided introduction In each chapter the authors set the stage and then immerse the reader in Spotlights that is descriptions of essential studies that inform the discipline of military sociology The goal is to afford readers a ready pathway into how sociologists and social scientists have thought about topics in the study of the military and war Topics covered in the book include What is military sociology What does it have to offer in understanding armed forces wars and societies What basic tools are needed to ply sociological or more broadly social science perspectives for studying war and the military What are the bio social bases of war What does the spectrum of such societally organized violence look like How do societies raise and maintain formal militaries What are variations in their social composition and in the profiles of civil military relations How and why is military organization and war changing so dramatically in the 21st century What does the future hold This book will be of great interest to students of military sociology the armed forces and society peace studies and International Relations The Police Identity Crisis Luke William Hunt,2021-03-30 This book provides a comprehensive

examination of the police role from within a broader philosophical context Contending that the police are in the midst of an identity crisis that exacerbates unjustified law enforcement tactics Luke William Hunt examines various major conceptions of the police those seeing them as heroes warriors and guardians The book looks at the police role considering the overarching societal goal of justice and seeks to present a synthetic theory that draws upon history law society psychology and philosophy Each major conception of the police role is examined in light of how it affects the pursuit of justice and how it may be contrary to seeking justice holistically and collectively The book sets forth a conception of the police role that is consistent with the basic values of a constitutional democracy in the liberal tradition Hunt s intent is that clarifying the police role will likewise elucidate any constraints upon policing strategies including algorithmic strategies such as predictive policing This book is essential reading for thoughtful policing and legal scholars as well as those interested in political philosophy political theory psychology and related areas Now more than ever the nature of the police role is a philosophical topic that is relevant not just to police officials and social scientists but to everyone **Advanced Land Warfare** Mikael Weissmann,Niklas

Nilsson,2023-04-13 This book explores the evolving role of land forces paying particular attention to the changes that have taken place in the art of commanding and executing combat as well as the role of rapid technological innovation and information dissemination in shaping warfare TWISTED BUT TRUE: Book III - Plugging Up the Holes Darren

Burch,2021-10-15 Retired Phoenix Police Sergeant Darren Burch captivates you on a third twisted police ride along with more outrageously macabre and riveting stories from his 30 year career as a rookie patrol officer sex crimes detective child

crimes supervisor and homicide night detective sergeant in this compelling follow up to the 2019 Pinnacle Award winning *Twisted But True* and the 2020 Pinnacle Award winning *Twisted But True Book II Filling in the Cracks* which resulted in Darren being featured on ID Channel's *American Detective* with Lt Joe Kenda Darren's horrifically brutal and morbidly funny true crime stories resumes with a vengeance starting with manic stories like finding a severed leg in A Dumpster Fire to the savagery of a triple murder in Easter Massacre to acts of depravity from sexual predators in *He's No Angel* and *Caught Red Faced* and even the supernatural with an inspirational tale in *Heavenly Sent* **Army Logistician**, 2004 [The Unthinkable \(Revised and Updated\)](#) Amanda Ripley, 2024-08-20 Unlock the secrets of survival with this riveting expedition into the science of disaster now revised and updated to address the pandemic the role of social media in disaster response and more from the New York Times bestselling author of *The Smartest Kids in the World* The thinking person's manual for getting out alive NPR's Book Tour A must read We need books like this to help us understand the world in which we live Nassim Nicholas Taleb author of *The Black Swan* and *Foiled by Randomness* Disaster can come in many forms from earthquakes and wildfires to pandemics and acts of terror Afterward when the dust settles and the survivors emerge we can't help but wonder Why did they live when so many others perished In *The Unthinkable* prize winning journalist Amanda Ripley who has covered some of the most devastating disasters of our age sets out to find the answers To understand the human reaction to chaos and imminent danger she turns to leading brain scientists trauma psychologists and other disaster experts from a Holocaust survivor who studies heroism to a master gunfighter who learned to overcome extreme fear Along the way we learn about the perils of crowd psychology the elegance of the brain's fear circuits how leaders can build trust quickly and other invisible factors that can make the difference between death and survival A fascinating combination of neuroscience firsthand accounts and thrilling investigative journalism this book is for anyone who has ever wondered how they would respond in a life and death situation or wanted to increase their odds of survival This new edition updates all the original research and features timely material on enormous slow moving disasters such as pandemics and climate catastrophes Most important it reveals the brain's ability to do much better with a little help [From Sorrow to Amazing Grace](#) Keith Knotek, 2022-08-01 Battling alcoholism depression and trauma by surrendering to Christ and having a daily spiritual connection with God *Military Psychologists' Desk Reference* Bret A. Moore, Jeffrey E. Barnett, 2014-04-01 The psychological well being of servicemen and women returning from war is one of the most discussed and contemplated mental health issues today Media programs debate the epidemic of PTSD in returning veterans and the potential fallout of a less than adequate veteran mental health system This public discussion is only a small glimpse into the field of military psychology One of the most diverse specialties within psychology it is a sector positioned and equipped to influence such concepts as psychological resilience consequences of extended family stress the role of technology in mental healthcare delivery and how to increase human performance under harsh conditions *Military Psychologists Desk Reference* is the

authoritative guide in the field of military mental health covering in a clear and concise manner the depth and breadth of this expanding area at a pivotal and relevant time Moore and Barnett former military psychologists bring together the field's top experts to provide concise and targeted reviews of the most salient aspects of military mental health and present the material in an easily digestible manner Chapters cover important topics such as military culture working with Special Operations Forces professional issues and ethical challenges women in combat posttraumatic stress anxiety and sleep disorders psychologists involvement in interrogations and how to build and sustain a resilient Force to name but a few Authors consist of a combination of current and former military psychologists psychiatrists social workers and Chaplains experts from the Department of Veterans Affairs prominent academicians and representatives from other governmental and civilian organizations This comprehensive resource is a must for every military psychologist as well as for non military clinicians researchers counselors social workers educators and trainees who increasingly need to be familiar with this specialized area of psychology

Crime Wars Paul Battersby, Joseph M. Siracusa, Sasho Ripiloski, 2011-01-19 This expert analysis addresses the many interconnections between political violence and crime including the transnational crimes of non state actors and the international crimes of states How crime is defined goes to the heart of the boundaries drawn between legitimate and illegitimate use of force between violence and non violence between legality and criminality *Crime Wars The Global Intersection of Crime Political Violence and International Law* presents a well balanced introductory analysis of this critically important subject addressing the many points of intersection between political legitimacy law political violence and criminal activity This thought provoking work examines the criminalization of the developing world opening up debate about the nature and cause of acts that transgress laws rules and social norms Acknowledging the subjective nature of crime it nevertheless urges readers to ask difficult questions about why law abiding persons and states sanction rule infringement law breaking and amoral policy Perhaps most importantly the authors assess structures of global and regional governance including legal regimes and major international non governmental agencies to offer unique historically grounded insights into security challenges and the ways in which global crimes and wars can be addressed in the 21st century

Journal of Medieval Military History John France, Kelly DeVries, Clifford J. Rogers, 2018-04-20 The *Journal of Medieval Military History* continues to consolidate its now assured position as the leading academic vehicle for scholarly publication in the field of medieval warfare *Medieval Warfare* The articles here offer a wide range of approaches to medieval warfare They include traditional studies of strategy on Baybars and the logistics of Edward II's wars as well as cultural history an examination of chivalry in Guy of Warwick intellectual history a broad analysis of strategic theory in the Middle Ages and social history on knightly training in arms The Hundred Years War is studied using cutting edge methodology data driven analysis of skirmishes and by tackling relatively new areas of inquiry environmental history There is also a close reading of Carolingian documents which sheds new light on armies and warfare in the time of Charles the Great Contributors Ronald W Braasch III

Pierre Galle Walter Goffart Carl I Hammer John Hosler Rabei G Khamisy Ilana Krug Danny Lake Gigu re Brian Price

Masculinities at the Margins Amanda Chisholm, Joanna Tidy, 2020-05-18 Across a rich terrain of empirical and theoretical trajectories the concept of military masculinity now understood in its plural as military masculinities has been a significant conceptual tool in both feminist international relations IR and in critical men and masculinities studies scholarship The concept has helped us to unpack the relationships between gender war and militarism including how military standards function in the production of wider normative hegemonic manliness As such military masculinities has been a rewarding tool for many scholars who take a critical approach to the study of war and the military This edited volume advances an emerging curiosity within accounts of military masculinities This curiosity concerns the silences within and disruptions to our well established and perhaps too comfortable understandings of and empirical focal points for military masculinities gender and war The contributors to this volume trouble the ease with which we might be tempted to synonymize militaries war and a neat hegemonic masculinity Taking the disruptions the asides and the silences seriously challenges the common wisdoms of military masculinities gender and war in productive and necessary ways Doing so necessitates a reorientation of where to whom and for what we look to understand the operation of gendered military power The chapters were originally published in a special issue of Critical Military Studies

Performance Under Stress James Szalma, Peter A Hancock, 2018-10-09 The world is a dangerous place and recent events have served to make it less safe There are many arenas of conflict and even combat across the world Such situations are the quintessential expression of stress you stand in imminent danger and live with the knowledge that you may be attacked injured or even killed at any moment How do people perform under these conditions How do they keep a heightened level of vigilance when nothing may happen in their immediate location for weeks or even months What happens when the bullets actually start flying How is it you distinguish friend from foe and each from innocent bystanders when in immediate peril of your life Can we design technology to help people make good decisions in these ultimately hazardous situations To what degree does your membership in a team act to dissipate these particular effects Can we generate sufficiently stressful field exercises to simulate these conditions and can we train and or select those most able to withstand such adverse conditions How will the next generation of servicemen deal with these inherent problems These are the sorts of questions that Performance Under Stress addresses This book is derived largely from a multiple year multiple university initiative MURI on stress and soldier performance on the modern electronic battlefield It involved leading researchers from many institutions who have brought their individual expertise to bear on these crucial contemporary concerns United by a common research framework these groups attacked the issue from different methodological and conceptual approaches ranging from traditional laboratory modeling and experimentation to realistic simulations from involved field exercises to personal experiences of actual combat conditions The insights generated have been distilled and presented as a benchmark of current understanding and provide future directions for research in this

arena Although this work focuses on soldier stress and soldier performance the principles that are derived extend well beyond this single application Their findings can be applied to people facing the demands of the business world or research as much as to those who meet life or death situations such as homeland security first responders and law enforcement personnel **The Unlawful Society** Paul Battersby,2014-08-05 Exploring the dynamics of law making in a world where the pace of technological change is outstripping our capacity to capture new forms of transnational crime this book uses the innovative concept of unlawfulness to examine the crimes of the global overworld forming a unique analysis of global order in the twenty first century **Policing Is About People** Martin J. Schwartz,2019-08-28 We often hear about acts of violence in our country which may require an intervention by the police But sometimes the actions techniques and methods used generate questions or criticism about the lawfulness and necessity of policing Thus many in and out of law enforcement continue to look for ways to improve what we view as inappropriate police conduct Who are these men and women called upon to keep the order peace and safety of our communities How are they recruited trained and supervised as they perform the duties we demand of them Martin J Schwartz s book Policing Is About People examines the lawfulness and methodology of police actions and considerations in evaluating them More importantly it identifies the humanness of the police as told by a police officer The book offers an opportunity to view policing as a function demanded by the people our constitutional founders Finally the book considers how to make policing better safer and smarter for both the citizenry and the police

Control Kevin Balfe,Hannah Beck,2013-04-30 Examines the culture of violence providing answers to the most commonly heard arguments on gun control **Video Gaming in Science Fiction** Jason Barr,2018-09-28 As video gaming and gaming culture became more mainstream in the 1970s science fiction authors began to incorporate aspects of each into their work This study examines how media fueled paranoia about video gaming first emerging almost fifty years ago still resonates in modern science fiction The author reveals how negative stereotypes of gamers and gaming have endured in depictions of modern gamers in the media and how honest portrayals are still wanting even in the forward thinking world of science fiction
