**The Sermon on the Mount** Clarence Bauman, 1985      Summary of Emmet Fox's The Sermon on the Mount Everest Media, 2022-04-25T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The life and death of Jesus Christ is the most important event in the history of mankind He is the most important figure because his teachings have influenced the course of human history more than any other figure 2 The first thing we must realize is that Jesus taught no theology whatsoever His teaching is entirely spiritual or metaphysical Historical Christianity has largely concerned itself with theological and doctrinal questions which have no part in the Gospel teaching 3 The Plan of Salvation which was so prominent in the evangelical sermons and divinity books of a past generation is completely unknown to the Bible Jesus did not authorize any form of Ecclesiasticism and his teachings on the subject are contemptuous 4 The history of orthodox Christianity is made up of attempts to enforce all sorts of external observances upon the people The Puritan attempt to enforce the Old Testament Sabbath upon Christians is a clear example of this      **The Rise of Liberal Religion** Matthew Hedstrom, 2013 Winner of the Frank S and Elizabeth D Brewer Best First Book Prize of the American Society of Church History Society for U S Intellectual History Notable Title in American Intellectual History The story of liberal religion in the twentieth century Matthew S Hedstrom contends is a story of cultural ascendancy This may come as a surprise most scholarship in American religious history after all equates the numerical decline of the Protestant mainline with the failure of religious liberalism Yet a look beyond the pews into the wider culture reveals a more complex and fascinating story one Hedstrom tells in *The Rise of Liberal Religion* Hedstrom attends especially to the critically important yet little studied arena of religious book culture particularly the religious middlebrow of mid century as the site where religious liberalism was most effectively popularized By looking at book weeks book clubs public libraries new publishing enterprises key authors and bestsellers wartime reading programs and fan mail among other sources Hedstrom is able to provide a rich on the ground account of the men women and organizations that drove religious liberalism's cultural rise in the 1920s 1930s and 1940s Critically by the post WWII period the religious middlebrow had expanded beyond its Protestant roots using mystical and psychological spirituality as a platform for interreligious exchange This compelling history of religion and book culture not only shows how reading and book buying were critical twentieth century religious practices but also provides a model for thinking about the relationship of religion to consumer culture more broadly In this way *The Rise of Liberal Religion* offers both innovative cultural history and new ways of seeing the imprint of liberal religion in our own times      *Father Ed Dowling* Glenn F. Chesnut, 2015-07-17 The story of Father Ed Dowling S J the Jesuit priest who served for twenty years as sponsor and spiritual guide to Bill Wilson the co founder of Alcoholics Anonymous An icy evening in December 1940 saw the first meeting of two extraordinary spiritual leaders Father Ed said that the graces he received from meeting Bill Wilson were as great as those he had received from his ordination as a priest and Bill in turn described encountering the Jesuit as being

like a second conversion experience where he could feel the transcendent presence of God filling the entire room with grace The good priest taught Wilson about St Ignatius Loyolas Spiritual Exercises about the eternal battle between good and evil which the Spanish saint described in that book and explained the Jesuit understanding of the way we can use our deepest emotions to receive guidance from God while serving on that battlefield The co founder of the twelve step movement in turn supplied Father Ed with some of the most valuable tools he possessed for carrying out small group therapy on a wide range of different kinds of troubled people Together the two men discussed Poulains Graces of Interior Prayer and Bills attempts to make spiritual contact with both spooks and saints and explored the world of LSD experiences and the teachings of the Catholic Hindu and Buddhist mystics in Aldous Huxleys Perennial Philosophy And we will see how Father Ed with his deep social conscience helped Bill W turn his book on the Twelve Traditions into a Bill of Rights for the twelve step movement and how he laid out his own spiritual vision of Alcoholics Anonymous at the A A International in St Louis in 1955 Tweak Nic Sheff,2009-05-12 The story that inspired the major motion picture Beautiful Boy featuring Steve Carell and Timoth e Chalamet This New York Times bestselling memoir of a young man s addiction to methamphetamine tells a raw harrowing and ultimately hopeful tale of the road from relapse to recovery Nic Sheff was drunk for the first time at age eleven In the years that followed he would regularly smoke pot do cocaine and Ecstasy and develop addictions to crystal meth and heroin Even so he felt like he would always be able to quit and put his life together whenever he needed to It took a violent relapse one summer in California to convince him otherwise In a voice that is raw and honest Nic spares no detail in telling us the compelling heartbreaking and true story of his relapse and the road to recovery As we watch Nic plunge into the mental and physical depths of drug addiction he paints a picture for us of a person at odds with his past with his family with his substances and with himself It s a harrowing portrait but not one without hope **Forty Something the Courage to Change** ,1993 A book on addiction and the recovery process **Each Mind a Kingdom** Beryl Satter,2001-05-14 Beryl Satter examines New Thought in all its complexity presenting along the way a captivating cast of characters In lively and accessible prose she introduces the people the institutions the texts and the ideas that comprised the New Thought movement Turning Point Dick B.,1997 Dick B is today regarded as the leading A A historian He is a writer Bible student retired attorney and active recovered member of the A A fellowship He has brought to the history table 1 His strong belief in the Creator Christianity and the Bible as the main source book for truth 2 His long and fervent work with newcomers in helping them to overcome their alcoholism with the power of God 3 His talents in writing and research that emerged from his work at the University of California where he received a Phi Beta Kappa key his editorship of the Stanford Law Review and his vigorous practice in writing and presenting legal briefs before many many courts This mid point treatise had been followed by and added up to 33 A A history titles so far This book is foundational *The Books Early AAs Read for Spiritual Growth* Dick B.,1998 The most exhaustive bibliography with brief summaries of all the books known to have been read and

carry the message more effectively      **Peace Is Oneness** Hilton L. Anderson, 2011-11-03 HUMANITY HAS REACHED A DANGEROUS TIPPING POINT of potential self destruction because our technical and scientific achievements have outdistanced our spiritual realization We must develop a new understanding of who we are centered on the realization of oneness with all of creation This realization can only be achieved by the combination and integration of rational logical thinking and mystical internal awareness Humanity has now reached the point where the two separate understandings of reality must be combined into a holistic understanding of existence Peace Is Oneness addresses the dangers of accepting the separation that results from our egos along with the ways that separation can be healed Both science and evolutionary religion define the same reality We must awaken from our dream state of separate selves and realize the oneness that is our true self of unconditional love Western culture has largely lost most of its connection to myth because of the dominance of material science We have what the ancient Greeks called logos but we have lost what they called mythos This is about to change as science and religion begin to define reality in the same way Will it happen quickly enough to save us from our own self destruction Your individual consciousness is essential in determining the outcome      **You Can't Make Me Angry** Dr. Paul O., 2022-01-14 And acceptance is the answer to all my problems today You may already know of Dr Paul s simple yet profound wisdom in the frequently quoted passage from his story in the Big Book of Alcoholics Anonymous Dr Paul continues sharing his experience strength and hope in this his second book You Can t Make Me Angry By the time you put this book down you will be convinced that people and circumstances don t make us angry we make ourselves angry People can t make us angry unless we let them We alone are responsible for our feelings A measure of the effectiveness of communication is the result it produces If you don t like the results you are getting when communicating with another person there s a great deal you can do about it I m not willing to let any thing or any person put my physical sobriety at risk why should I put less value on my emotional sobriety For physical sobriety we had to give up drinking and for emotional sobriety we have to give up blaming others No longer can we say You made me angry Instead we must accept personal responsibility for our emotional state This much responsibility may seem extreme yet in fact it is a great freedom Henceforth no person or situation can upset us if we don t give them or it permission to do so What could be a greater freedom than that Emotional maturity is like serenity The first time I felt serene I wondered what was happening but I liked the feeling and wanted more The more I got the more I wanted Serenity is addictive      *Loving evil into goodness* Gerd Reuter, 2025-03-17 Before you is an autobiographical work that describes the author s journey to becoming a believer It is also a philosophical excursion Gerd Reuter takes the reader with him on his journey allowing him to share in the experiences and adventures that describe pretty much all facets of a seeker What is evil what is good How can I imagine God What does devilish mean Doesn t everyone have both good and evil within them How do we manage to accept and integrate both equally and embrace both light and shadow within ourselves Gerd Reuter also sees himself as part of global society as part of a greater whole In his book he attempts to
