Geschichte Theologischen Heidelberg Neunzehnten Jahrhundert:

Zeitschrift für die Geschichte des Oberrheins, 1902 **Fate and Utopia in German Sociology, 1870-1923** Harry Liebersohn, 1990-08-15 Fate and Utopia in German Sociology provides a lucid introduction to a major sociological tradition in Western thought It is an intellectual history of five scholars Ferdinand Tönnies Ernst Troeltsch Max Weber Georg Simmel and Georg Lukács who created modern German sociology over the course of fifty years from 1870 to 1923 Liebersohn portrays his subjects as thinkers who were deeply immersed in the politics and poetry of their time and whose sociology benefited in unexpected ways from sources as diverse as medieval mysticism and Nietzsche's Birth of Tragedy He maps out their shared sociological discourse shaped in response to the fragmentation they perceived in public life in education and the arts and in Protestant religious life German sociology has generally been interpreted as having a tragic perspective on modern society as implied by the pervasive idiom of fate Liebersohn argues that this sense of fate was matched by an underlying utopian hope for an end to fragmentation rooted for all of his subjects in the Lutheran idea of community The book's five biographical chapters are structured to discuss ideas of community society and personality in the work of the individual discussed while there is a general movement among the chapters from community to society to socialism Many specific texts are discussed and the overall orientation is one of intellectual history rather than sociological analysis **W.M.L. de Wette, Founder of Modern Biblical Criticism** John W. Rogerson, 1992-02-01 W M L de Wette 1780 1849 was not only one of the founders of modern Old Testament criticism His loss and recovery of Christian faith his dismissal from his post in Berlin in 1819 on political grounds and his long subsequent exile in Basel left their mark upon his work in New Testament ethics dogmatics and aesthetics This first modern critical study of de Wette's life and work evaluates his achievements in the context of his own times and assesses their importance on modern biblical scholars *Geschichte der Evangelischen Kirche in Baden* Johannes Ehmann, 2025-04-25 Der dritte Band der geplanten vierbändigen Darstellung der Geschichte der Evangelischen Kirche in Baden befasst sich mit dem auch aus kirchenhistorischer Perspektive langen 19. Jahrhundert Behandelt werden die Geschichte der Landeskirche von der badischen Union 1821 bis zum Ende des landesherrlichen Kirchenregiments 1918 die Anfänge der Erweckung und der Inneren Mission in Baden die Revolutions- und Restaurationszeit 1848/1860 sowie die kirchenpolitischen Frontstellungen vor und während der badischen Neuordnung der zweiten Hälfte des 19. Jahrhunderts Besonderes Augenmerk gilt dem politischen und kirchenpolitischen Wirken Großherzog Friedrichs I. und dem Wirken des Kulturprotestantismus in Theologie und Kirche Schließlich werden auch moderne Strömungen identifiziert die so unterschiedliche Bereiche wie den Neokonfessionalismus die kirchliche Baukunst und die soziale Frage in der Zeit der Wende zum 20. Jahrhundert betreffen Der vierte Band wird sich der Geschichte der Evangelischen Kirche im Wechsel der Staatsordnungen 1919/1973 widmen History of the Protestant Church in Baden The third volume of the planned four volume presentation of the history of the Protestant Church in Baden deals with the long 19th century also from the perspective of

church history It looks upon the history of the regional church from the Union of Baden in 1821 to the end of the sovereign church regime in 1918 the beginnings of the revival and the Inner Mission in Baden the revolutionary and restoration period 1848 1860 as well as the church political frontlines before and during the Baden New Era of the second half of the 19th century Particular attention is paid to the political and ecclesiastical activities of Grand Duke Frederick I and the impact of cultural Protestantism in theology and the church Finally modern currents are also identified covering areas as diverse as neo confessionalism ecclesiastical architecture and the social question at the turn of the 20th century The fourth volume will be devoted to the history of the Protestant Church in the change of state orders 1919 1973

Biblical Studies and the Shifting of Paradigms, 1850-1914 Graf Henning Reventlow, William Reuben Farmer, 1995-01-01 The volume contains the contributions to a symposium in which specialists in different fields worked together in the attempt to throw by their cooperation more light on the conditions theological convictions and worldview political climate influence of state officials educational institutions and churches which were influential in the development of biblical studies in the second half of the 19th century The discussion originated with a special problem the thesis of William Farmer one of the co editors of the volume that the appointment of Heinrich Julius Holtzmann who defended the priority of the gospel of Mark as the oldest synoptic gospel to the New Testament professorship in Strasbourg in 1872 was the result of a direct intervention of the imperial chancellor Bismarck in the context of the kulturkampf who wished thereby to weaken the Roman Catholic position defending the supremacy of the chair of St Peter by the authority of the gospel of St Matthew Mt 16 18 The question belongs in the broader context of the presuppositions of Bible exegesis in the second half of the 19th century As both editors agreed that the matter is not yet finally settled it seemed to be essential for coming to deeper insights into the conditions under which biblical exegesis was enacted in the 19th century to broaden the scenery and to include other aspects that might throw more light on a period widely unknown to many scholars belonging to the present generation Therefore specialists of different fields joined a symposium in order to elucidate from their respective viewpoints and interests basic themes and methods of biblical exegesis scientific theology and the relations between state and university in the 19th century

The Oxford History of Modern German Theology, Volume 1: 1781-1848 Grant Kaplan, Kevin M. Vander Schel, 2023-05-20 From the

closing decades of the eighteenth century German theology has been a major intellectual force within modern western thought closely connected to important developments in idealism romanticism historicism phenomenology and hermeneutics Despite its influential legacy however no recent attempts have sought to offer an overview of its history and development Oxford History of Modern German Theology Vol I 1781 1848 the first of a three volume series provides the most comprehensive multi authored overview of German theology from the period from 1781 1848 Kaplan and Vander Schel cover categories frequently omitted from earlier overviews of the time period such as the place of Judaism in modern German society race and religion and the impact of social history in shaping theological debate Rather than focusing on individual figures alone Oxford History of Modern German Theology Vol I 1781 1848 describes the narrative arc of the period by focusing on broader intellectual and cultural movements ongoing debates and significant events It furthermore provides a historical introduction to each of the chronological subsections that divides the book Moreover unlike previous efforts to introduce this time period and geographical region the volume offers chapters covering such previously neglected topics as religious orders the influence of Romantic art secularism religious freedom and important but overlooked scholarly initiatives such as the Corpus Reformatorum Attention to such matters will make this volume an invaluable repository of scholarship and knowledge and an indispensable reference resource for decades to come

Luther In Kierkegaard's time the main influence on theology was probably German philosophy and specifically Hegelianism. Most of the German theologians were in some way in a critical dialogue with this movement. Another important influence was Schleiermacher who visited Copenhagen in 1833 and was important for several Golden Age thinkers. From his student days Kierkegaard kept abreast of the German theological literature from which he drew much inspiration. *Bibliographie der badischen Geschichte* Friedrich Lautenschlager, 1933. **Challenging Colonial Discourse**, 2005. This first comprehensive analysis of the relationship between Jewish Studies and Protestant theology in Wilhelmine Germany challenges accepted opinions and contributes to a differentiated image of Jewish intellectual history as well as Jewish Christian relations before the Holocaust. Katalog der Bibliothek der Königlichen Technischen Hochschule zu Berlin Technische Hochschule Berlin. Bibliothek, 1907. *Der Konziliarismus als Problem der neueren katholischen Theologie* Hans Schneider, 2011-12-07. Die seit 1925 erscheinenden Arbeiten zur Kirchengeschichte bilden eine der traditionsreichsten historischen Buchreihen im deutschsprachigen Raum. Sie enthalten Forschungen zur Kirchen- und Dogmengeschichte des Christentums aller Epochen veröffentlichten aber auch Arbeiten aus verwandten Disziplinen wie beispielsweise der Archäologie, Kunstgeschichte oder Literaturwissenschaft. Kennzeichnend für die Reihe ist der durchgängige Anspruch, historisch-methodische Präzision mit systematischen Kontextualisierungen des jeweiligen Gegenstandes zu verbinden. In jüngerer Zeit erscheinen verstärkt Arbeiten zu Themen einer Kultur- und Ideengeschichte des Christentums in einem methodisch offenen christentumsgeschichtlichen Horizont.
