**Get the Picture** John Godfrey Morris, John G. Morris, 2002-06-15 How do photojournalists get the pictures that bring us the action from the world's most dangerous places How do picture editors decide which photos to scrap and which to feature on the front page Find out in *Get the Picture* a personal history of fifty years of photojournalism by one of the top journalists of the twentieth century John G Morris brought us many of the images that defined our era from photos of the London air raids and the D Day landing during World War II to the assassination of Robert Kennedy He tells us the inside stories behind dozens of famous pictures like these which are reproduced in this book and provides intimate and revealing portraits of the men and women who shot them including Robert Capa Henri Cartier Bresson and W Eugene Smith A firm believer in the power of images to educate and persuade Morris nevertheless warns of the tremendous threats posed to photojournalists today by increasingly chaotic wars and the growing commercialism in publishing the siren song of money that leads editors to seek pictures that sell copies rather than those that can change the way we see the world [My Search](#) Susaik
