Kohn,2016-11-09 This is not the end of Jake and Theo Their adventures are just beginning As the author I have fully enjoyed my two leading characters Some people might call them foulmouthed womanizing alcoholics but whatever you may think of them they are real human beings true to themselves I m moving on to other writings for a while but by no means am I abandoning my detectives As of now I have several books in the beginning stage one of them being a children s book Don t laugh There are people out there who said I would never write a book at all that I lack the skills True my grammar sucks putting it mildly but I didn t let that stop me I have never had an editor My daughter helped me with this one and I did meet a few people on the way who lent me support and a hand or two I wish I had a dollar for every book I gave away to people who never even opened a page This does not make me angry it just makes me stronger If my books seem to read differently or awkwardly then you most likely don t know that they should read a little like a screenplay That s because they were all written as screenplays and meant to be turned into films I kind of like it that way Most authors write 100 pages of story and 300 pages of description I on the other hand like 300 pages of story and 100 pages of description Leave description to the reader s imagination I m going to take a much needed rest for now but keep an eye out for me I m not going away for long I assure you of that By the way if you re all wondering what Jake O Malley really looks like check out Armand Assante s latest works on film or just go back and watch the Emmy award winning film Gotti That s my Jake *Dark State* Charles

Ball,2018-06-07 The bankruptcy of the investment bank Lehman

Brothers was the pivotal event of the 2008 financial crisis and the Great Recession that followed Ever since the bankruptcy there has been heated debate about why the Federal Reserve did not rescue Lehman in the same way it rescued other financial institutions such as Bear Stearns and AIG The Fed s leaders from that time especially former Chairman Ben Bernanke have strongly asserted that they lacked the legal authority to save Lehman because it did not have adequate collateral for the loan it needed to survive Based on a meticulous four year study of the Lehman case *The Fed and Lehman*

Brothers debunks the official narrative of the crisis It shows that in reality the Fed could have rescued Lehman but officials chose not to because of political pressures and because they underestimated the damage that the bankruptcy would do to the economy The compelling story of the Lehman collapse will interest anyone who cares about what caused the financial crisis whether the leaders of the Federal Reserve have given accurate accounts of their actions and how the Fed can prevent future financial disasters The Catch Archer Mayor, 2008-09-30 Joe Gunther a policeman for most of his adult life gets the call
