power of kindness and community that lasts It tells us that the most exciting things can happen in the most unexpected places and that the most profound and lasting magic can happen in the most ordinary things Here s how the story starts

Once upon a time on a bright morning in a place not too far away a tall man named Tim lived there Tim was a good example of the power of being taller than most people He stood out in a world where most people couldn t even reach his chest He was amazed by the unique view his height gave him since he was so tall that even the largest people of his time were dwarfed by him From his point of view the way the world worked was both interesting and strange Tim lived in the middle of a huge busy city in a big stately house that fit his towering height It was a beautiful building that looked like it reached for the sky and it reflected how powerful he was in the city The greatness of the building was shown by its beautiful front which had intricate carvings and tall columns on either side of the entrance Tim looked out over the skyline from his luxurious home with a sense of power He watched the tiny people below going about their daily lives as if they were small figures in a big diorama Tim s world was full of highs and lows The things he did every day showed how different things were in his surroundings He walked through the twisting streets of the city and felt like a giant among the people who lived there In comparison the busy people looked like a sea of moving dots and the cars moving below him looked like small toys Even everyday things like lampposts and park benches looked like tiny decorations in his huge kingdom Tim loved the many benefits of being taller than most people He thought it was great that he didn t need ladders to get things off high shelves or change light bulbs His friends used to joke that he had a top shelf view of life Even though it was easy and interesting his height made him feel alone When he talked to other people he often had to stoop or crouch as if he were physically and mentally lowering himself to their level Even though he looked powerful and had a lot of luxury Tim was interested in a lot more than his big house and the city around it He wanted to see the world from a different point of view and understand what it was like to live with people whose lives seemed so small compared to his Tim was digging around in his closet one morning when he came across an old worn out map that would change his life forever He was interested in the paper because it had a picture of Tiny Island on it It drew him in with the promise of magic and wonder and he couldn t resist the pull of the unknown Tim went on an adventure holding the map tightly in his huge hand He was going to a world that was the exact opposite of his own The trip itself to Tiny Island was an adventure Tim the giant got on a small boat that seemed so small compared to him that it was almost funny As he flew away from the tall buildings of the city the world around him changed in a big way The water spread out in front of him and it looked like the sky went on forever It was a big change from his everyday life which was spent in crowded streets and big buildings As the boat got closer to Tiny Island Tim s heart rate went up When he stepped onto the island he felt like Gulliver in the land of the Lilliputians The trees around him were only about as tall as his knee and their leaves moved slowly in the breeze The flowers many colors look like little pearls strewn all over the ground The houses he found were small and cozy about the size of dollhouses and they were hidden among the

plants and flowers like gifts Tim was most interested in the people who lived on Tiny Island though These little people who were no taller than his hand made him smile with their strangeness Their eyes shone like stars and their big smiles made them look warm and friendly When a giant from the big world showed up it got their attention They welcomed him with open arms Tim and the Littles went on an adventure to find out more about the magical world of Tiny Island The Littles were so happy as they led him through fields of tiny flowers that smelled so good They went through beautiful woods where the trees sparkled in the light and they showed him the smallest animals on the island As the day went on Tim couldn't help but be amazed by how beautiful and simple Tiny Island was In a world where everything was small and fragile he learned a lot about how complicated life can be He liked the Littles ability to make a thriving community even though they were small Their tiny leaf and twig homes were works of art and their tiny crops gave them a lot of food Tim's friendship with the Littles grew stronger as time went on They told each other stories and laughed and Tim realized that they had a lot in common despite how different they looked He learned a lot from the Littles about being part of a group being kind and enjoying the simple things in life Tim knew it was time to leave Tiny Island when the orange and pink colors of the setting sun filled the sky with golden rays The Littles came to say their last goodbyes and their small voices were full of sadness and thanks They had grown to like the huge guest and when they left it meant the end of a great day Tim went back to the small boat that would take him back to the big city The Littles showed him the way He thanked his new friends very much and promised to come back As the boat moved away he looked back at the small island and thought about how nice the day had been Tim couldn't help but think about his trip to Tiny Island when he got back to the big city with its tall buildings and busy streets It had been a day of magic and new discoveries that had changed his view of life for good Even though he was the biggest person on Earth he found that the people of Tiny Island had a lot to teach him Tim went for a walk one day when the sun cast a warm golden glow over the city and made everything look warm and inviting On this beautiful morning Tim's path led him to a surprising find because of a bit of luck As he walked down the streets he knew lost in thought he came across a part of the city that looked like it wasn't being taken care of There a charming old bookstore was nestled between new shops Tim's attention was drawn to a dusty window display Beneath the layers of age and disrepair was a treasure chest of forgotten stories He opened the door which creaked and walked into the cozy little shop The walls were lined with rows and rows of books whose spines sagged from holding so many stories The air was full of the smell of old paper a relaxing scent that took him back in time right away As he walked along the shelves his fingers ran over the old covers of the books Each one held a world of adventure in its pages But it wasn't a book that brought him in that day it was a faded old map that stood out on a small wooden board next to the bar The title Tiny Island was written in a fancy curling script that seemed to whisper secrets of a long gone world The map was framed in broken leather The paper had turned yellow from age and the ink lines made complicated landscapes and strange shapes that hinted at adventure and mystery Tim's interest was first sparked by the

intriguing word but it grew into a strong desire to see this unknown country The chart's appeal drew him in and he couldn't say no to the temptation it offered As shown on the map Tiny Island wasn't just any island It was a magical place where reality seemed to shrink to comedic proportions People said that it was home to tiny people animals that were no bigger than his palm and homes that were no bigger than his palm Tim's heartbeat fast as he held the map which felt rough and brittle to the touch He felt like an adventurer from one of the many books he had read in his huge home library The idea of going somewhere where everything was small and pretty was enticing like a call to step out of the everyday and into the unusual Tim didn't think twice before making his choice He was going to Tiny Island a place that offered more magic and adventure than he could have ever imagined He set off on a trip that would take him far out of his comfort zone He left the busy streets of the city which seemed tiny next to their huge size behind
