God (in) Acts Christine H. Aarflot, 2020-06-26 The Acts of the Apostles reveals a God at work However what do God s actions reveal about God s character This question drives the present study whose ultimate goal is to discover what portrayal Acts constructs of God through God s actions Aarflot demonstrates how Jesus s ascension and the development of the gentile mission prove key to Acts distinctive portrayal of God The study explores what happens to the characterization of God when Jesus s character comes to resemble God through the ascension noting in particular the effect of ambiguous language that might refer to either God or Jesus on the portrayal of God It also considers how Acts depicts God through actions in Israel s past in relation to the narrative present This is done by looking at how God is characterized at decisive moments of Acts plot The resulting observations are ultimately synthesized in a final chapter presenting the portrayal of God in Acts The results of the study have implications for the discussion of the impact of Christology on theology and furthers the discussion of God in the New Testament by delineating a constant yet developing image of God and solidifies previous research s observations on the centrality of God s actions to Acts narrative

Snitch Ethan Brown,2007-12-10 Our criminal justice system favors defendants who know how to play the 5K game criminals who are so savvy about the cooperation process that they repeatedly commit serious crimes knowing they can be sent back to the streets if they simply cooperate with prosecutors In Snitch investigative reporter Ethan Brown shows through a compelling series of case profiles how the sentencing guidelines for drug related offenses along with the 5K1 1 section have unintentionally created a cottage industry of cooperators and led to fabricated evidence The result is wrongful convictions and appallingly gruesome crimes including the grisly murder of the Harvey family in Richmond Virginia and the well publicized murder of Imette St Guillen in New York City This cooperator coddling criminal justice system has ignited the infamous Stop Snitching movement in urban neighborhoods deplored by everyone from the NAACP to the mayor of Boston for encouraging witness intimidation But as Snitch shows the movement is actually a cry against the harsh sentencing guidelines for drug related crimes and a call for hustlers to return to old school street values like do the crime do the time Combining deep knowledge of the criminal justice system with frontline true crime reporting Snitch is a shocking and brutally troubling report about the state of American justice when it s no longer clear who are the good guys and who are the bad
