An Exploration of a New Poetic Expression Beyond Dichotomy

Shin'ichiro Ishikawa, 2004 This study attempts to re evaluate Lawrence s poetry which has often been read as a set of biographical documents or supplementary notes to his novels as fully independent literary work in the light of post modern critical theory The author carefully examines how Lawrence needed to misread his precursors the nineteenth century Romantics to establish himself as one of the modern poets What separates his poetry from his precursors is his self consciousness as a modern poet His search for radical freedom in language and his meta poetic exploration of a new poetic expression make him a true pioneer of the terra incognita in English poetry *Poetic Operations* micha

cárdenas, 2021-12-13 In *Poetic Operations* artist and theorist micha c rdenas considers contemporary digital media artwork and poetry in order to articulate trans of color strategies for safety and survival Drawing on decolonial theory women of color feminism media theory and queer of color critique c rdenas develops a method she calls algorithmic analysis Understanding algorithms as sets of instructions designed to perform specific tasks like a recipe she breaks them into their component parts called operations By focusing on these operations c rdenas identifies how trans and gender non conforming artists especially artists of color rewrite algorithms to counter violence and develop strategies for liberation In her analyses of Giuseppe Campuzano s holographic art Esdras Parra s and Kai Cheng Thom s poetry Mattie Brice s digital games Janelle Mon e s music videos and her own artistic practice c rdenas shows how algorithmic analysis provides new modes of understanding the complex processes of identity and oppression and the intersection of gender sexuality and race [The Poetics of Difference](#)
