and far reaching The poster campaigns were very powerful in terms of the impact on their populations and point to how the regimes could influence people outside their homes and in public places to support the regimes and their policies The book looks at specific posters to discuss key regime policies associated with them and this offers us new insights into the nature of these authoritarian governments and the way in which they addressed their populations *The One Romanian* Geoff Newman,2016-07-26 Another tightly written thriller to supplement the highly successful Jack Mawgan Trilogy This time Jack takes on a dark and callous foe whose evil methods include medieval torture delivered under a cloak of religious fanaticism A knock on the door of his London apartment a beautiful woman needs his help Jack sets out on another crime fighting adventure that nearly costs him his life Once again Jack finds he is unable to resist the challenge to his detective skills He is faced with the apparently motiveless murder of four Romanian men who are found floating in the Thames What could possibly link the murders in London to Rome Bucharest and the Falklands The answer involves shocking revelations of a British plan to launch a nuclear attack in South America and uncovers corruption in the Catholic Church on a global scale Jack has his work cut out About to Die Barbie Zelizer,2010-12-01 Due to its ability to freeze a moment in time the photo is a uniquely powerful device for ordering and understanding the world But when an image depicts complex ambiguous or controversial events terrorist attacks wars political assassinations its ability to influence perception can prove deeply unsettling Are we really seeing the world as it is or is the image a fabrication or projection How do a photo s content and form shape a viewer s impressions What do such images contribute to historical memory About to Die focuses on one emotionally charged category of news photograph depictions of individuals who are facing imminent death as a prism for addressing such vital questions Tracking events as wide ranging as the 1906 San Francisco Earthquake the Holocaust the Vietnam War and 9 11 Barbie Zelizer demonstrates that modes of journalistic depiction and the power of the image are immense cultural forces that are still far from understood Through a survey of a century of photojournalism including close analysis of over sixty photos About to Die provides a framework and vocabulary for understanding the news imagery that so profoundly shapes our view of the world Word Pictures in the New Testament A.
