Shepard, 2024-10-13 A Columbine Book is a narrative nonfiction novel the first book to tell the story of the Columbine High School shooting through the voices of those who lived it Based on over 20 years of steady research this book

utilizes dialogue and descriptions from official reports and survivor statements to construct a story that shows minute by minute in painful clarity what it was like to experience the worst school shooting of the decade Follow along as a normal suburban school day becomes a living nightmare that will change the world *Parkland* Dave Cullen,2019-02-12 The New York Times bestseller about the extraordinary young survivors who took on the gun lobby One of the most uplifting books you will read all year The Washington Post Back in 1999 Dave Cullen was among the first to arrive at Columbine High even before most of the SWAT teams went in While writing his acclaimed account of the tragedy he suffered two bouts of secondary PTSD He covered all the later tragedies from a distance working with a cadre of experts cultivated from academia and the FBI but swore he would never return to the scene of a ghastly crime But in 2018 Cullen went to Marjory Stoneman Douglas High School because something radically different was happening After nearly twenty years witnessing the mass shooting epidemic escalate he was stunned and awed by the courage anger and conviction of the high school s students Refusing to allow adults and the media to shape their story these remarkable adolescents took control pushing back against the NRA and feckless Congressional leaders organizing the massive March for Our Lives demonstration and inspiring millions to join their grassroots neveragain movement They used their grief as a catalyst for change and galvanized a nation Cullen unfolds the story of Parkland through the voices of key participants Instead of taking us into the mind of the killer he takes us into the hearts of the Douglas students as they cope with the concerns of high school students everywhere awaiting college acceptance letters studying for midterms competing against their athletic rivals putting together the yearbook staging the musical Spring Awakening enjoying prom while moving forward from a horrific event that has altered them forever Deeply researched and beautifully told Parkland is a moving petition to America that it not look away from the catastrophes at Columbine Sandy Hook Virginia Tech and yes Parkland It succeeds as an in depth report about the generational campaign in the aftermath of the Parkland tragedy a bi partisan movement advocating serious gun reform Atlanta Journal Constitution A page turner Both realistic and optimistic this insightful and compassionate chronicle is a fitting testament to a new chapter in American responses to mass shootings Publishers Weekly starred review *SOLDIERS FIRST*. DAVE. CULLEN,2024 **The Martyrs of Columbine** J. Watson,2003-05-02 On April 20 1999 Eric Harris and Dylan Klebold killed twelve fellow students and one teacher at Columbine High School in Littleton Colorado Two of the victims of the Columbine massacre Cassie Bernall and Rachel Scott reportedly were asked by the gunmen if they believed in God Both supposedly answered Yes and were killed Within days of their death Cassie and Rachel were being hailed as modern day martyrs and are seen by many American evangelicals as the sparks of a religious revival among teenagers Cassie and Rachel as innocents martyred for faith also became useful symbols for those seeking to advance a conservative political agenda and to lay the blame for Columbine at the feet of their liberal opponents According to police investigators however Cassie and Rachel may never have been asked by their killers about God They may have been simply victims of a senseless crime rather

than martyrs to a cause The Martyrs of Columbine provides a careful examination of the available evidence and attempts to discover what really occurred Despite these questions the martyr stories continued to be told and the religious and political use of Cassie and Rachel continues The popular significance of the martyrs of Columbine persists and may even be growing How and why is this happening The Martyrs of Columbine is a groundbreaking investigation of what this tragedy has come and will come to mean in American religion politics and culture
