Nightmare in Hostage Hills Christina Mask, 2017-11-20 Sadly Christina s journey and her children s experience of being collateral damage is not atypical Kudos for her strength and bravery in putting her story out there as a cautionary tale for others Dr Susan Weitzman author *Not to People like Us* Hidden Abuse in Upscale Marriages Christina Mask s *Nightmare* is constructed around fragments from a life in agony as one woman attempts to escape abuse retain her sanity and regain the custody of three children the family court and her husband have taken from her It s all here the daily records over months then years the diary entries the self blame the excuses the shame the absurdist dialogues with family therapists marginalia from readings or lectures or religious texts letters pleadings with judges and lawyers and evaluators poems letters to and from the children real and imagined the reports that put her claims of abuse in quotations and so so much more These pieces are loosely joined by a narrative and an interior monologue that I sometimes found too much to bear But then I realized I was scanning something akin to a Picasso painting whose underlying truth lay not in what was on the page not the fragments but in the hope that put them out here no more evident than in the endlessly reasonable letters Mask writes to intractable foes Mask has cast her eye on what Yeats termed the broken crumbling battlement of the self and lived to write it As one director famously said about the sixty women and children crowded into her six bedroom shelter If they can manage this they can manage anything Christina s book gives us faith that she is right Evan Stark PhD MSW The writer is professor emeritus at Rutgers University and author of *Coercive Control How Men Entrap Women in Personal Life* Oxford 2007

Ruthless Immigration; the Rise to Democracy and the New American Geno Osborne, 2008-06-25 The Rise to Democracy The writing of this book is to help educate young America because the old ways no longer work It is clear the justice system in our country is nothing more than a reflection of what it used to represent The issues regarding increased border patrol speeches to the public about guaranteed citizenship were all deception by way of United States election Many immigrants have already learned of other ways to fight for permanent residency in the states It's a game of deception called I want to become an American Citizen You know the process of doing whatever it takes Years ago it began one city block at a time Later the issue took over various communities And now repopulating the region It won't be long before the nation bows down to the color of another flag and the culture of a different country

The First Lady James Patterson, 2019-03-12 One secret could bring down the government when the President's memorable affair becomes a nightmare he longs to forget in this page turner from James Patterson that will keep you up reading all night long Sally Grissom is a top Secret Service agent in charge of the Presidential Protection team She knows that something is amiss when she's summoned to a private meeting with the President and his Chief of Staff without any witnesses But she couldn't have predicted that she'd be forced to take on an investigation surrounding the mysterious disappearance of the First Lady with strict orders to keep it a secret The First Lady's absence comes in the wake of the scandalous public revelation of the president's affair so at first it seems as though she is simply cutting off all contact as she recuperates at a horse farm in Virginia What begins as an innocent respite quickly turns into a twisted case when the White House receives a ransom note along with the First Lady's finger

Who Governs the Internet? Robert J. Domanski, 2015-10-22 There remains a widespread perception among both the public and elements of academia that the Internet is ungovernable However this idea as well as the notion that the Internet has become some type of cyber libertarian utopia is wholly inaccurate Governments may certainly encounter tremendous difficulty in attempting to regulate the Internet but numerous types of authority have nevertheless become pervasive So who then governs the Internet This book will contend that the Internet is in fact being governed that it is being governed by specific and identifiable networks of policy actors and that an argument can be made as to how it is being governed This book will present a new conceptual framework for analysis that deconstructs the Internet into four policy layers with the aim of formulating a new political architecture that accurately maps out and depicts authority on the Internet today Foremost it will seek to draw a distinction between those actors who have a demonstrable policymaking

authority versus those who merely wield influence The book will then apply this four layer model to an analysis of U S national cybersecurity policy post 9 11 Ultimately it will seek to determine the consequences of these political arrangements and governance policies *Ladies' Night Out* Electa Rome Parks,2007-01-02 The acclaimed author of *Almost Doesn't Count* *The Ties that Bind* and *Loose Ends* now explores the bonds among four women and the secret confessions that could put their friendship at risk Meet Lexie Meshell Tonya and Tracee single successful and fierce women who happen to be best friends Devoted divas since college they've bonded over a monthly ritual to regroup hang out and keep it real With a little wine a little drama and a lot of laughs they discuss their dreams ambitions betrayals families and without a doubt the men in their lives that come and go But this night out arrives with a twist This time it's a night of mischievous sexual confessions For straitlaced Lexie it's a revelation that forces her to reconsider her sheltered life her inhibited past and her desire to finally lose control First comes her curious flirtation in a not so innocent chatroom Then comes the dare for Lexie to take her curiosity and her needs one thrilling step further for a personal deliverance that could threaten a longstanding friendship or bring four women closer to understanding themselves their men and their secret passions than ever before *Electa Rome Parks* has a witty and engaging way with words New York Times bestselling author Zane *The Guest House* Richard Segal,2021-05-25 In the paradox between achieving your goals and achieving the Impossible Dream which is preferable Meanwhile given a choice should you opt for cathartic or therapeutic *The Guest House* revives old acquaintances and reviews friendships that can't have a second life while answering the question of whether it is ever too late to be part of your own coming of age novel *A Minsky Moment* Perhaps but which Minsky *The Guest House* examines the future through the looking glass of the past without losing sight of the present And I'm still convinced the inventor of the mute button deserves the Nobel Peace Prize **What's Your Problem?** Jon Yates,2011-12-27 Watch out Goliath Jon Yates has a slingshot and he's teaching us how to use it Amy Dickinson New York Times bestselling author and America's favorite advice columnist Jon Yates gives consumers a great primer on how to solve their own customer service problems Angie Hicks Founder of Angie's List Jon Yates the Chicago Tribune's popular Problem Solver offers eminently practical money saving advice on how to become your own consumer advocate What's Your Problem is a godsend for anyone who has ever had to take on the bureaucracy from getting through to the cable company to dealing with identity theft to fighting the unfriendly skies The first book of its kind a combination of illuminating true stories and essential advice for cutting through the red tape put up by local governments health insurance companies and heartless corporations What's Your Problem is an indispensable handbook that can alleviate your frustrations once and for all and help you get the results you need fast *Try Catch Finally* Jem Matzan,2022-11-20 Ten years ago Halleck sold out The fear of poverty drove him to abandon entrepreneurship and seek shelter in the vast grey cube farms of a big old dinosaur technology company Fear suppressed Halleck's ambition for a decade and if it weren't for the mass layoff known as Chainsaw Friday it might have remained that way for the rest of his life
