Come Un Principio Come Un Principio:

, The Socratic Problem M. Montuori, 2022-06-08 This work is intended to offer to anyone still intending to devote himself to the Socratic problem a reliable means of approach by providing first of all a complete history of the problem itself from its first appearance during Socrates lifetime up to the present day The book provides not only the history of the problem but also the essential documents accompanied by brief explanatory and bibliographical contextual notes to be read in counterpoint with the chapters of its history These documents consist of 61 extracts from 54 authors from Fr ret onwards in other words from the beginning of the history of the problem of the socratic sources which arose in the Age of Enlightenment down to the present day These extracts are not intended to form a collection of the various representations interpretations or images of Socrates which succeeded each other in the history of socratic historiography instead the aim is to present in a logically and chronologically consistent order the various ways in which the problem of the sources of Socratism was presented and resolved in the course of two hundred years of study and research on the case of Socrates *Commentary and Tradition* Pierluigi Donini, 2010-12-23 The volume collects the most important papers Pierluigi Donini wrote in the last three decades with the aim of promoting a better assessment of post hellenistic philosophy The philosophical relevance of post hellenistic philosophy is now widely though not yet universally recognized Yet much remains to be done The common practice of focusing each single school in itself detracts from a balanced assessment of the strategies exploited by many philosophers of the period On the assumption that debates among schools play a major role in the philosophy of the commentators Donini concentrates on the interaction between leading Aristotelians and Platonists and demonstrates that the developments of both systems of thought were heavily influenced by a continuous confrontation between the two schools And whereas in cases such as Alcinous and Aspasius this is basically uncontroversial for other authors such as Alexander Antiochus and Plutarch the pioneering work of Donini paves the way for a better understanding of their doctrines and definitely confirms the intellectual importance of the first imperial age when the foundations were laid of versions of both Aristotelianism and Platonism which were bound to influence the whole history of European thought from Late Antiquity onwards **Debates ... in the session 1876-77 (-1885-86).** Malta council of government, 1887 L'Eterna Seduzione di Afrodite: L'Amore Divino, il Fascino e la Passione Achille Serpe, 2025-02-25 Esplora il mito senza tempo di Afrodite la dea dell'amore e della bellezza in un viaggio tra mitologia storia e cultura Questo libro ti guiderà attraverso i miti e le leggende dalle origini divine ai racconti epici Il potere del desiderio Afrodite come forza creatrice e distruttrice Il culto e l'influenza storica la venerazione nei secoli L'eredità culturale arte letteratura cinema e psicologia Le reinterpretazioni moderne il simbolismo di Afrodite oggi Un'opera imperdibile per chi ama la mitologia greca e desidera comprendere il potere dell'amore del fascino e della seduzione attraverso i secoli Nota Il contenuto interno di questa edizione del libro privo di immagini incentrato esclusivamente sul testo per garantire una lettura fluida e approfondita *La politica del rispetto* Anna Elisabetta
