**Come Aboard Noah's Ark** Deborah Chancellor,1999 The story of Noah s ark is beautifully illustrated by Julie Downing in Come Aboard Noah s Ark This book is the perfect teaching tool for young children and small hands will love turning the sturdy pages of this familiar and ever popular story of Noah s ark Thoughtful suggestions for discussing the main points of the story are included at the end of the book Ages 0 to 5 Noah's Arkive Jeffrey J. Cohen,Julian Yates,2023-06-13 A timely rethinking of the archetypal story of Noah the great flood and who was left behind as the waters rose Most people know the story of Noah from a children s bible or a play set with a colorful ship bearded Noah pairs of animals and an uncomplicated vision of survival Noah s ark however will forever be haunted by what it leaves to the rising waters so that the world can begin again In Noah s Arkive Jeffrey J Cohen and Julian Yates examine the long history of imagining endurance against climate catastrophe as well as alternative ways of creating refuge They trace how the elements of the flood narrative were elaborated in medieval and early modern art text and music and now shape writing and thinking during the current age of anthropogenic climate change Arguing that the biblical ark may well be the worst possible exemplar of human behavior the chapters draw on a range of sources from the Epic of Gilgamesh and Ovid s tale of Deucalion and Pyrrha to speculative fiction climate fiction and stories and art dwelling with environmental catastrophe Noah s Arkive uncovers the startling afterlife of the Genesis narrative written from the perspective of Noah s wife and family the animals on the ark and those excluded and so left behind to die This book of recovered stories speaks eloquently to the ethical and political burdens of living through the Anthropocene Following a climate change narrative across the millennia Noah s Arkive surveys the long history of dwelling with the consequences of choosing only a few to survive in order to start the world over It is an intriguing meditation on how the story of the ark can frame how we think about environmental catastrophe and refuge conservation and exclusion offering hope for a better future by heeding what we know from the past **Adam's Wish** Qurrat al-'Ayn,John S. **The York Mystery Plays** Margaret Rogerson,2011 Essays on the York Mystery Plays uniting voices from the scholarly world with the York community that has assumed responsibility for their production today The York Play of Corpus Christi also known as the York Cycle has been central to the study of early English theatre for over a century and a touchstone for the revival of medieval dramatic practice for over fifty years But these two endeavours have often found little common ground This volume therefore accomplishes something very important It brings together scholars of medieval English drama and places them in dialogue with experienced practitioners from the community Together they share a common commitment to understanding how performances matter to the communities that produce them and how plays intersect with other public activities CAROL SYMES Professor of History University of Illinois at Urbana This volume provides a wealth of new insights into the performance of mystery plays in medieval York and their modern revival It utilises both academic study and the practical experience of those who now produce the cycle within York itself on wagons in the street in an approximation of their original performance A number of topics are covered The manuscript is linked to Richard III the Masons are introduced

as non guildsmen in an enterprise assumed to be guild specific families not just male heads of households are shown to be important to the dramatic narrative and cognitive theory elucidates performance past and present Recent productions are discussed in lively detail by those directly responsible for them leading to analyses of performances in Israel Spain and Australia not all of them of a predictable kind which offer further angles on the medieval dramatic tradition Professor Margaret Rogerson teaches in the Department of English at the University of Sydney Contributors Margaret Rogerson Keith Jones Richard Beadle Sheila K Christie Mike Tyler Jill Stevenson Elenid Davies Ben Pugh Peter Brown Tony Wright Steve Bielby Emma Cunningham Alan Heaven Linda Ali Paul Toy Gweno Williams John Merrylees David Richmond Alexandra F Johnston Sharon Aronson Lehavi Pamela M King
