Johnston Atoll Chemical Agent Disposal System (JACADS), 1983 **Crisis and Restructuring in East Asia** S. Jeong, 2004-07-20. This book criticizes the widespread view that the 1997 Asian crisis was due to crony capitalism and puts the blame instead on misguided liberalization. It analyzes the case of Korea's business conglomerates, the chaebol, with particular attention to the car industry to show how liberalization contributed to the crisis even at the level of the firm. It shows how those firms that had developed innovative capabilities survived the crisis much better than those that had merely expanded into markets opened up by liberalization.

Korea Company Handbook, 2002 **Congressional Record** United States. Congress, 1999 **Building Materials**, 1984 *Building Materials: Asia, Africa, Near East*, 1984 **International Commercial Arbitration** Simon Greenberg, Christopher Kee, J. Romesh Weeramantry, 2011-01-17. There has been an exponential rise in the use of ICA for resolving international business disputes, yet international arbitration is a scarcely regulated specialty industry. *International Commercial Arbitration: An Asia Pacific Perspective* is the first book to explain ICA topic by topic with an Asia Pacific focus. Written for students and practising lawyers alike, this authoritative book covers the principles of ICA thoroughly and comparatively. For each issue, it utilises academic writings from Asia, Europe, and elsewhere, and draws on examples of legislation, arbitration procedural rules, and case law from the major Asian jurisdictions. Each principle is explained with a simple statement, before proceeding to more technical theoretical or comparative content. Real world scenarios are employed to demonstrate actual application to practice. *International Commercial Arbitration* is an invaluable resource that provides unique insight into real arbitral practice specific to the Asia Pacific region within a global context.
