Christopher Schmitt

Full Book Download Free Books About Full Book Or Use Online Viewer:

The Hidden Web William O. Scheeren, 2012-02-02 Google is certainly a useful Internet search tool for general topics but most of the information available on the Invisible Web can't be found through Google. This book explains the value of the Invisible Web and how to access it. Most students and researchers possess only rudimentary Internet searching skills. The majority of school and public librarians are not aware of the breadth and depth of information available on the Hidden Web. This is unfortunate as the ability to navigate the Hidden Web in schools and public libraries is essential to locating the most current and authoritative information. *The Hidden Web: A Sourcebook* serves as a valuable source of information about the Hidden Web, much of which comprises websites containing statistical information or data from a wide variety of government agencies. The concepts, search techniques and specific websites presented will be helpful in information literacy instruction and the teaching of research skills. *The Digital Reader* Terence W. Cavanaugh, 2006 The rapidly increasing availability and low cost of e-book technology make it perfect for schools and educators looking to expand their resources for readers. This book introduces the unique features that have established e-books as a powerful, effective learning tool for all grade levels and for special needs students. It includes descriptions and illustrations of the most popular e-book platforms and programs as well as dozens of practical ideas for using e-books for reading instruction, personal productivity and curricular enrichment. Brimming with interactive lesson ideas, teaching tips and online resources, this book is a must-have for teachers in all content areas and library media specialists. Descriptions of the most popular and affordable e-book devices, software and content for educators. Guidelines for accessing the free digital library resources available on the Web and for creating your own e-books using basic software tools. Strategies for using the annotation, reference and hypertext capabilities of electronic text to promote active reading. *The Web Library* Nicholas G. Tomaiuolo, 2004 Describes how to create a digital library of documents. **Ebook: Doing Your Research Project: A Guide for First-Time Researchers 8** WATERS, 2024-05-08 This new edition retains the excellent structure and tone of previous editions whilst bringing the text and examples up to date, reflecting the changing and dynamic social world we live in. Dr Steven Gascoigne, Assistant Professor, Centre for Lifelong Learning, University of Warwick, UK. This book combines theoretical knowledge and practical skills with case studies, examples and reflections in one easy-to-read book. A must for novice researchers. Dr Christina Cooper, Assistant Professor in Community Wellbeing, Northumbria University, UK. Now on its eighth edition, *Doing Your Research Project* remains the authoritative guide to conducting an outstanding research project. Guiding readers through each stage of the research journey, this book gives students the confidence to successfully conceptualise and complete their research. Written in its trademark student-friendly style, each chapter includes reflective questions to help students apply the advice to their own work. The authors cover a range of disciplines and methodologies, empowering students to make an informed choice about what best suits their research. While retaining its most loved features from previous editions, the latest edition provides

updated coverage of digital research techniques Examines the nature of research and the roles that researchers occupy Expands the discussion of research methods This bestselling resource is the ultimate companion to any research project whether you are a first time or experienced researcher Practical clear and concise Doing Your Research Project is vital reading for anyone embarking on a research project **ACCA F5 Study Material PDF Full View Download** , [iPad For Seniors For Dummies](#) Nancy C.
