

INTRODUCTION

Why is Charles Glass the Godfather of Bodybuilding? Charles has over 40 years of experience as a trainer. Charles has modified his methods through years of practical experience, observation, and results to produce dramatic and significant gains to anyone that applies them. Prior to becoming the Godfather of Bodybuilding, Charles was an engineer. His engineering background gave him additional insight and perspective on ways to manipulate the angles of exercises to improve their ability to recruit muscle fibers. Charles is known for adjusting exercises so that a greater number of muscle fibers are recruited, which leads to greater development of the trained muscles.

The world has numerous people that are deemed exercise and fitness experts. With Charles, the proof is in the pudding. His clients cross the spectrum from celebrities, fitness athletes, and pro athletes to everyday people. His list of clients includes some of the most successful people in the fitness industry, such as:
