Hinduismus und Buddhismus

ヒンズー的文化世界の展開

大塚久雄

この第二巻に収められているのは、「世界宗教の経済倫理」の中で第二番目に位置する「ヒンズー教と仏教」である。仏教と異なつて、深い現世拒否の性格を倍びつつも、ユダヤ的宗教意識とは社会学的に際立った対照を示すヒンズー的宗教意識の究明が、その内容をなしている。カースト制を中心とした外的・社会的事実の分析と、業と輪廻の神義論を中心とした内的・宗教的事実の分析とを銜い交ぜながら、ヒンズー的文化世界とそれから異端としてはみ出していく仏教的文化世界、そのそれぞれの展開が世界史的な構図の中で追究される。みごとな宗教社会学的比較が随所でわれわれの目をうつ。

On National Socialism Talcott Parsons, 2017-09-29 During the years between the publication of the first of his two major works *The Structure of Social Action* 1937 and the writing of his second *The Social System* 1951 Talcott Parsons was primarily engaged in political activity through the Office of Strategic Services in its efforts to bring about the defeat of the Third Reich and to set the stage for a democratic reconstruction of postwar Germany Beyond Parsons analytic skills the essays reveal a dedicated liberal scholar far removed from the stereotypes with which he came to be pilloried by later critics The essays in this collection are the by products of that special period of intense commitment They reflect a single dominant theme National Socialist Germany is seen as a tragically flawed social system but one requiring the same rigorous analysis Parsons brought to more normal and normative systems Since virulent authoritarianism and even more virulent anti-Semitism were the dominant traits of that system as he saw it Parsons dedicated many pages to each aspect While he did not know the full horror of the Nazi war against the Jews he was able to develop a theoretical framework that continues to be a foundation stone for the analysis of national socialism Gerhardt's editorial labors in the Parsons archive at Harvard have yielded nothing less than a new book by the foremost American sociological theorist of his time This collection of both published and unpublished writings conveys Parsons cohesive intent To these otherwise fugitive and neglected essays Gerhardt contributes an introductory essay of her own in part biography in part intellectual and social history She discovered Parsons work on National Socialism while studying his sociology of the professions and his use of medical practice to demonstrate how social science could become an antidote for fascism and authoritarianism Uta Gerhardt is director of the Medical Sociology Unit at Justu

Human Nature vs. Democracy Ludwig M. Auer, 2019-05-21 Modern liberal democracy is praised in a universalistic Western view as the best political system and a quasi prerequisite for full acceptance by the community of traditional hegemonial States However democracy is fully developed in only less than five percent of States globally and in decline in most Western countries In this book democracy is presented as a political system in danger due to its intrinsic flaws and tendency to self destruction The major flaw is that human nature is not adequately considered in democracy's conception its citizens We the people as individuals and as crowds are liberated into a dangerous ideology prioritizing freedom from society over membership in society and thereby causing decline in libertinism hedonism and polarization in divided and finally broken societies Proposals to resolve the rapidly growing crisis include education of citizens into the ethics of reciprocal altruism grounded in evidence from biological sciences and humanities professionalization of politics and a fundamental change of politics towards evidence based decision making thus ending politicking politicians personality affairs and the cold war of political parties the representative of class warfare in the sheep skin of interest group pluralism The author uses his background in human biology and psychology to discuss the relevance of philosophical and politological issues around democracy raised in past and recent literature and to highlight the prospects of
