**Longing for Justice** Jennifer S. Simpson, 2014-01-01 A timely and persuasive argument for Higher Education's obligations to our democratic society Longing for Justice combines personal narrative with critical analysis to make the case for educational practices that connect to questions of democracy justice and the common good Jennifer S Simpson begins with three questions First what is the nature

of the social contract that universities have with public life Second how might this social contract shape undergraduate education And third how do specific approaches to knowledge and undergraduate education inform how students understand society In a bold challenge to conventional wisdom about Higher Education Simpson argues that today s neoliberal educational norms foreground abstract concepts and leave the complications of real life especially the intricacies of power unexamined Analysing modern teaching techniques including service learning and civic engagement Simpson concludes that for Higher Education to serve democracy it must strengthen students abilities to critically analyse social issues recognize and challenge social inequities and pursue justice

Lauria Santiago,Ulla D. Berg,2025 Collection of essays by Johana Londo no and 21 others      **Changing Politics of Canadian Social Policy** James J. Rice,Michael J. Prince,2013-01-01 Changing Politics of Canadian Social Policy is a one of a kind resource in the fields of political science and social work      **Iranian Romance in the Digital Age** Janet Afary,Jesilyn Faust,2021-01-28 Following the 1979 Islamic Revolution there was a dramatic reversal of women s rights and the state revived many premodern social conventions through modern means and institutions Customs such as the enforced veiling of women easy divorce for men child marriage and polygamy were robustly reintroduced and those who did not conform to societal strictures were severely punished At the same time new social and economic programs benefited the urban and rural poor especially women which had a direct impact on gender relations and the institution of marriage Edited by Janet Afary and Jesilyn Faust this interdisciplinary volume responds to the growing interest and need for literature on gender marriage and family relations in the Islamic context The book examines how the institution of marriage transformed in Iran paying close attention to the country s culture and politics Part One examines changes in urban marriages to new forms of cohabitation In Part Two contributors such as Soraya Tremayne explore the way technology and social media has impacted and altered the institution of family Part Three turns its eye to look at marital changes in the rural and tribal sectors of society through the works of anthropologists including Erika Friedl and Mary Hegland Based on the work of both new and established scholars the book provides an up to date study of an important and intensely politicized subject      **Small Cities, Big Issues** Christopher Walmsley,Terry Kading,2018-07-20 Small Canadian cities confront serious social issues as a result of the neoliberal economic restructuring practiced by both federal and provincial governments since the 1980s Drastic spending reductions and ongoing restraint in social assistance income supports and the provision of affordable housing combined with the offloading of social responsibilities onto municipalities has contributed to the generalization of social issues once chiefly associated with Canada s largest urban centres As the investigations in this volume illustrate while some communities responded to these issues with inclusionary and progressive actions others were more exclusionary and reactive revealing forms of discrimination exclusion

and othering in the implementation of practices and policies. Importantly, however, their investigations reveal a broad range of responses to the social issues they face. No matter the process and results of the proposed solutions, what the contributors uncovered were distinctive attributes of the small city as it struggles to confront increasingly complex social issues. If local governments accept a social agenda as part of its responsibilities, the contributors to *Small Cities Big Issues* believe that small cities can succeed in reconceiving community based on the ideals of acceptance, accommodation, and inclusion. *The Writers Directory*, 2013

**After Marriage Equality** Carlos A. Ball, 2019-05-01 Examines the impact of marriage equality on the future of LGBT rights. In persuading the Supreme Court that same sex couples have a constitutional right to marry, the LGBT rights movement has achieved its most important objective of the last few decades. Throughout its history, the marriage equality movement has been criticized by those who believe marriage rights were a conservative cause overshadowing a host of more important issues. Now that nationwide marriage equality is a reality, everyone who cares about LGBT rights must grapple with how best to promote the interests of sexual and gender identity minorities in a society that permits same sex couples to marry. This book brings together 12 original essays by leading scholars of law, politics, and society to address the most important question facing the LGBT movement today: What does marriage equality mean for the future of LGBT rights?

*After Marriage Equality* explores crucial and wide-ranging social, political, and legal issues confronting the LGBT movement, including the impact of marriage equality on political activism and mobilization, antidiscrimination laws, transgender rights, LGBT elders, parenting laws, and policies, religious liberty, sexual autonomy, and gender and race differences. The book also looks at how LGBT movements in other nations have responded to the recognition of same sex marriages and what we might emulate or adjust in our own advocacy. Aiming to spark discussion and further debate regarding the challenges and possibilities of the LGBT movement's future, *After Marriage Equality* will be of interest to anyone who cares about the future of sexual equality.
