Getting Saved In America Taiwanese Immigration And Religious Experience:

Getting Saved in America Carolyn Chen, 2009-04-11 What does becoming American have to do with becoming religious Many immigrants become more religious after coming to the United States Taiwanese are no different Like many Asian immigrants to the United States Taiwanese frequently convert to Christianity after immigrating But Americanization is more than simply a process of Christianization Most Taiwanese American Buddhists also say they converted only after arriving in the United States even though Buddhism is a part of Taiwan's dominant religion By examining the experiences of Christian and Buddhist Taiwanese Americans *Getting Saved in America* tells a story of how people become religious by becoming American and how people become American by becoming religious Carolyn Chen argues that many Taiwanese immigrants deal with the challenges of becoming American by becoming religious Based on in depth interviews with Taiwanese American Christians and Buddhists and extensive ethnographic fieldwork at a Taiwanese Buddhist temple and a Taiwanese Christian church in Southern California *Getting Saved in America* is the first book to compare how two religions influence the experiences of one immigrant group By showing how religion transforms many immigrants into Americans it sheds new light on the question of how immigrants become American

A Companion to American Religious History Benjamin E. Park, 2021-01-26 A collection of original essays exploring the history of the various American religious traditions and the meaning of their many expressions *The Blackwell Companion to American Religious History* explores the key events significant themes and important movements in various religious traditions throughout the nation's history from pre colonization to the present day Original essays written by leading scholars and new voices in the field discuss how religion in America has transformed over the years explore its many expressions and meanings and consider religion's central role in American life Emphasizing the integration of religion into broader cultural and historical themes this wide ranging volume explores the operation of religion in eras of historical change the diversity of religious experiences and religion's intersections with American cultural political social racial gender and intellectual history Each chronologically organized chapter focuses on a specific period or event such as the interactions between Moravian and Indigenous communities the origins of African American religious institutions Mormon settlement in Utah social reform movements during the twentieth century the growth of ethnic religious communities and the rise of the Religious Right An innovative historical genealogy of American religious traditions the *Companion* Highlights broader historical themes using clear and compelling narrative Helps teachers expose their students to the significance and variety of America's religious past Explains new and revisionist interpretations of American religious history Surveys current and emerging historiographical trends Traces historical themes to contemporary issues surrounding civil rights and social justice movements modern capitalism and debates over religious liberties Making the lessons of American religious history relevant to a broad range of readers *The Blackwell Companion to American Religious History* is the perfect book for advanced undergraduate and graduate students in American history

courses and a valuable resource for graduate students and scholars wanting to keep pace with current historiographical trends and recent developments in the field

Religious Identity and Cultural Negotiation Jenny McGill, 2016-07-22
Given increasing global migration and the importance of positive cross cultural relations across national borders this book offers an interdisciplinary and intercultural exploration of identity formation It uniquely draws from theology psychology and sociology engaging narrative and identity theories migration and identity studies and the theologies of identity and migration and builds on them in an unprecedented study of international migrants to construct an initial theology of Christian identity in migration New sociological research describes the social construction of religious ethnic and national identities among non North American evangelical graduates who entered the United States to pursue advanced academic studies from 1983 to 2013 It provides an intercultural account of Christian identity formation in the context of migration transnationalism and globalization It ultimately argues that an integral component of Christian identity making involves the concept of migration of movement toward a transformation

Multicultural America Ronald H. Bayor, 2011-07-22 This encyclopedia contains 50 thorough profiles of the most numerically significant immigrant groups now making their homes in the United States telling the story of our newest immigrants and introducing them to their fellow Americans One of the main reasons the United States has evolved so quickly and radically in the last 100 years is the large number of ethnically diverse immigrants that have become part of its population People from every area of the world have come to America in an effort to realize their dreams of more opportunity and better lives either for themselves or for their children This book provides a fascinating picture of the lives of immigrants from 50 countries who have contributed substantially to the diversity of the United States exploring all aspects of the immigrants lives in the old world as well as the new Each essay explains why these people have come to the United States how they have adjusted to and integrated into American society and what portends for their future Accounts of the experiences of the second generation and the effects of relations between the United States and the sending country round out these unusually rich and demographically detailed portraits

The Oxford Handbook of Religion and Race in American History Kathryn Gin Lum, Paul Harvey, 2018 The Oxford Handbook of Religion and Race in American History brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview for those interested in the role of religion and race in American history Thirty four scholars from the fields of History Religious Studies Sociology Anthropology and more investigate the complex interdependencies of religion and race from pre Columbian origins to the present The volume addresses the religious experience social realities theologies and sociologies of racialized groups in American religious history as well as the ways that religious myths institutions and practices contributed to their racialization Part One begins with a broad introductory survey outlining some of the major terms and explaining the intersections of race and religions in various traditions and cultures across time Part Two provides chronologically arranged accounts of specific historical periods that follow a narrative of religion and race through four plus

centuries Taken together The Oxford Handbook of Religion and Race in American History provides a reliable scholarly text and resource to summarize and guide work in this subject and to help make sense of contemporary issues and dilemmas

Religion Matters William A. Mirola, Michael O. Emerson, Susanne C Monahan, 2022-10-19 Religion Matters How Sociology Helps Us Understand Religion in Our World focuses on religion s interplay with broader society introducing students to the basic questions ideas and methods with which sociologists have analyzed the relationship between religion and society Since the first edition religion as a social force has changed dramatically in its content and consequences for the world In this new edition the authors update the foundational lenses used to understand religion s multiple roles in society assess the impact of technology and social media on religion and faith draw further reflection from contemporary studies of religion and gender and add a new chapter examining the increasing amount of religious polarization in the United States and throughout the world With new illustrations and connections that make this readable textbook more accessible and relevant for today s student the second edition of Religion Matters remains a perfect counterpart for introductory courses concerned with the sociological study of religion Confucianism and Spiritual Traditions in Modern China and Beyond Fenggang Yang, Joseph Tamney, 2011-11-11 Confucianism is reviving in China and spreading in America This multidisciplinary volume includes philosophical and theological articulations of Confucianism and other spiritual traditions for the modern and globalizing world and empirical studies of and analytical reflections on Confucianism and other traditions in Chinese societies by historians sociologists and anthropologists *Routledge International Handbook of Migration Studies* Steven J. Gold, Stephanie J. Nawyn, 2019-05-08 This revised and expanded second edition of Routledge International Handbook of Migration Studies provides a comprehensive basis for understanding the complexity and patterns of international migration Despite increased efforts to limit its size and consequences migration has wide ranging impacts upon social environmental economic political and cultural life in countries of origin and settlement Such transformations impact not only those who are migrating but those who are left behind as well as those who live in the areas where migrants settle Featuring forty six essays written by leading international and multidisciplinary scholars this new edition showcases evolving research and theorizing around refugees and forced migrants new migration paths through Central Asia and the Middle East the condition of statelessness and South to South migration New chapters also address immigrant labor and entrepreneurship skilled migration ethnic succession contract labor and informal economies Uniquely among texts in the subject area the Handbook provides a six chapter compendium of methodologies for studying international migration and its impacts Written in a clear and direct style this Handbook offers a contemporary integrated resource for students and scholars from the perspectives of social science humanities journalism and other disciplines **Asian American Society** Mary Yu Danico, 2014-08-19 Asian Americans are a growing minority population in the United States After a 46 percent population growth between 2000 and 2010 according to the 2010 Census there are 17.3 million Asian Americans today Yet

Asian Americans as a category are a diverse set of peoples from over 30 distinctive Asian origin subgroups that defy simplistic descriptions or generalizations. They face a wide range of issues and problems within the larger American social universe despite the persistence of common stereotypes that label them as a model minority for the generalized attributes offered uncritically in many media depictions. Asian American Society: An Encyclopedia provides a thorough introduction to the wide ranging and fast developing field of Asian American studies. Published with the Association for Asian American Studies (AAAS), two volumes of the four volume encyclopedia feature more than 300 A to Z articles authored by AAAS members and experts in the field who examine the social, cultural, psychological, economic, and political dimensions of the Asian American experience. The next two volumes of this work contain approximately 200 annotated primary documents organized chronologically that detail the impact American society has had on reshaping Asian American identities and social structures over time. Features more than 300 articles authored by experts in the field organized in A to Z format help students understand Asian American influences on American life as well as the impact of American society on reshaping Asian American identities and social structures over time. A core collection of primary documents and key demographic and social science data provide historical context and key information. A Reader's Guide groups related entries by broad topic areas and themes. A Glossary defines key terms and a Resource Guide provides lists of books, academic journals, websites, and cross references. The multimedia digital edition is enhanced with 75 video clips and features strong search and browse capabilities through the electronic Reader's Guide, detailed index, and cross references. Available in both print and online formats, this collection of essays is a must-have resource for general and research libraries, Asian American ethnic studies libraries, and social science libraries.

Asian American Religious Cultures Jonathan H. X. Lee, Fumitaka Matsuoka, Edmond Yee, Ronald Y. Nakasone, 2015-09-01. A resource ideal for students as well as general readers, this two-volume encyclopedia examines the diversity of the Asian American and Pacific Islander spiritual experience. Despite constituting a fairly small proportion of the U.S. population, roughly 5 percent, Asian Americans are a widely diverse group with equally heterogeneous religious beliefs and traditions. This encyclopedia provides a single source for authoritative information on the Asian American and Pacific Islander religious experience, addressing South Asian Americans such as Indian Americans and Pakistani Americans, East Asian Americans including Chinese Americans, Japanese Americans, and Korean Americans, and Southeast Asian Americans whose ethnicities include Filipino Americans, Thai Americans, and Vietnamese Americans. Pacific Islanders include Hawaiians, Samoans, Marshallese, Tongan, and Chamorro. The coverage includes not only traditional eastern belief systems and traditions such as Buddhism, Confucianism, and Hinduism, as well as Micronesian and Polynesian religious traditions in the United States, but also the culture and religious rituals of Asian American Christians.

America's Religions Peter W. Williams, 2015-11-15. A classroom perennial and comprehensive guide, *America's Religions* lays out the background, beliefs, practices, and leaders of the nation's religious movements and denominations. The fourth edition thoroughly revised and

updated by Peter W Williams draws on the latest scholarship In addition to reconsidering the history of America s mainline faiths it delves into contemporary issues like religion s impact on politics and commerce the increasingly high profile of Buddhism Hinduism and Islam Mormonism s entry into the mainstream and battles over gay marriage and ordination

Christian Social Activism and Rule of Law in Chinese Societies Fenggang Yang,Chris White,2021-06-10 The historical analysis theological reflections and sociological observations found in the chapters of Christian Social Activism and Rule of Law in Chinese Societies reveal the vibrant influence of Christian individuals and groups on social political and legal activism in mainland China Taiwan Hong Kong and diasporic communities

Immigrant Faith Phillip Connor,2014-08-22 Immigrant Faith examines trends and patterns relating to religion in the lives of immigrants The volume moves beyond specific studies of particular faiths in particular immigrant destinations to present the religious lives of immigrants in the United States Canada and Europe on a broad scale Religion is not merely one aspect among many in immigrant lives Immigrant faith affects daily interactions shapes the future of immigrants in their destination society and influences society beyond the immigrants themselves In other words to understand immigrants one must understand their faith Drawing on census data and other surveys including data sources from several countries and statistical data from thousands of immigrant interviews the volume provides a concise overview of immigrant religion It sheds light on whether religion shapes the choice of destination for migrants if immigrants are more or less religious after migrating if religious immigrants have an easier adjustment or if religious migrants tend to fare better or worse economically than non religious migrants Immigrant Faith covers demographic trends from initial migration to settlement to the transmission of faith to the second generation It offers the perfect introduction to big picture patterns of immigrant religion for scholars and students as well as religious leaders and policy makers

Interpreting Religion at Museums and Historic Sites Gretchen Buggeln,Barbara Franco,2018-08-22 Interpreting Religion at Museums and Historic Sitesencourages readers to consider the history of religion as integral to American culture and provides a practical guide for any museum to include interpretation of religious traditions in its programs and exhibits Combining both theoretical essays and practical case studies from a wide cross section of the field the book explores how museums are finding new ways to connect with audiences about this important aspect of American history This book explores the practical and interpretive problems that museums encounter when they include religion in their interpretation How do we make sure visitors don t think the museum is taking the side of any particular religious group or proselytizing or crossing church state boundaries How do we spin out a rich story with the available artifact base What are the opportunities and perils of telling particular religious stories in a multicultural context These and other questions are addressed in a series of interpretive essays and case studies that capture the experimental and innovative religion programming that is beginning to find a place in American history museums An introduction by Gretchen Buggeln places the subject of religion and museums in the intellectual context of national and international scholarship Case

studies cover a range of topics and venues that include outdoor museums historic houses and exhibits interpretive issues of secular and sacred contexts and interpretive techniques like dialogue music and first person accounts A concluding essay suggests a publicly oriented historiography of religion for American museums and historic sites Envisioning Religion, Race, and Asian Americans David K. Yoo, Khyati Y. Joshi, 2020-08-31 In *Envisioning Religion Race and Asian Americans* David K Yoo and Khyati Y Joshi assemble a wide ranging and important collection of essays documenting the intersections of race and religion and Asian American communities a combination so often missing both in the scholarly literature and in public discourse Issues of religion and race ethnicity undergird current national debates around immigration racial profiling and democratic freedoms but these issues as the contributors document are longstanding ones in the United States The essays feature dimensions of traditions such as Islam Hinduism and Sikhism as well as how religion engages with topics that include religious affiliation or lack thereof the legacy of the Vietnam War and popular culture The contributors also address the role of survey data pedagogy methodology and literature that is richly complementary and necessary for understanding the scope and range of the subject of Asian American religions These essays attest to the vibrancy and diversity of Asian American religions while at the same time situating these conversations in a scholarly lineage and discourse This collection will certainly serve as an invaluable resource for scholars students and general readers with interests in Asian American religions ethnic and Asian American studies religious studies American studies and related fields that focus on immigration and race

Hmong America Chia Youyee Vang, 2010 An unprecedented inside view of the Hmong experience in America **The Oxford Handbook of Asian American History** David Yoo, Eiichiro Azuma, 2016 The Oxford Handbook of Asian American History brings together 27 essays that engage the state of the field with historiographically informed but creative approaches to this diverse and vibrant area The chapters trace Asian American history from the beginning of the migration flows toward the Pacific Islands and the American continent to Japanese American incarceration and Asian American participation in World War II from the experience of exclusion violence and racism to the social and political activism of the late twentieth century The authors explore many of the key aspects of the Asian American experience including politics economy intellectual life the arts education religion labor gender family urban development and legal history Chinese Americans Jonathan H. X. Lee, 2015-11-12 This in depth historical analysis highlights the enormous contributions of Chinese Americans to the professions politics and popular culture of America from the 19th century through the present day While the number of Chinese Americans has grown very rapidly in the last decade this group has long thrived in the United States in spite of racism discrimination and segregation This comprehensive volume takes a global view of the Chinese experience in the Americas While the focus is on Chinese Americans in the United States author Jonathan H X Lee also explores the experiences of Chinese immigrants in Canada Mexico and South America He considers why the Chinese chose to leave their home country where they settled and how the distinctive Chinese American identity was formed This volume is organized

into four sections historical overview political and economic life cultural and religious life and literature the arts and popular culture Detailed essays capture the essence of everyday life for this immigrant group as they assimilated established communities and interacted with other ethnic groups Alphabetically arranged entries describe the political social and religious institutions begun by Chinese Americans and explores their roles as business owners activists and philanthropic benefactors for their communities *The New Jewish Diaspora* Zvi Y. Gitelman, 2016-07-27 In 1900 over five million Jews lived in the Russian empire today there are four times as many Russian speaking Jews residing outside the former Soviet Union than there are in that region *The New Jewish Diaspora* is the first English language study of the Russian speaking Jewish diaspora This migration has made deep marks on the social cultural and political terrain of many countries in particular the United States Israel and Germany The contributors examine the varied ways these immigrants have adapted to new environments while identifying the common cultural bonds that continue to unite them Assembling an international array of experts on the Soviet and post Soviet Jewish diaspora the book makes room for a wide range of scholarly approaches allowing readers to appreciate the significance of this migration from many different angles Some chapters offer data driven analyses that seek to quantify the impact Russian speaking Jewish populations are making in their adoptive countries and their adaptations there Others take a more ethnographic approach using interviews and observations to determine how these immigrants integrate their old traditions and affiliations into their new identities Further chapters examine how despite the oceans separating them members of this diaspora form imagined communities within cyberspace and through literature enabling them to keep their shared culture alive Above all the scholars in *The New Jewish Diaspora* place the migration of Russian speaking Jews in its historical and social contexts showing where it fits within the larger historic saga of the Jewish diaspora exploring its dynamic engagement with the contemporary world and pointing to future paths these immigrants and their descendants might follow *The Oxford Handbook of Religious Conversion* Lewis R. Rambo, Charles E.

Farhadian, 2014-03-06 *The Oxford Handbook of Religious Conversion* offers a comprehensive exploration of the dynamics of religious conversion which for centuries has profoundly shaped societies cultures and individuals throughout the world Scholars from a wide array of religions and disciplines interpret both the varieties of conversion experiences and the processes that inform this personal and communal phenomenon This volume examines the experiences of individuals and communities who change religions those who experience an intensification of their religion of origin and those who encounter new religions through colonial intrusion missionary work and charismatic and revitalization movements The thirty two innovative essays provide overviews of the history of particular religions including Hinduism Buddhism Confucianism Taoism Sikhism Islam Christianity Judaism indigenous religions and new religious movements The essays also offer a wide range of disciplinary perspectives psychological sociological anthropological legal political feminist and geographical on methods and theories deployed in understanding conversion and insight into various forms of deconversion
