**Symposium** ,2007      *Small Business Sourcebook* ,2004      *The Publishers Weekly* ,1912      **Getting Along: Making Significant Relationships Work** Edwin Hoover,Edwin a Hoover Ph D,2014-12-27 You are not alone if you struggle with relationships The old adage you can t live with em and you can t live without em seems all too fitting The quality and stability of our relationships reach into every corner of our lives from marriage and family to business and career to social and community involvement Starting thirty years ago my spouse and business partner and I began our work with multi generational family businesses Building on our backgrounds in psychology and business management we drew on a variety of sources including organization development business management family systems theory developmental and social psychology change management and even human motivation to develop the tools we needed to help our clients It was always interesting to me that we consistently worked with people who as individuals were intelligent competent and genuinely good people It was apparent however that these individual traits did not always translate into equally successful productive and enjoyable relationships between them It was obvious that something else was going on or something else was missing or needed in order for a group of otherwise capable individuals to create and maintain successful relationships Relationship success could not be adequately explained from the existing perspectives of individual intelligence IQ or emotional intelligence EQ From this realization and the strong desire to bridge this apparent gap in knowledge and perspective we introduced a new way of understanding and working with relationships which we named Relationship Intelligence or RQ It became the subject of our book *Getting Along In Family Business The Relationship Intelligence Handbook* published in 1999 RQ quickly became a popular subject for seminars and workshops which we offered to business trade and professional groups A common comment by people who participated in these seminars and workshops was that the principles of Relationship Intelligence apply to all relationships Participants would say things like I can see how this applies to my marriage or this explains why we have such conflict in our partnership and even I m going to talk about this with the board I sit on They encouraged me to write another book that would help everybody not just families in business deal with all the significant relationships in their lives Fifteen years later *Getting Along Making Significant Relationships Work* has been born from that encouragement      *Couples and Family Client Education Handout Planner* Laurie C.
