I gave them my best answer at the time I reflected on how some of my sisters and brothers and I had never questioned our own parents about their courtship and marriage So I have tried to give as best as I can my early life how Ernestine and I met Our marriage lasted for sixty five years and was two days short of five months I am hopeful that this will be some family history that will be interesting and helpful in understanding the makeup of families From my experience it is GOD that has guided us through our journey on this earth for this short time I have to give Him GOD all the glory and praise for our children grandchildren and great grandchildren **Road and Track** ,1977 Popular Science ,1966-01 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Catalog of Sears, Roebuck and Company** Sears, Roebuck and Company,1978 Popular Science ,1977
