Episodes in Early Modern and Modern Christian-Jewish Relations Paolo L. Bernardini, 2016-09-23 The history of the Christian Jewish relations is full of curious intense and occasionally tragic episodes In the dialectical development of the Western monotheistic religions Judaism plays the role of the thesis of the origins and background for the

rise of Christianity and Islam With the rise of Christianity Judaism was progressively marginalized since it was denied the same essence and validity of Christianity which grew immensely in terms of spiritual and secular power Christian scholars since the Middle Ages looked at Judaism as at the broken staff in the evolutionist line of religion to quote the insightful work of the late Frank E Manuel At the same time while re-discovering Judaism Christian scholars redefined themselves and Christianity as well However while Christianity encompassed many sects and many nations the relatively weak diversity within Judaism the religion of a single nation seemed to hinder its evolution and development While the intellectual battle was fought in a scholarly way the emergence of the Christian State condemned the Jews to perpetual discrimination and occasional toleration until a lay State Nazi Germany threatened the survival of the Jewish people Neutral controversial works became powerful extermination tools when used in the political arena This volume casts light on some crucial episodes in the long dialectics within the same intellectual and religious framework touching upon themes such as the conception of time future in the age of Spinoza the early encounters of Judaism and Christianity in eighteenth century England the memory of the Shoah and the political revolution present in the system of the Jewish Commonwealth From early to late Modernity there is a history of friendship and diffidence mutual understanding and dramatic disagreements which even today largely conditions the Western intellectual world

The Fullness of Time Kara N. Slade, 2021-09-17 While human existence in time is determined by the time of Jesus Christ by the logic of the incarnation passion resurrection and ascension the predominant accounts of time in the modern West have proceeded from a very different basis The implications of these approaches are not just a matter of epistemology or of abstract doctrinal and philosophical claims Instead they have had and continue to have concrete ramifications for human life together They have overwhelmingly been death dealing rather than life giving marked by a series of temporal moral errors that this book hopes to address As a counterexample this book reads Søren Kierkegaard alongside Karl Barth to highlight the ways that both figures rejected a Hegelian approach to time that was and is not coincidentally intertwined with a racialized account of history and the co-opting of Christianity by the modern Western state

Christian Mission in the Modern World John Stott, 2008-12-04 John Stott shows that Christian mission must encompass both evangelism and social action He begins with careful definitions of five key terms mission evangelism dialogue salvation and conversion Then through a thorough biblical exploration of these concepts Stott provides a model for ministry to people's spiritual and physical needs alike

Faith and History - A Comparison of Christian and Modern Views of History Reinhold Niebuhr, 2013-04-18 The theme of this volume was first presented as the Lyman Beecher Lectures On Preaching at the Yale Divinity School in 1945 Some of the same lectures were given by arrangement under the Warrack Lectureship On Preaching at the Universities of Glasgow and Aberdeen in Scotland in the winter of 1947 Some of the chapters were used as the basis of

lectures given under the Olaf Petri Foundation of the University of Uppsala in Sweden I sought to develop various portions of a general theme in these various lectureships In this volume I have drawn these lectures into a more comprehensive study of the total problem of the relation of the Christian faith to modern conceptions of history While the total work therefore bares little resemblance to the lectures it does contain consideration of the specific problems which were dealt with in the lectures I shall not seek to identify this material by chapters as I subjected the whole to reorganization Two of these lectureships usually deal with the art of preaching though not a few of the actual lectures have been concerned with the preacher's message Since I had no special competence in the art of homiletics I thought it wise to devote the lectures to a definition of the apologetic task of the Christian pulpit in the unique spiritual climate of our day Since several of the Beecher lecturers in the past half century sought to accommodate the Christian message to the prevailing evolutionary optimism of the nineteenth and early twentieth centuries I thought it might be particularly appropriate to consider the spiritual situation in a period in which this evolutionary optimism is in the process of decay This volume is written on the basis of the faith that the Gospel of Christ is true for men of every age and that Jesus Christ is the same yesterday today and forever It is nevertheless the task of the pulpit to relate the ageless Gospel to the special problems of each age In doing so however there is always a temptation to capitulate to the characteristic prejudices of an age

Ancient Pagan and Modern Christian Symbolism Thomas Inman, 2002-06 An important key to the origins of Christianity and Western religion Contains clear documented images that can be traced to remote times and shown to be in direct connection to certain origins of belief The symbolic connections between Christianity and the cultures of India Babylonia Assyria and Egypt among others are astounding An indispensable reference for anyone interested in early pagan religions and the foundations of Christianity Little known fact During the filming of The Da Vinci Code movie this book was special ordered as reading material for all cast and crew

Modern Christianity Corrupted Bob Klingenberg, 2012-06-07 The roots of an insidious Religious Humanism have for some time now steadily been growing deeper and deeper and taking a firm hold in the modern Christian Church in America and across the world The lethality of this rooting is that Religious Humanism is filled with false teachings which are historically known as heresies

René Girard and Secular Modernity Scott Cowdell, 2015-11-30 In René Girard and Secular Modernity Christ Culture and Crisis Scott Cowdell provides the first systematic interpretation of René Girard's controversial approach to secular modernity Cowdell identifies the scope development and implications of Girard's thought the centrality of Christ in Girard's thinking and in particular Girard's distinctive take on the uniqueness and finality of Christ in terms of his impact on Western culture In Girard's singular vision according to Cowdell secular modernity has emerged thanks to the Bible's exposure of the cathartic violence that is at the root of religious prohibitions myths and rituals In the literature the psychology and most recently the military history of modernity Girard discerns a consistent slide into an apocalypse that

challenges modern ideas of romanticism individualism and progressivism In the first three chapters Cowdell examines the three elements of Girard s basic intellectual vision mimesis sacrifice biblical hermeneutics and brings this vision to a constructive interpretation of secularization and modernity as these terms are understood in the broadest sense today Chapter 4 focuses on modern institutions chiefly the nation state and the market that function to restrain the outbreak of violence And finally Cowdell discusses the apocalyptic dimension of Girard s theory in relation to modern warfare and terrorism Here Cowdell engages with the most recent writings of Girard particularly his *Battling to the End* and applies them to further conversations in cultural theology political science and philosophy Cowdell takes up and extends Girard s own warning concerning an alternative to a future apocalypse What sort of conversion must humans undergo before it is too late

The Creeds of Modern Christianity versus the Teachings of the Holy Bible James Earl Kemper,2021-10-20 When it comes to religion this book is a comparison between what most Christian creeds state and what the Bible King James Version teaches about God Jesus Christ and many of the topics that most people have questions about The author asks many thought provoking questions the very questions that he sought answers to but found so much conflict in Christianity Do you have unanswered questions Are the answers important to you Have you personally read the Bible to see what it actually says Do you believe the Bible Or do you accept only what men ministers say Each topic is taken independently and there are questions asked answers suggested and conclusions drawn The reader is challenged to read this and find their own answers through prayer and personal study Are you up to a challenge *The Image of Christ in Modern Art* Richard

Harries,2016-03-03 *The Image of Christ in Modern Art* explores the challenges presented by the radical and rapid changes of artistic style in the 20th century to artists who wished to relate to traditional Christian imagery In the 1930s David Jones said that he and his contemporaries were acutely conscious of the break by which he meant the fragmentation and loss of a once widely shared Christian narrative and set of images In this highly illustrated book Richard Harries looks at some of the artists associated with the birth of modernism such as Epstein and Rouault as well as those with a highly distinctive understanding of religion such as Chagall and Stanley Spencer He discusses the revival of confidence associated with the rebuilding of Coventry Cathedral after World War II and the commissioning of work by artists like Henry Moore Graham Sutherland and John Piper before looking at the very testing last quarter of the 20th century He shows how here and even more in our own time fresh and important visual interpretations of Christ have been created both by well known and less well known artists In conclusion he suggests that the modern movement in art has turned out to be a friend not a foe of Christian art Through a wide and beautiful range of images and insightful text Harries explores the continuing challenge present from the beginning of Christian art as to how that which is visual can in some way indicate the transcendent *The Journey of Modern Theology* Roger E.
