Worlds of Uncertainty Peter Haldén, 2023-12-07 Argues that though we cannot control uncertainty in the world measures can be taken to manage unpredictable events and processes *The Middle Ages: A Very Short Introduction* Miri Rubin, 2014-10-23 The Middle Ages is a term coined around 1450 to describe a thousand years of European History In this Very Short Introduction Miri Rubin provides an exploration of the variety change dynamism and sheer complexity that the period covers From the provinces of the Roman Empire which became Barbarian kingdoms after c 450 650 to the northern and eastern regions that became increasingly integrated into Europe Rubin explores the emergence of a truly global system of communication conquest and trade by the end of the era Presenting an insight into the challenges of life in Europe between 500 1500 at all levels of society Rubin looks at kingship and family agriculture and trade groups and individuals Conveying the variety of European experiences while providing a sense of the communication cooperation and shared values of the pervasive Christian culture Rubin looks at the legacies they left behind ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book One Jon Knowles, 2019-03-31 The ghosts that haunt our sexual pleasure were born in the Stone Age Sex and gender taboos were used by tribes to differentiate themselves from one another These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city states and empires For the early Christians all sex play was turned into sin instilled with guilt and punished severely With the invention of sin came the construction of women as subordinate beings to men Despite the birth of romance in the late middle ages Renaissance churches held inquisitions to seek out and destroy sex sinners all of whom it saw as heretics The Age of Reason saw the demise of these inquisitions But it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime degeneracy and sickness The middle of the 20th century saw these medical and religious teachings challenged for the first time as

activists such as Alfred Kinsey and Margaret Sanger sought to carve out a place for sexual freedom in society However strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence Volume I of this two part publication traces the history of sex from the Stone Age to the Enlightenment Interspersed with personal hauntings from his own life and the lives of friends and relatives Knowles reveals how historical discourses of sex continue to haunt us today This book is a page turner in simple and plain language about how sex got screwed up for millennia For Knowles if we know the history of sex we can get over it

**Dracula's Wars** James Waterson,2016-07-04 The real Dracula was far from Bram Stoker's well mannered aristocrat Better known as Vlad the Impaler he was named for his favoured execution method running a spear through his victim's lower body then standing them upright so it skewered their vital organs In a world ruled by petty tyrants and constantly at war the young Dracula was held hostage by the Turks while his father was assassinated and his brother was buried alive Finally released Dracula conducted an almighty purge surrounding his palace with noblemen impaled on stakes Then he turned his attention to military campaigns against the Turks and Bulgars to consolidate his power Yet to Romanians and the Pope he was a hero and liberator fighting to protect his kingdom and countrymen from invasion in a complex and treacherous time And as an initiate in the Order of the Dragon Dracula also played a vital if not entirely noble part in the fight against the Ottoman war machine In this full account of Vlad Dracula James Waterson details the good and the bad of this warlord prince offering a fascinating insight into the violent end of the Middle Ages *Bentham and the Arts* Anthony Julius,Malcolm

Quinn,Philip Schofield ,2020-05-11 Bentham and the Arts considers the sceptical challenge presented by Bentham's hedonistic utilitarianism to the existence of the aesthetic as represented in the oft quoted statement that Prejudice apart the game of push pin is of equal value with the arts and sciences of music and poetry If the game of push pin furnish more pleasure it is more valuable than either This statement is one part of a complex set of arguments on culture taste and utility that Bentham pursued over his lifetime in which sensations of pleasure and pain were opposed to aesthetic sensibility Leading scholars from a variety of disciplines reflect on the implications of Bentham's radical utilitarian approach for our understanding of the history and contemporary nature of art literature and aesthetics more generally *The Middle Ages*

Miri Rubin,2014 The Middle Ages c 500 1500 includes a thousand years of European history In this Very Short Introduction Miri Rubin tells the story of the times through the people and their lifestyles Including stories of kingship and Christian salvation agriculture and trade Rubin demonstrates the remarkable nature and legacy of the Middle Ages **Countering**
