## **Choreography Observed By Anderson Jack 1997 Paperback:**

*Choreography Invisible* Anna Pakes, 2020-04-28 Dance is often considered an ephemeral art one that disappears nearly as soon as it materializes leaving no physical object behind Yet some dance practice involves people trying to embody something that exists before and survives beyond their particular acts of dancing What exactly is that thing And how do dances continue to exist when not performed Anna Pakes seeks to answer these and related questions in this book drawing on analytic philosophy of art to explore the metaphysics of dance making performance and disappearance Focusing on Western theater dance Pakes also traces the different ways dances have been conceptualized across time and what those historical shifts

imply for the ontology of dance works *Forthcoming Books* Rose Arny, 1998 **The 20th Century Go-N** Frank N. Magill, 2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography **Shaping Dance Canons** Kate Mattingly, 2023-04-04 The first book to
