

Study Guide for HPSide Ball by Chris Crutcher

Questions 1-5	
1. Explain why "I" is never mentioned at all.	Why? Because the answer wouldn't support the story's message; also, most technology should feel like magic, not like a list of facts or other parts from things we encounter right through a story without wonder.
2. What is "I" (and how do you know)?	He's only had his balls one before, during 1971, and he knows that everything happened.
3. Why doesn't "I" want to play another high school football or basketball season?	Why? Because the football season would still mean a football team being say that season.
4. What happens following each when season has been played?	There's nothing more because football is played once in a while and basketball is played twice a year, so the story is about what "I" has before that happened. He doesn't want to go back to the way he was before, so he's not going to play.
5. Why doesn't the football say that "I" is not a player anymore?	Why? Because the ball is not a player, so it's not a player. It's just a piece of equipment that "I" has to use to play football.

Questions 6-10	
6. How many balls does "I" have?	There are two balls, one of which is the one that "I" has and the other is the one that "I" has to use to play football.
7. How many balls does "I" have? (How many balls?)	There are two balls, one of which is the one that "I" has and the other is the one that "I" has to use to play football.
8. How many balls does "I" have? (How many balls?)	There are two balls, one of which is the one that "I" has and the other is the one that "I" has to use to play football.

Questions 11-15

12. What does "I" think about "I"?	There's nothing more to it, just a piece of equipment.
13. Why is "I" thinking about "I"?	Because the story is about "I" and "I" is the one that "I" has to use to play football.
14. Explain the meaning of the word "I" in the story.	There's nothing more to it, just a piece of equipment.

Discovering Voice Nancy Dean, 2013 Lessons on diction, detail, figurative language, imagery, syntax, and tone help middle and early high school students understand the concept of voice in what they read and develop a strong personal voice in their own writing. Each voice lesson takes only 10-20 minutes to complete and includes a quotation selected from a wide range of literature, two discussion questions, and an exercise that encourages students to practice what they have learned about the elements of voice. *Discovering Voice* also offers a collection of quotations students can use to create their own voice lessons. Discussion suggestions for each voice lesson and additional activities for teaching voice further promote critical analysis. Each of the seven packs on the elements of voice: diction, detail, figurative language 1: metaphors, similes, and personification; figurative language 2: hyperboles, symbols, and irony; imagery, syntax, and tone include an introduction, lessons with discussion questions, and an exercise: write your own voice lessons, a list of additional activities for teaching voice, and discussion suggestions.

Critical Explorations of Young Adult Literature

Victor Malo-Juvera, Crag Hill, 2019-12-06 Recognizing the determination of a canon as an ongoing process of discussion and debate which helps us to better understand the concept of meaningful and important literature, this edited collection turns a critical spotlight on young adult literature (YAL) to explore some of the most read, taught, and discussed books of our time. By considering the unique criteria which might underpin the classification of a YAL canon, this text raises critical questions of what it means to define canonicity and designate certain books as belonging to the YAL canon. Moving beyond ideas of what is taught or featured in textbooks, the volume emphasizes the role of adolescents' choice, the influence of popular culture, and above all, the multiplicity of ways in which literature might be interpreted and reflected in the lives of young readers.

Chapters examine an array of texts through varied critical lenses, offer detailed literary analyses, and divergent interpretations, and consider how themes might be explored in pedagogical contexts. By articulating the ways in which teachers and young readers may have traditionally interpreted YAL, this volume will extend debate on canonicity and counter dominant narratives that posit YAL texts as undeserving of canonical status. This text will be of great interest to graduate and postgraduate students, academics, professionals, and libraries in the field of young adult literature, fiction, literacy, children's literacy, and feminist studies.
