

A close-up photograph of a pair of hands, one on the left and one on the right, gently cupping a small, vibrant green seedling. The seedling has a single, rounded leaf and a thin stem. The hands are positioned with fingers slightly curled, supporting the plant from below. The background is a soft, out-of-focus grey. A semi-transparent dark green horizontal band runs across the middle of the image, containing the title text in white serif font.

**Unity and Catholicity in Christ** Eric J. DeMeuse, 2022 Debates concerning the relationship between Tridentine Catholicism and Catholicism after Vatican II dominate theological conversation today particularly with regard to understandings of the Church and its engagement with the world Current historical narratives paint ecclesiology after the Council of Trent as dominated by juridical concerns uniformity and institutionalism This book challenges such narratives by investigating the theology of ecclesial unity and catholicity of the renowned Spanish Jesuit Francisco Suarez 1548-1617 Reexamining standard as well as overlooked sources of Suarez's ecclesiology the author shows how Suarez wrestles with the new demands of his time to produce a vision of the Church that is deeply spiritual diverse and missional even anticipating later ecumenical developments in twentieth century Catholic ecclesiology

Rooted and Grounded in Love Timothy Reinhold Eberhart, 2017-06-05 God's invitation to join in the love feast of Holy Communion resounds at the very heart of the Christian faith and life But how are Christians faithfully to gather together in relational bonds of love in particular through our daily bread and common cup amidst a global market economy sustained by social and ecological violence Drawing on the holiness communitarian and agrarian ecological traditions Rooted and Grounded in Love provides a systematic theological affirmation of holiness as divine wholeness in examining our present industrial agro economy while also promoting a practical vision for how Christians might participate in the emergence of a more ecologically sustaining economically charitable and politically just food system
