## **Christianity In The West 1400 1700:**

*Christianity in the West* John Bossy, 1985

**Christianity and Community in the West** Simon Ditchfield, 2017-03-02

How did Christians in early modern Western Europe express their sense of community This book explores the various ways in which religious identities were defined developed and defended within both Protestant and Roman Catholic contexts in England and on the Continent over a period vital for the history of Christianity As such it will be of interest not only to historians of religion but also to students of social and cultural history in general

*The Encyclopedia of Christianity* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA

**The Cambridge History of Christianity: Volume 4, Christianity in Western Europe, c.1100-c.1500** Miri Rubin, Walter Simons, 2014-07-31 During the early middle ages Europe developed complex and varied Christian cultures and from about 1100 secular rulers competing factions and inspired individuals continued to engender a diverse and ever changing mix within Christian society This volume explores the wide range of institutions practices and experiences associated with the life of European Christians in the later middle ages The clergy of this period initiated new approaches to the role of priests bishops and popes and developed an ambitious project to instruct the laity For lay people the practices of parish religion were central but many sought additional ways to enrich their lives as Christians Impulses towards reform and renewal periodically swept across Europe led by charismatic preachers and supported by secular rulers This book provides accessible accounts of these complex historical processes and entices the reader towards further enquiry

**The Oxford Handbook of Medieval Christianity** John H. Arnold, 2014-08-21 The Oxford Handbook of Medieval Christianity takes as its subject the beliefs practices and institutions of the Christian Church between 400 and 1500AD It addresses topics ranging from early medieval monasticism to late medieval mysticism from the material wealth of the Church to the spiritual exercises through which certain believers might attempt to improve their souls Each chapter tells a story but seeks also to ask how and why Christianity took particular forms at particular moments in history paying attention to both the spiritual and otherworldly aspects of religion and the material and political contexts in which they were often embedded This Handbook is a landmark academic collection that presents cutting edge interpretive perspectives on medieval religion

for a wide academic audience drawing together thirty key scholars in the field from the United States the UK and Europe. Notably the Handbook is arranged thematically and focusses on an analytical rather than narrative approach seeking to demonstrate the variety change and complexity of religion throughout this long period and the numerous different ways in which modern scholarship can approach it. While providing a very wide ranging view of the subject it also offers an important agenda for further study in the field.

**The Oxford Illustrated History of Christianity** John McManners, 2001-03-15 A general history of Christianity to 1800 in chronological order

*Christianity's Dangerous Idea* Alister McGrath, 2008-11-04 A New Interpretation of Protestantism and Its Impact on the World The radical idea that individuals could interpret the Bible for themselves spawned a revolution that is still being played out on the world stage today. This innovation lies at the heart of Protestantism's remarkable instability and adaptability. World renowned scholar Alister McGrath sheds new light on the fascinating figures and movements that continue to inspire debate and division across the full spectrum of Protestant churches and communities worldwide.

**The Origins of the Bible and Early Modern Political Thought** Travis DeCook, 2021-03-18 Explores the cultural functions played in the sixteenth and seventeenth centuries by accounts of the Bible's origins

**Religious Orthodoxy and Popular Faith in European Society** Ellen Badone, 2021-02-09 By examining the ongoing tension between popular and official religion in Europe this collection of essays contributes significantly to the continuing effort to understand the religious experience of ordinary people. Ranging from the Mediterranean to northern Europe and including both Roman Catholic and Eastern Orthodox traditions the ethnographic contexts evoked in these essays enable us to see people actively and creatively shaping their religious domain sometimes in collaboration with official ritual specialists often in open rebellion against them. The use of folklore texts and extensive narrative quotations combined with an approach highlighting key symbols such as pilgrimages and festas provides a common theoretical orientation throughout the book one that considers how religious discourses are formed by social disciplines and relationships of power and subordination. This volume includes *Spirits and the Spirit of Capitalism* by Jane Schneider *The Priest and His People: The Contractual Basis for Religious Practice in Rural Portugal* by Caroline B. Brettell *The Struggle for the Church: Popular Anticlericalism and Religiosity in Post-Franco Spain* by Ruth Behar *Pilgrimage and Popular Religion at a Greek Holy Shrine* by Jill Dubisch *Breton Folklore of Anticlericalism* by Ellen Badone *Stories of Power: Powerful Stories: The Drunken Priest in Donegal* by Lawrence J. Taylor and *Reflections on the Study of Religious Orthodoxy and Popular Faith in Europe* by Stanley Brandes

*Death, life, and religious change in Scottish towns c. 1350-1560* Mairi Cowan, 2021-06-15 *Death, life, and religious change in Scottish towns c. 1350-1560* examines lay religious culture in Scottish towns between the Black Death and the Protestant Reformation. It looks at what the living did to influence the dead and how the dead were believed to influence the living. In turn it explores the ways in which townspeople asserted their individual desires in the midst of overlapping communities and it considers both continuities and changes highlighting the Catholic Reform movement that reached

Scottish towns before the Protestant Reformation took hold Students and scholars of Scottish history and of medieval and early modern history more broadly will find in this book a new approach to the religious culture of Scottish towns between 1350 and 1560 one that interprets the evidence in the context of a time when Europe experienced first a flourishing of medieval religious devotion and then the sterner discipline of early modern Reform

**Christian Pilgrimage, Landscape and Heritage** Avril Maddrell, Veronica della Dora, Alessandro Scafi, Heather Walton, 2014-12-05 This volume provides a theoretically and empirically grounded study of the significance of landscape in the experience of Christian pilgrimage across different denominations and its intersection with cultural heritage and tourism The book focuses on pilgrimages to Meteora Greece Subiaco Italy and the Isle of Man These are each sites of scenic beauty that boast a rich heritage associated respectively to Greek Orthodox Roman Catholic and Ecumenical Protestant denominations The study discusses different Christian theologies practices and perspectives on the nature and the purpose of pilgrimage in these traditions It draws on participant experiential accounts archival research and interviews with clergy laity and local stakeholders Special attention is paid to the themes of sacred space and practice aesthetics mobilities embodiment and performance emotional geographies theology cultural heritage consumption and commodification and the pilgrim tourist continuum

**A Fundamental Theological Study of Radical Secularization and its Aftermath** Alpo Penttinen, 2024-01-17 In the wake of various secularization processes a growing number of people in Western societies are now describing themselves as non religious But what does this sociological fact really mean for the Church and for society at large Has human religiosity a future after secularization It does this book argues but in a radically altered form Taking its cue from Pope Francis's suggestion that globalizing humanity is presently living through a genuine epochal shift this book presents an original analysis of the transformative effect of secularization on our spiritual predicament in the Western now definitively post Christian world Instead of succumbing to the all too common polarizations in contemporary religious discourse this book aspires to overcome the religious vs secular dichotomy through developing the logic of Radical Secularization arguably the genuine novelty of the particularly Western process of secularization The past homogeneously religious culture is certainly dusking but this only paves the way for the dawn of the future and radically open horizon for our human search for meaning This challenging book will offer intellectual impulses and spiritual incentives to everybody who ponders the future of human religious evolution after secularization

Introduction to Christian Liturgy Frank C. Senn, 2012 Designed as a general introduction to Christian liturgy this book explores the meaning history and practice of worship in Eastern and Western Catholic and Protestant traditions Its chapters cover the theology of worship the historical development of Eucharist and the Prayer Offices the lectionary and customs of the church year other sacramental rites and the use of music and the arts As such it is a perfect textbook for students seeking to understand the basics of liturgical worship as well as a reliable guide for worship leaders

The Ashgate Research Companion to the Counter-Reformation Alexandra Bamji, Geert H. Janssen, Mary Laven, 2016-03-23

In the last two decades the history of the Counter Reformation has been stretched and re shaped in numerous directions Reflecting the variety and innovation that characterize studies of early modern Catholicism today this volume incorporates topics as diverse as life cycle and community science and the senses the performing and visual arts material objects and print culture war and the state sacred landscapes and urban structures Moreover it challenges the conventional chronological parameters of the Counter Reformation and introduces the reader to the latest research on global Catholicism The Ashgate Research Companion to the Counter Reformation presents a comprehensive examination of recent scholarship on early modern Catholicism in its many guises It examines how the Tridentine reforms inspired conflict and conversion and evaluates lives and identities spirituality culture and religious change This wide ranging and original research guide is a unique resource for scholars and students of European and transnational history

**Reformation Divided** Eamon Duffy, 2017-02-23 Published to mark the 500th anniversary of the events of 1517 *Reformation Divided* explores the impact in England of the cataclysmic transformations of European Christianity in the sixteenth and seventeenth centuries The religious revolution initiated by Martin Luther is usually referred to as The Reformation a tendentious description implying that the shattering of the medieval religious foundations of Europe was a single process in which a defective form of Christianity was replaced by one that was unequivocally benign the midwife of the modern world The book challenges these assumptions by tracing the ways in which the project of reforming Christendom from within initiated by Christian humanists like Erasmus and Thomas More broke apart into conflicting and often murderous energies and ideologies dividing not only Catholic from Protestant but creating deep internal rifts within all the churches which emerged from Europe's religious conflicts The book is in three parts In *Thomas More and Heresy* Duffy examines how and why England's greatest humanist apparently abandoned the tolerant humanism of his youthful masterpiece *Utopia* and became the bitterest opponent of the early Protestant movement *Counter Reformation England* explores the ways in which post Reformation English Catholics accommodated themselves to a complex new identity as persecuted religious dissidents within their own country but in a European context active participants in the global renewal of the Catholic Church The book's final section *The Godly and the Conversion of England* considers the ideals and difficulties of radical reformers attempting to transform the conventional Protestantism of post Reformation England into something more ardent and committed In addressing these subjects Duffy shines new light on the fratricidal ideological conflicts which lasted for more than a century and whose legacy continues to shape the modern world

**Handbook of Dutch Church History** Herman J. Selderhuis, 2014-12-10 Herman Selderhuis as editor of this volume has brought together a team of experts resulting in a unique approach since each chapter is co written by a catholic and a protestant author who have all integrated the latest research results Each section begins with a brief historiographical overview The same time ecclesiastical events are always set within a greater framework of political social and cultural developments for which reason each author has taken the liberty to describe its own method The user will find

in this book tables diagrams and illustrations Also many source texts are integrated in the narration Theses texts are intended to bring the described events and people closer to the reader and as it were to let them speak the words The name of the book as Handbook of the church history of the Netherlands immediately brings to mind three problematic complexes which are relevant to its user First there is the nature of a handbook that is intended to be a good tool but also has its limitations it stimulates and necessitates the use of further books Second the area The Netherlands is a plurality and that is also noticeable in its church history for each region town and village has its own church history Third the history of the church for sure is the most important aspect but this history can only be understood if it is described in the context of political and social developments

**The Christian Monitors** Brent S. Sirota,2014-01-07 This original and persuasive book examines the moral and religious revival led by the Church of England before and after the Glorious Revolution and shows how that revival laid the groundwork for a burgeoning civil society in Britain After outlining the Church of England s key role in the increase of voluntary charitable and religious societies Brent Sirota examines how these groups drove the modernization of Britain through such activities as settling immigrants throughout the empire founding charity schools distributing devotional literature and evangelizing and educating merchants seamen and slaves throughout the British empire all leading to what has been termed the age of benevolence

**Ritual and Memory** Harvey Whitehouse,James Laidlaw,2004-07-07 Based on 3 conferences held 2001 2003

**Food and Faith in Christian Culture** Ken Albala,Trudy Eden,2011 This anthology follows the intersection of food and faith from the fourteenth to the twenty first century charting the complex relationship among religious eating habits and politics culture and social structure

**Companion to Historiography** Michael Bentley,2006-02-27 The Companion to Historiography is an original analysis of the moods and trends in historical writing throughout its phases of development and explores the assumptions and procedures that have formed the creation of historical perspectives Contributed by a distinguished panel of academics each essay conveys in direct jargon free language a genuinely international wide angled view of the ideas traditions and institutions that lie behind the contemporary urgency of world history

## Decoding **Christianity In The West 1400 1700**: Revealing the Captivating Potential of Verbal Expression
