Curzon Imperial Statesman:

Curzon David Gilmour, 2003-06-11 A Superb New Biography A Tragic Story Brilliantly Told Andrew Roberts Literary Review George Nathaniel Curzon's controversial life in public service stretched from the high noon of his country's empire to the traumatized years following World War I As viceroy of India under Queen Victoria and foreign secretary under King George V the obsessive Lord Curzon left his unmistakable mark on the era David Gilmour's award winning book with a new foreword by the author is a brilliant assessment of Curzon's character and achievements offering a richly dramatic account of the infamous long vendettas the turbulent friendships and the passionate risky love affairs that complicated and enriched his life Born into the ruling class of what was then the world's greatest power Curzon was a fervent believer in British imperialism who spent his life proving he was fit for the task Often seen as arrogant and tempestuous he was loathed as much as he was adored his work disparaged as much as it was admired In Gilmour's well rounded appraisal Curzon emerges as a complex tragic figure a gifted leader who saw his imperial world overshadowed at the dawn of democracy *Curzon* David Gilmour, 2003 **Curzon** David Gilmour, 1995 *The Congregationalist*, 1925 Britain's Man on the Spot in Iraq and Afghanistan Ann Wilks, 2023-10-19 The newly discovered papers and colourfully written letters of Anglo Irish Sir Henry Dobbs which form the backbone of this book reveal his importance in the development of the modern Middle East An influential civil servant and Britain's longest serving High Commissioner in Iraq at a time when the British empire was facing increasing challenges to its once dominant position he describes the difficulties of governing first in India then in the formerly Ottoman Mesopotamia during WW1 Here Dobbs had to devise administrative systems while often at odds with his superior Sir Percy Cox In the discussions that followed the Third Afghan War Dobbs manoeuvred between the different views in London and Delhi with great dexterity to negotiate alone with the Amir of Afghanistan the enduring 1921 Anglo Afghan treaty Having accepted from the League of Nations the responsibility for taking the newly created Iraq to sustainable independence in the aftermath of WW1 the cash strapped British government came under great domestic pressure to abandon it Key to British support continuing was Iraqi acceptance of the controversial 1922 treaty with Britain This Dobbs achieved by disregarding the unhelpful approach recommended by London and risking his career he pressed on with his own wholly unauthorised tactics In other initiatives Dobbs ensured that Mosul province remained within Iraq Dobbs consistently pressed for Iraq's early independence granted in 1932 the first territory in the former Ottoman Empire to gain it An early advocate of self determination Dobbs was frequently at odds with the more traditional imperial approach of his superiors He always endeavoured to balance the aspirations and needs of overseas communities for whom he was responsible with the interests of Britain which he represented Speeches Charles Hardinge Baron Hardinge of Penshurst, 1916 **The Frontier in British India** Thomas Simpson, 2021-01-07 Thomas Simpson provides an innovative account of how distinctive forms of colonial power and knowledge developed at the territorial fringes of colonial India during the nineteenth century

Through critical interventions in a wide range of theoretical and historiographical fields he speaks to historians of empire and science anthropologists and geographers alike *The Frontier in British India* provides the first connected and comparative analysis of frontiers in northwest and northeast India and draws on visual and written materials from an array of archives across the subcontinent and the UK Colonial interventions in frontier spaces and populations were it shows enormously destructive but also prone to confusion and failure on their own terms British frontier administrators did not merely suffer turbulent frontiers but actively worked to generate and uphold these regions as spaces of governmental and scientific exception Accordingly India's frontiers became crucial spaces of imperial practice and imagination throughout the nineteenth century

Closet Queens Michael Bloch, 2015-05-28 *Closet Queens* is a fascinating study of gay men in twentieth century British politics from Lord Rosebery and Lord Beauchamp in Edwardian times to Michael Portillo and Peter Mandelson in our own era As all homosexual activity was illegal until 1967 and exposure meant ruin and disgrace such men were obliged either to repress their sexual feelings or else lead double lives indulging their tastes secretly while respectably married with children The need to cover up their sexuality while causing problems and disappointments often sharpened their skills as politicians they were masters of secrecy and subterfuge and knew how to take calculated risks An entertaining and insightful account of some extraordinary personalities *Closet Queens* opens doors into a hidden world

Oscar Wilde's Elegant Republic David Charles Rose, 2016-01-14 Why was Paris so popular as a place of both innovation and exile in the late nineteenth century Using French English and American sources this first volume of a trilogy provides a possible answer with a detailed exploration of both the city and its communities who forming a varied cast of colourful characters from duchesses to telephonists artists to beggars and dancers to diplomats crowd the stage Through the throng moves Oscar Wilde as the connecting thread Wilde exploratory Wilde triumphant Wilde ruined This use of Wilde as a central figure provides both a cultural history of Paris and a view of how he assimilated himself there By interweaving fictional representations of Paris and Parisians with historical narrative Paris of the imagination is blended with the topography of the city described by Victor Hugo as this great phantom composed of darkness and light This original treatment of the belle poque is couched in language accessible to all who wish to explore Paris on foot or from an armchair

The First Cold War Barbara Emerson, 2024-05-30 Britain and Russia maintained a frosty civility for a few years after Napoleon's defeat in 1815 But by the 1820s their relations degenerated into constant acrimonious rivalry over Persia the Ottoman Empire Central Asia the Great Game and towards the end of the century East Asia *The First Cold War* presents for the first time the Russian perspective on this game drawing on the archives of the Tsars Imperial Ministry Both world powers became convinced of the expansionist aims of the other and considered these to be at their own expense When one was successful the other upped the ante and so it went on London and St Petersburg were at war only once during the Crimean War But Russophobia and Anglophobia became ingrained on each side as these two great empires hovered on the brink of hostilities for nearly 100 years Not until

Britain and Russia recognised that they had more to fear from Wilhelmine Germany did they largely set aside their rivalries in the Anglo Russian Convention of 1907 which also had major repercussions for the balance of power in Europe Before that came a century of competition diplomacy and tension lucidly charted in this comprehensive new history *India's Grand Strategy* Kanti Bajpai, Saira Basit, V. Krishnappa, 2014-08-07 As India prepares to take its place in shaping the course of an Asian century there are increasing debates about its grand strategy and its role in a future world order This timely and topical book presents a range of historical and contemporary interpretations and case studies on the theme Drawing upon rich and diverse narratives that have informed India's strategic discourse security and foreign policy it charts a new agenda for strategic thinking on postcolonial India from a non Western perspective Comprehensive and insightful the work will prove indispensable to those in defence and strategic studies foreign policy political science and modern Indian history It will also interest policy makers think tanks and diplomats

A Frozen Field of Dreams, Science, Strategy, and the Antarctic in Norway, Sweden, and the British Empire, 1912-1952 Peder William Chellew Roberts, 2010 The dissertation examines how actors in Norway Sweden and the British Empire conceived the Antarctic as a space for science during the years 1912 to 1952 Instead of tracing a narrative of enlightenment how science became the dominant form of activity in the Antarctic I examine a series of episodes with particular attention to why particular kinds of science held sway within specific political cultural and economic contexts Concerned more with how Antarctic science was planned and justified than how it was executed in the field the project draws upon recent scholarship in geography and geopolitics as well as the history of exploration The six case studies involve an aborted Anglo Swedish Antarctic expedition in 1912 Britain's interwar Antarctic whaling research program debates among whaling magnates and their associates over the relationship between Antarctic science and whaling in interwar Norway the culture of polar exploration that emerged at Cambridge and to some extent Oxford between the world wars the approach to polar exploration and quantitative glaciology pioneered by the Swedish geographer Hans Ahlmann and the complicated history of the Norwegian British Swedish Antarctic Expedition 1949-52 I conclude with an epilogue arguing that the rise of international science in the Antarctic during the 1950s reflected the geopolitical dynamics of the Cold War rather than the triumph of science over politics

The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24 Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain's role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocal attempts to avoid political controversies and London's contribution to humanitarian

aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s

Bureaucracy, Belonging, and the City in North India Michael S. Dodson, 2020-04-15 This book is a re evaluation of modern urbanism and architecture and a history of urbanism architecture and local identity in colonial north India at the turn of the twentieth century Focusing on Banaras and Jaunpur two of northern India s most traditional cities the book examines the workings of colonial bureaucracy in the cities and argues that interactions with the colonial state were an integral aspect of the ways that Indians created a sense of their own personal investment in the city in which they lived The book explores the every day and the mundane to better understand the limits of British colonial power and the role of Indians themselves in the making of the modern city Based on highly localized archival source material the author analyses two key aspects of city making in this era the building of new infrastructure such as water supply and sewerage and new policies governing historical architectural conservation The book also incorporates an ethnography of contemporary urban space in these cities to advocate for a more nuanced and responsible approach to writing the history of such cities and to address the myriad problems of present day north Indian urbanism Containing examples of bureaucratic procedure and its contradictions and enlivened by a set of personal reflections and narratives of the author s own experiences this book is a valuable addition to the field of South Asian Studies Asian History and Asian Culture and Society Colonial History and Urban History

Flora's Empire Eugenia W. Herbert, 2012-01-31 Like their penchant for clubs cricket and hunting the planting of English gardens by the British in India reflected an understandable need on the part of expatriates to replicate home as much as possible in an alien environment In Flora's Empire Eugenia W Herbert argues that more than simple nostalgia or homesickness lay at the root of this garden imperialism however Drawing on a wealth of period illustrations and personal accounts many of them little known she traces the significance of gardens in the long history of British relations with the subcontinent To British eyes she demonstrates India was an untamed land that needed the visible stamp of civilization that gardens in their many guises could convey Colonial gardens changed over time from the garden houses of eighteenth century nabobs modeled on English country estates to the herbaceous borders gravel walks and well trimmed lawns of Victorian civil servants As the British extended their rule they found that hill stations like Simla offered an ideal retreat from the unbearable heat of the plains and a place to coax English flowers into bloom Furthermore India was part of the global network of botanical exploration and collecting that gathered up the world s plants for transport to great imperial centers such as Kew And it is through colonial gardens that one may track the evolution of imperial ideas of governance Every Government House and Residency was carefully landscaped to reflect current ideals of an ordered society At Independence in 1947 the British left behind a lasting legacy in their gardens one still reflected in the design of parks and information technology campuses and in the horticultural practices of home gardeners who continue to send away to England for seeds
