Sachsman, 2017-09-08 A Press Divided provides new insights regarding the sharp political divisions that existed among the newspapers of the Civil War era These newspapers were divided between North and South and also divided within the North and South These divisions reflected and exacerbated the conflicts in political thought that caused the Civil War and the political and ideological battles within the Union and the Confederacy about how to pursue the war In the North dissenting voices alarmed the Lincoln administration to such a degree that draconian measures were taken to suppress dissenting newspapers and editors while in the South the Confederate government held to its fundamental belief in freedom of speech and was more tolerant of political attacks in the press This volume consists of eighteen chapters on subjects including newspaper coverage of the rise of Lincoln press reports on George Armstrong Custer Confederate women war correspondents Civil War photojournalists newspaper coverage of the Emancipation Proclamation and the suppression of the dissident press This book tells the story of a divided press before and during the Civil War discussing the roles played by newspapers in splitting the nation newspaper coverage of the war and the responses by the Union and Confederate administrations to press criticism *Crazy Horse and Custer* S. Nothing but Courage James Donovan,2025-05-27 From the bestselling author of Shoot for the Moon and A Terrible Glory comes the dramatic story of the courageous paratroopers and glidermen of the 82nd Airborne who risked their lives to seize and secure a small centuries old bridge in France that played a pivotal role in the success of D Day In June 1944 German and American forces converged on an insignificant bridge a few miles inland from the invasion beaches If taken by the Nazis the bridge might have gone down in history as the reason the Allies failed on D Day The narrow road over it was each side s conduit to victory Continued Nazi control over the bridge near an old manoir known as La Fi re one of only two bridges in the region capable of supporting tanks and other heavy armor would allow the Germans to reinforce their defenses at Utah Beach one of the five landing areas chosen for Operation Overlord the Allied invasion of Nazi held Europe But because control of the bridge was also essential to moving U S troops inland and off the beach it could not simply be destroyed it had to be taken and held by the Allies This was part of the formidable mission of the 82nd Airborne whose lightly armed but superbly trained troopers had dropped behind and into German lines five hours before the seaborne assault on Utah While blocking enemy reinforcements they had to seize and secure avenues of approach from the beaches to the interior of Normandy including two bridges over the modest Merderet River and the key crossroads village of Sainte M re glise Failure would give Hitler enough time and the opportunity to build up the resources necessary to defeat the invasion and turn the tide for the Nazis The village was taken early on D Day and the 82nd endured repeated attacks by much larger German forces But the bridge at La Fi re became a bloody three day standoff against tanks and artillery that culminated in a near suicidal charge across it and the narrow 500 yard causeway beyond straight into the teeth of a fierce German defense ordered to hold it to the last man
