Developing A Contextualized Church As A Bridge To Christianity In Japan:

Developing a Contextualized Church as a Bridge to Christianity in Japan Mitsuo Fukuda,1992 **Theology of Culture in a Japanese Context** Atsuyoshi Fujiwara,2012-07-01 The Christian faith has always stood in a place of tension between its transcendent nature and the surrounding culture On the one hand Christian faith claims to originate in the revelation of God which transforms culture itself On the other hand all such revelation is inevitably received and interpreted by humans in concrete situations It is no exaggeration to say that two millennia of church history have continually demonstrated the struggle between Christian faith and culture In an effort to address this struggle this book explores relevant issues pertinent to the relationship between faith and culture in the particular context of Japan In this unique work the context of Japan well known as a desolate swamp for Christian missions provides the setting for a re exploration of issues pertaining to theology of culture As such Japan provides both a concrete and challenging context to work out a theology of culture This book also helpfully illuminates for Western readers some key problems that may not have appeared fully in their contexts yet but will do so as the post Christendom era continues *Developing Indigenous Leaders* Paul H. De Neui,2013-06-01 Every movement is only one generation from dying out Leadership development remains the critical issue for mission endeavors around the world How are leaders developed from the local context for the local context What is the role of the expatriate in this process What models of hope are available for those seeking further direction in this area particularly in mission to the Buddhist world of Asia To answer these and several other questions SEANET proudly presents the tenth volume in its series on practical missiology *Developing Indigenous Leaders Lessons in Mission from Buddhist Asia* Each chapter in this volume is written by a practitioner and a mission scholar The ten authors come from a wide range of ecclesial and national backgrounds and represent service in ten different Buddhist contexts of Asia With biblical integrity and cultural sensitivity these chapters provide honest reflection insight and guidance There is perhaps no more crucial issue than the development of dedicated indigenous leaders who will remain long after missionaries have returned home If you are concerned about raising up leaders in your ministry in whatever cultural context it may be this volume will be an important addition to your library *Leadership in Japanese House Churches* Simon Cozens,2011 This study provides a survey of Japanese house church leaders coupled with sociological analysis of leadership patterns in Japan focused primarily on the leadership of voluntary organisations and a historical review of house church movements to determine the form and function of leaders and leadership within these movements The key findings were that leadership is a function and not a role is often coterminous with disciple making and can be characterized primary in terms of the maintenance of group cohesion

Multiplying Churches in Japanese Soil John Wm. Mehn,2017-10-18 Hope and Strategy for Multiplying Churches in Japan's Unreached Fields Since the beginning of missionary efforts in Japan in the sixteenth century the Japanese church has experienced periods of quiet flourishing and periods of intense persecution Arguably however it has never managed to take

root as a truly indigenous church despite great effort toward that aim In *Multiplying Churches in Japanese Soil* John Mehn asks the question Why What factors have contributed to the Japanese remaining largely unreached Mehn examines the current state of affairs and then with some careful analysis and case study delves into effective models and leadership for planting churches in Japan that not only grow but are also equipped to reproduce and multiply Within these pages discover mission strategy kingdom perspective and hope for the church in Japanese soil Pneumatology Veli-Matti

Restored to Freedom from Fear, Guilt, and Shame Paul H. De Neu, 2017-06-01 Lessons from the Buddhist World SEANET proudly presents Restored to Freedom from Fear Guilt and Shame volume 13 in its series on intercultural and inter religious studies These three cultural orientations impact the shaping and expression of worldview While all are present to a certain extent in every context this volume draws from the expressions and insights found from within the Buddhist world Understanding orientations differing from our own helps us understand more of ourselves part of the enrichment resulting in the process of encounter We require the lens of the world in order to better recognize our own cultural blindness We use the word restoration believing that it is God s purpose to restore all that was lost through fear guilt and shame back to the original status of power honor and innocence through reconciliation on all levels This volume is for all who seek restoration to freedom for self and others *Gift and Duty* Paul H. De Neu, 2017-12-21 Is the Christian concept of grace anathema to the social structure of merit making found in Buddhist karmic communities Are all Buddhist forms of merit making purely for religious purposes to assuage cosmic consequences or are there other reasons Are there not Christian churches who operate under a legalistic view of God s divine wrath and are in essence living as karmic communities of the Christian type The result of discussions about these and other questions is the volume you now hold in your hand SEANET proudly presents what is number 14 in its series of missiological reference texts Gift and Duty Where Grace and Merit Meet Each of the ten authors

presented here represent a particular perspective both Christian and Buddhist that can inform the other The goal of this volume is to lead to a deeper understanding of the significance of diverse religious and cultural perspectives *Doctoral Dissertations on Asia* ,1993 *American Doctoral Dissertations* ,1992 **Religion in Japanese Daily Life** David C. Lewis,2017-09-22 Are Japanese people religious and if so in what ways David Lewis addresses this question from the perspective of ordinary Japanese people in the context of their life cycles and explores why they engage in religious activities He not only discusses how Japanese people engage in different religious practices as they encounter new events in their lives but also analyses the attitudes and motivations behind their behaviour Activities such as fortune telling religious rites in the workplace ancestral rites and visits to shrines and temples are actually engaged in by many people who view themselves as non religious but express their motivations in terms other than the conventional religious ones This book outlines the religious options available and assesses why people choose particular religious activities at various times in their lives or in specific circumstances The author challenges some widespread assumptions about religion in urban and industrial contexts and also shows how some of the underlying motivations behind Japanese behaviour are expressed both in religious and non religious forms
