Heart Failure Mariell L. Jessup, Evan Loh, 2003-03-10. Leading practitioners from the University of Pennsylvania review all aspects of heart failure diagnosis and management with a particular emphasis on office-based ambulatory care. Following the problem-solving steps used in an office-based practice, the authors provide extensive coverage of the presenting signs and symptoms of heart failure as well as the tools with which to evaluate left ventricular function, hemodynamics, and exercise performance. They also discuss the complex evidence-based therapeutic options for treating patients with dyspnea, fatigue, or edema following the new ACC/AHA heart failure guidelines that are specifically and directed at targeted symptoms.
