The Age of Sharing Nicholas A. John, 2017-09-05 Sharing is central to how we live today it is what we do online it is a model of economic behaviour and it is also a type of therapeutic talk Sharing embodies positive values such as empathy communication fairness openness and equality The Age of Sharing shows how and when sharing became caring and explains

how its meanings have changed in the digital age But the word sharing also camouflages commercial or even exploitative relations Websites say they share data with advertisers although in reality they sell it while parts of the sharing economy look a great deal like rental services Ultimately it is argued practices described as sharing and critiques of those practices have common roots Consequently the metaphor of sharing now constructs significant swathes of our social practices and provides the grounds for critiquing them it is a mode of participation in the capitalist order as well as a way of resisting it Drawing on nineteenth century literature Alcoholics Anonymous the American counterculture reality TV hackers Airbnb Facebook and more The Age of Sharing offers a rich account of a complex contemporary keyword It will appeal to students and scholars of the internet digital culture and linguistics
