### **The SAGE Deaf Studies**

**Encyclopedia** Genie Gertz,Patrick Boudreault,2016-01-05 The time has come for a new in depth encyclopedic collection of articles defining the current state of Deaf Studies at an international level and using the critical and intersectional lens encompassing the field The emergence of Deaf Studies programs at colleges and universities and the broadened knowledge of social sciences including but not limited to Deaf History Deaf Culture Signed Languages Deaf Bilingual Education Deaf Art and more have served to expand the activities of research teaching analysis and curriculum development The field has experienced a major shift due to increasing awareness of Deaf Studies research since the mid 1960s The field has been further influenced by the Deaf community s movement resistance activism and politics worldwide as well as the impact of technological advances such as in communications with cell phones computers and other devices A major goal of this new encyclopedia is to shift focus away from the Medical Pathological Model that would view Deaf individuals as needing to be fixed in order to correct hearing and speaking deficiencies for the sole purpose of assimilating into mainstream society By contrast The Deaf Studies Encyclopedia seeks to carve out a new and critical perspective on Deaf Studies with the focus that the Deaf are not a people with a disability to be treated and cured medically but rather are members of a distinct cultural group with a distinct and vibrant community and way of being

### **Handbook of School Violence and School Safety**

Shane Jimerson,Amanda Nickerson,Matthew J. Mayer,Michael J. Furlong,2012-03-12 The Handbook of School Violence and School Safety International Research and Practice has become the premier resource for educational and mental health professionals and policymakers seeking to implement effective prevention and intervention programs that reduce school violence and promote safe and effective schools It covers the full range of school violence and safety topics from harassment and bullying to promoting safe secure and peaceful schools It also examines existing school safety programs and includes the multi disciplinary research and theories that guide them Examinations of current issues and projections of future research and practice are embedded within each chapter This volume maps the boundaries of this rapidly growing and multidisciplinary field of study Key features include Comprehensive Coverage The chapters are divided into three parts Foundations Assessment and Measurement Prevention and Intervention Programs Together they provide a comprehensive review of what is known about the types causes and effects of school violence and the most effective intervention programs that have been developed to prevent violence and promote safe and thriving school climates Evidence based Practice Avoiding a one size fits all approach to prevention and intervention the focus throughout is on the application of evidence

based practice to address factors most commonly associated with school violence and safety Implications for Practice Each chapter bridges the research to practice gap with a section delineating implications for practice of the foregoing research Chapter Structure To ensure continuity and coherence across the book each chapter begins with a brief abstract and ends with a table showing the implications for practice International Focus Acknowledging the fact that school violence and safety is a global concern this edition has increased its focus on insights learned from cross national research and practice outside the USA Expertise The editors and authors are experienced researchers teachers practitioners and leaders in the school violence field their expertise includes their breadth and depth of knowledge and experience bridging research policy and practice and representing a variety of international organizations studying school violence around the world

**Proceedings of the 3rd International Conference on Social Science, Humanity and Public Health, ICoSHIP 2022, 05-06 November 2022, Banyuwangi, East Java, Indonesia** Alfi Hidayatu Miqawati,Adriadi Novawan,Fitri

Wijayanti,Dewi Kurniawati,2023-01-13 The conference proceedings provided a setting for discussing recent development in a wide variety of topics and areas including social science and humanities The theme of the 3rd International Conference on Social Science Humanity and Public Health ICoSHIP 2022 was Recover Together Recover Stronger Increasing Resiliency and Stability in The Fields of Social Sciences Humanities and Public Health All of the papers have been checked through rigorous reviews and processes to meet the requirements of the publication and maintain the quality **Victimology** Rejani Thudalikunnil Gopalan,2022-10-27 The term victim refers to a person harmed injured or killed as a result of a crime accident or other event or action Victimology focuses on the victimization in terms of psychological effects impact on criminal justice system and new policies and it is a major aspect in the area of forensic field Victimization can occur due to abuse assault maltreatment war terrorism crimes and it can happen in different settings like home school and public In the past more emphasis was given to perpetrators and various theories tried explain the behavior of perpetrator and their offences Recently researchers started focusing different aspects of victimology and explored risk factors for becoming victim reasons for repeated victimization and forensic psychological and social dimensions of victims and consequences of victimization But there is a need for new theories and researches to have more thorough understanding of victimization The field of criminology dealt with crimes and various theories has developed to explain why crime occurs and more focused on perpetrators A crime involves perpetrator and victim and not much attention has been given to the victim until recently What happens to a victim what are the psychological and social consequences of a harmful act to a victim vulnerabilities to become a victim are getting serious attention now a days and started influencing the criminal justice system The psychological and social impacts of victimization may be a short or long duration but the impacts cannot be ignored The legal remedies and psychological healings are important aspects of victimization While considering these factors the book would be focusing on origin and scope of victimology different types of victimization such as sexual abuse domestic violence maltreatment cyber

crimes war and terrorism natural calamities victimization at school and work place human trafficking crime against persons crime against property white collar crime elder abuse victim with disabilities secondary victim and re victimization and its psychological impacts and related issues The book would also focus on victimology and forensic factors and its influence on criminal justice system in addition to the psychological management of victimization
