Developing Reading Comprehension:

Developing Reading Comprehension Paula J. Clarke, Emma Truelove, Charles Hulme, Margaret J. Snowling, 2013-12-04

Developing Reading Comprehension In recent years the debate about teaching young children to read has tended to focus upon equipping them with the crucially important knowledge and skills they need to read words accurately in and out of context that is to say teaching them how the alphabet works for reading and spelling While such knowledge and skills are essential more is required for children to become literate fluent readers who understand what they read In short the goal of reading is comprehension This book scrupulously examines the obstacles to reading comprehension and exemplifies what can be done to help children overcome them It is an important and timely contribution to securing high quality teaching of the range of attributes children need to become fully fledged readers Sir Jim Rose CBE The studies by Professors Charles Hulme and Maggie Snowling and their team over two decades based around the Reading Intervention Programme are the most sustained comprehensive and rigorous research series on reading yet conducted in the UK Their increasing focus on children who experience the most difficulty in reading is exactly where attention should be directed This volume summarises the team's achievements to date and is most eagerly awaited Greg Brooks Emeritus Professor of Education University of Sheffield Member of European High Level Group of Experts on Literacy Developing Reading Comprehension presents a landmark study from the top research team in the UK on how to improve reading comprehension It's an exemplary masters level textbook written with undergraduate level lucidity and approachability Colin Harrison Emeritus Professor of Literacy Studies in Education University of Nottingham A significant minority of children aged 7-11 despite being able to read fluently and accurately have difficulty extracting meaning from text This detailed guide offers three evidence based intervention programmes drawn from the cutting edge of educational psychology for improving the reading skills of children in this group It includes a definitive introduction to the characteristics of the poor comprehender profile and explains how to monitor and assess students' experiences and learning outcomes With invaluable strategies for teachers psychologists and special educational needs coordinators the book will help professionals to support learners in their efforts to explore the full richness of language and to read with real understanding

Developing Reading Comprehension Katherine A. Dougherty Stahl, Georgia Earnest Garcia, 2015-02-18 Early literacy instruction typically emphasizes foundational skills often at the expense of engaging young children in reading and supporting their comprehension of different types of texts This book explains the essential elements of comprehension and shares a wealth of classroom tested instructional practices It presents developmentally informed strategies for scaffolding comprehension skills using content to promote engagement and implementing high level discussions and writing tasks Ways to teach and assess English learners and other diverse students are highlighted throughout The book features explicit links to the Common Core State Standards CCSS as well as helpful reproducible forms Purchasers get access to a Web page where they can download and print the reproducible materials in a
