

principal balance exceeds \$.

Should you have any contracts which are in excess of \$, then you are entitled to charge any amount of interest which the parties agree to in writing. You should note, however, that this section is scheduled to be repealed on , although it is likely that the Legislature re-enacted the statute prior to adjourning. I will attempt to determine whether this has in fact occurred, but do not rely on Code after , until we have verified that it has been re-enacted.

A couple of other provisions which may be relevant are Code . The first code section deals with partial payments. Under this section, when partial payments are made, they must be applied first to accrued interest and then to principal unless the parties agree otherwise in writing. The second provision cited deals with late charges. Under this code section, a late payment charge is not to exceed \$ or four percent (4%) of the amount of any delinquency, whichever is greater, may be contracted for in writing and will not be deemed a portion of the finance charge. However, under this statute, the late charge cannot be assessed unless the delinquency is more than 15 days past due. Also, the late charge may not be collected more than one time on a specific installment. Where the loan is less than \$ and has a maturity of five years or less, late charge cannot exceed \$.

I hope that this information and these statutes will be of assistance to you. If after reviewing the statutes, you have any questions or desire to discuss these matters further, please do not hesitate to contact me.

Sincerely,

Black Greek-Letter Organizations in the 21st Century

Gregory S. their most important work lies ahead Black Greek-Letter Organizations 2.0 Matthew W. Hughey, Gregory S. Parks, 2011-02-18 At the turn of the twentieth century black fraternities and sororities also known as Black Greek Letter Organizations BGLOs were an integral part of what W E B Du Bois called the talented tenth This was the top ten percent of the black community that would serve as a cadre of educated upper class motivated individuals who acquired the professional credentials skills and capital to assist the race to attain socioeconomic parity Today however BGLOs struggle to find their place and direction in a world drastically different from the one that witnessed their genesis In recent years there has been a growing body of scholarship on BGLOs This collection of essays seeks to push those who think about BGLOs to engage in more critically and empirically based analysis This book also seeks to move BGLO members and those who work with them beyond conclusions based on hunches conventional wisdom intuition and personal experience In addition to a rich range of scholars this volume includes a kind of call and response feature between scholars and prominent members of the BGLO community News Letter United States.
